Item No

- 12 Update on Greater Manchester Population Health Outcomes Framework and Common Standards and the Oldham Care Outcomes Framework – additional appendix (Pages 1 - 4)
- 13 Children's Health and Wellbeing (Pages 5 - 8)

Outcomes	Indicators
A1: Children have the best start in life	School readiness: the percentage of children achieving a good level of development at the end of reception
	Infant Mortality (under 1 years old) (also NHSOF 1.6.i)
	Child mortality (1 to 17 years)
	Proportion of five year old children free from dental decay
A2: Thriving communities which promote, support and enable good physical and mental health and wellbeing	Hip fractures in people aged 65 and over (aged 65-79)
	Fuel poverty
	Social isolation: percentage of adult social care users who have as much social contact as they would like
	Social isolation: percentage of adult carers who have as much social contact as they would like
A3: Individuals and families are empowered to take control of their health.	Percentage of adults (aged 18+) classified as overweight or obese [<i>current method assumed</i>]
	Child excess weight in 4-5 and 10-11 year olds (4-5 year olds)
	Child excess weight in 4-5 and 10-11 year olds (10-11 year olds)
	Smoking prevalence in adults – current smokers (APS)
	Population vaccination coverage – Flu (aged 65+)
A4: Everyone has the opportunity and support to improve their health and wellbeing, including the most disadvantaged.	Healthy life expectancy at birth (male)
	Healthy life expectancy at birth (female)
	Education Health and Care Plans issues within 20 weeks (SEND)

B1: People dying early from preventable causes	Under 75 mortality rate from cardiovascular diseases considered preventable
	Under 75 mortality rate from cancer considered preventable
	Recorded versus expected prevalence of diabetes
B2: Find and treat people with undiagnosed conditions	Cervical cancer screening - Females aged 25-64 years: Attendance within target period (3.5 or 5.5 year coverage, %)
	Breast cancer screening in last 36 months - Females aged 50-70 years (3 year coverage, %)
	Bowel cancer screening in last 30 months - Persons aged 60-74 years (2.5 year coverage, %)
B3: Support people to self-manage and self-care where appropriate	Appropriate prescribing of antibiotics in primary care
	Emergency admissions for acute conditions that should not usually require hospital admission
	Diabetes (type-2) patients that have achieved all the NICE-recommended treatment targets.
B4: Ensure mental health is central to good health and as important as physical health	Improving access to psychological therapies - access
	Children and Young People (CYP) receiving treatment from NHS funded community services as a proportion of the CYP population with a diagnosable mental health disorder
	Dementia care planning and post-diagnostic support

C1: Access to the right care at the right time	Percentage of patients admitted, transferred or discharged from A&E within 4 hours
	GP patient survey: % who describe their experience of making an appointment as good
	A maximum 2 month (62 day) wait from urgent referral for suspected cancer to the first definitive treatment for all cancers
C2: Individuals and families have the best experience possible when using services.	Overall satisfaction of people who use services with their care and support (%)
	Friends and family test
C3: Individuals and families have access to high quality treatment and care.	GP patient survey: % who describe their overall experience of the surgery as good
	All services in top 2 categories of quality ratings schemes (CQC/Ofsted)
C4: Health and care system is financially sustainable	Financial control total achieved

BRIEFING TO OLDHAM HEALTH AND WELLBEING BOARD

BRIEFING TO THE HEALTH AND WELLBEING BOARD

Oldham: A Place where Children and Young People Thrive

Establishing a Children and Young People's Strategic Framework

Report Author: Ed Francis Assistant Director of Safeguarding and Partnerships

Date: 26th June 2018

Requirement from the Health and Wellbeing Board:

- a) The Health and Wellbeing Board is asked to note and endorse the approach to establishing a strategic framework within which partners deliver on the ambition for Oldham to be a **'place where children and young people thrive'**.
- b) The Health and Wellbeing Board is asked to approve the proposal to establish the Children and Young People's Strategic Partnership Board.

1. Background:

Oldham has a long history of working in partnership to improve outcomes for children and young people based on our understanding of local needs and priorities and in line with national drivers. The emergence of a distinct agenda for children and young people at a GM level and changing local context means that it is timely to revise Oldham's arrangements to ensure clarity of purpose and effective governance arrangements within an agreed strategic framework. The current partnership structure is fragmented and what was meant to be the overarching partnership body the Best Start in Life Partnership is no longer fit for purpose.

This report sets out the key aspects of Oldham's emerging strategic framework and identifies the role of the proposed Children and Young People's Strategic Partnership Board to deliver the ambition of Oldham being **'a place where children and young people thrive'**.

