7. Dunwood Park – Update on café building

Following a tender process, Pure Innovations have been selected to operate the café within the McGrother Building, Dunwood Park. They will provide a community focused café. Heads of terms have been agreed with the proposed operator and the Council's Legal Department is instructed to complete the new lease. Currently the building only has temporary planning permission to operate a café and this had expired. Pure Innovations have submitted a planning application for a permanent change of use to a café and the decision should be confirmed by the Planning Department towards the end of the year.

Also as required an application has been made to the Heritage Lottery Fund for their consent to this new letting and café operator. It is hoped that the new café will be open early in the New Year and Pure Innovations are looking forward to working with all the local groups and communities to promote the use of Dunwood Park and encourage further visitors to the park.

8. High Crompton Park update

- Initially all people who had expressed an interest in being involved with a HCP Group were contacted along with posters and social medial advertising people to join the newly forming FOHCP group; this was very well responded to.
- The next meeting has been scheduled for 21st January 2019 at 5:30pm where Action Together will be attending to support the group becoming fully constituted in order for them to progress and look at funding available.
- Cllr Diane Williamson has agreed that she will be the Chair for the first year, supporting the Vice-Chair to enable them to take over in the second year.
- The new operator of the HCP building (which will be named The Green) are proposing to transform the building into a café during the day time and a high-end bistro/eatery in the evenings.
- Full details of the lease are still being worked through with solicitors, however, it has been confirmed it will be a 250-year lease on the building and surrounding land.
- The Green café project is currently going through the planning process; however, a license has been granted for some works to take place to make the building safe and secure preventing any further damage over winter 2018. It is expected that the outcome from the full planning process will be (approx) March 2019, at which point the interior and further works required can commence.
- The operators have been and remain keen to work with anyone who may be affected or interested in the changes. The Friends Group are very much in support of this project and have built a good working relationship with the operators in a short time; with the operators offering to purchase the current bowling hut (porta cabin) for the High Crompton Bowlers and not least the proposal of new toilets which can be used by anyone enjoying the park not just customers of the cafe.
- The operators have a website which will be updated regularly including a newsletter which will be updated displayed the park noticeboards as updates are given.

9. Open Public Questions, Members Issues and Members update

9.1 Increase in burglaries at Business Premises:

10 local business owners attended tonight's meeting with concerns regarding the escalation of burglaries in Shaw, with some businesses having been burgled two or three times in a short period of time.

Issues discussed were:

- Businesses CCTV frustrated that Police had not been out to view this.
- Risk of businesses moving out of Shaw due to the continued targeting which would lead to a negative impact on the high street.
- High cost of repairs to damage and to replace stock
- Request for more visible Police patrols
- Weaknesses in CCTV – easy to disguise, cannot be everywhere, police resources in reviewing, quality.
- Rationale in having ANPR cameras in Shaw as appose to CCTV

Police Team advised that:

- Response Officers cover the area when the Neighbourhood Police Team (NPT) are not on shift and like the NPT, if they get a call elsewhere to a serious threat, then they have to go there
- Calls made to the Police are triaged then allocated out with highest priority given to immediate threat incidents.
- Oldham CID, who would be dealing with this, have had a massive increase in their workload and have to prioritise.
- Unfortunately no arrests have been made so far but additional work will be carried out over the weekend.

Actions agreed:

- 1. Sgt Ingham said he would ensure that someone comes out to speak to the business owner as soon as possible.**
- 2. Business Owners are going to set up a 'What's App' Group so that they can communicate between themselves.** Business owners signed in to the meeting and those that signed gave permission to share their information to start up a What's App Group with Helen Wright, Children's Society agreeing to set this up. This information would be emailed to Helen.
- 3. NBO Rob Fitzgerald also suggested that if businesses can afford to get their own CCTV, to go ahead.**
- 4. Business and Police to attend the next District Executive meeting in January to discuss progress of actions.**

9.2 Can anything be done regarding parking on Rochdale Road, outside the two take-aways?

Vehicles are parked on the pavement most nights from 4.30pm onwards and there are double yellow lines down.

Action: Will be added to Police Patrol plan and RF and LI will pay the area attention over the weekend.

JD to ask Parking Shop to attend the area and enforce parking restrictions (after 4.30pm)

9.3: Q George Street Playing Fields – Bridge has a large gap in the slats through damage which needs repairing

Action 9.1: JD to report the hole in the bridge at George Street Playing Fields

Members Issues

9.1 Cllr Sykes would like it noting that he has not been approached by GMP with any request for CCTV

9.2: Cllr DM – Crompton House School – The DE has written to the Chief Exec requesting financial assistance regarding parking permits and pupil allocations but have not received a reply.

Action 9.2: JD to follow up this matter with CEX office.

9.3: Homeless people at Tesco and Asda – Have people been approached and assistance offered. Duty to refer has been done by GMP for two people thought to be homeless in Shaw. LF advised that the Night Shelter, Lees Road is now up and running.

Action 9.3: LC to send out the 'Where Can I Find' booklet to councillors and post some copies to Cllr HG

9.4: How do Asda enforce the disabled and mother/baby bays, can we find out and get some reassurances from Asda

Action 9.4: JD to ask Asda how they enforce parking in disabled and mother/baby bays

9.5: Moor Street ambulance site – Can we chase up the developer and see how this is progressing

Action 9.5: JD to contact developer of Moor Street ambulance site and request details of how this site is progressing

9.6: Cllr HS informed the meeting that people in need can access free crisis furniture packs from Bulky Bobs. There followed a discussion regarding how people access this service and other support. This is through any frontline help service, eg. Citizens Advise, Salvation Army, Early Help, Contact Centre, housing providers, Welfare Benefits Service etc. This ensures that wherever a resident enters the system that there is a 'whole person' approach taken and not just solving one small problem.
