Reason for Decision

The report provides Cabinet with an update on the Council's 2018/19 forecast revenue budget position at Annex 1 and the financial position of the capital programme as at 30 November 2018 (Month 8) together with the revised capital programme 2018/23, as outlined in section two of the report at Annex 2.

Executive Summary

Revenue Position

The current forecast outturn position for 2018/19 is a projected favourable variance of £0.145m after allowing for approved and pending transfers to and from reserves.

The most significant area of concern is the People and Place Portfolio, in the main due to the transfer of Children's Social Care into this area. An update on the major issues driving the projections within this Portfolio are detailed within Annex 1, paragraphs 2.9.11 to 2.9.17.

Action is being taken and will continue for the remainder of the financial year to address variances and take mitigating action as detailed in the report.

The overall corporate position is being managed by offsetting favourable variances, most noticeably from Capital, Treasury and Corporate Accounting budgets, in part caused by the anticipated cost of borrowing and capital financing being lower than budgeted and the

availability of additional Treasury Management income and unringfenced grants not allocated to service budgets.

Information on the Month 8 position of the Dedicated Schools Grant (DSG), Housing Revenue Account (HRA) and Collection Fund is also outlined in the report. There are no significant issues of concern in relation to the HRA and Collection Fund, however, the DSG continues to be an area which is facing a financial challenge with an increase in the projected year end deficit. Action is being taken with the aim of reducing the cumulative deficit and bringing the DSG towards a balanced position.

Capital Position

The report outlines the most up to date capital spending position for 2018/23 for approved schemes. The 2018/19 capital programme budget has been revised to £48.952m at the close of Month 8, a net decrease of £40.706m from the original budget of £89.658 and a reduction of £0.571m from the £49.523m reported at Quarter 2. Actual expenditure to 30 November 2018 was £24.637m (50.33% of forecast outturn).

It is probable that the forecast position will continue to change before the year end with additional re-profiling into future years.

The Month 8 Revenue Monitor and the Capital Investment Programme 2018/19 report was presented to the Overview and Scrutiny Performance and Value for Money Select Committee on 24 January 2019 to accompany the suite of 2019/20 budget reports. The Select Committee was content to note the report and commend it to Cabinet for approval.
