Broomes Park, Chadderton (Drainage Scheme) – Budget Increase and Implications

Decision (s)

Formalise the additional budget required for the above scheme through additional Grant in Aid funding secured through the Environment Agency and resources in the transport capital programme.

Exempt/Confidential Report		No
Key Decision		No

Reasons for the decision(s)

A drainage scheme within the Transport Capital Programme ‘Broomes Park, Chadderton’ is currently on-site (since March 2019). The purpose of the scheme has been to install new drainage infrastructure along Broomes Park and Hunt Lane to alleviate historical flooding issues to properties on Broomes Park. The scheme is well advanced but has hit several difficulties. This has resulted in the scheme contingency being used in full and the need for additional budget to be secured which is the subject of this report.