2. Developing the Strategic Framework:

A draft 'starter for 10' version of the framework sets out how Oldham's partner agencies intend to deliver the ambition for our children and young people and identifies how by working together our key organisations and most importantly our

children, young people and their families can create and sustain a great future where everyone has the chance to thrive wherever they live in the Borough and whatever challenges they might face.

In order to thrive we know it's essential that across the life course our children and young people -

- Are safe and feel safe
- Are as healthy as they can be including emotionally and mentally
- Enjoy growing up in Oldham and do well in the early years, school and college
- Have things to do and opportunities to contribute to their communities
- Are supported to make the successful journey into adulthood, work and independence

We know that for some living in Oldham achieving these outcomes will be more difficult for a variety of reasons including poverty. For children and young people with SEND and for those who are or have been in care or subject to abuse and neglect partners will work to ensure targeted and specialist support is directed to best effect.

The Health and Wellbeing Board is aware of many of the local challenges in achieving this vision some of which have existed for a long time. We are also aware of what our children and young people are telling us via survey and engagement work including **'a curriculum to prepare us for life'**. A new needs assessment is currently being scoped and this will begin to inform Oldham's new Children and Young People Strategy scheduled for the autumn.

Alongside the high level outcomes as set out above, the framework will set out the key commitments that Oldham partner agencies will make to children and young people such as –

- Every Oldham child will be supported to have the best start in life.
- Every Oldham child will be start school ready to learn.
- Every Oldham child will be prepared for adult life through their school education.
- Every Oldham child will be have the opportunity to study at a school rated good or better.
- Every Oldham child will be supported to achieve their ambitions for post-16 education.
- Every Oldham child will be offered the necessary protection and support if and when they need it.
- Every Oldham child will be supported to make their voice heard to help design and improve children and young people's services.
- Every Oldham child will be supported to enjoy being a part of and make a difference in their local community.

The draft framework sets out the current improvement programmes for the Borough all of which require partners working together

- Getting to Good' in Children's Social Care and Early Help
- SEND Improvement Programme
- Opportunity Area Programme
- Right Start 0 - 5 Programme
- Startwell Integration Programme
- Education Partnership Programme

Whilst these programmes have outcomes for children and young people as their focus the importance of support to families and carers is vital to ensure success. Alongside these programmes are those with a wider focus such as Health Improvement and our work to create Thriving Communities which will also have a significant impact.

It is intended the framework will also ensure alignment to the emerging GM landscape including the 10 priorities set out in the Greater Manchester Health and Wellbeing Framework for Children and Young People. The three top priorities in the GM Framework are;

early years and school readiness, mental health and resilience and the **prevention of avoidable hospital admissions**, all of which feature in local transformation programmes.

3. The Children and Young People's Partnership Board:

In previous years Oldham had a Children's Trust Board which evolved into the Best Start in Life Partnership. We now intend to establish the Children and Young People Strategic Partnership Board to bring partners together in a formal way to ensure delivery of our ambition.

The Partnership Board will oversee the progress in achieving our objectives and partners will support and challenge each other to ensure that collectively and as individual organisations our commitment to ensuring Oldham's children and young people thrive is relentless. In fulfilling its function, the Partnership Board will hold to account those thematic partnerships which have a particular area of improvement focus.

Whilst the Partnership Board will work alongside other key strategic partnerships within the Borough it will be accountable to the Health and Wellbeing Board.

In line with statutory requirements, Oldham Council has a Director of Children's Services and a Lead Member for Children's Services. Both these individuals will play a key role in driving success and be the lead representatives within the Greater Manchester governance structure for children and young people. The Lead Member will chair the Children and Young People Strategic Partnership Board and have reporting accountability to the Health and Wellbeing Board.

The Partnership Board will develop its own set of Key Performance Indicators drawn from existing KPI's across the system. Members of the partnership will play a crucial role in delivering our ambition and will represent statutory and non- statutory partner organisations.

4. Next Steps:

The next phase of activity is to involve partners in developing the framework more fully via a series of workshops which will also include children and young people. The framework will then be the basis on which the Children and Young People's Strategic Partnership Board establishes Oldham's strategy and associated action plan.

Alongside this it is intended to formally establish the Children and Young People's Strategic Partnership Board with agreed membership and terms of reference. A key objective for the board will be to ensure the child and young person's voice is evidenced in the discharge of its function and that ongoing engagement and co-production become embedded into partnership work.

5. Recommendations:

- c) The Health and Wellbeing Board is asked to note and endorse the approach to establishing a strategic framework within which partners deliver on the ambition for Oldham to be a **'place where children and young people thrive'**.
- d) The Health and Wellbeing Board is asked to approve the proposal to establish the Children and Young People's Strategic Partnership Board.
