Anti-social behaviour

Anti-social behaviour (ASB) includes a range of issues. Behaviour can be anti-social because it is capable of causing nuisance or annoyance to both individuals and the wider community.

Within the Borough of Oldham we have a strong partnership led approach to tackling ASB and the causes of it preventing it from reoccurring. This partnership approach includes police, local authorities and social landlords. These agencies have wide ranging powers to effectively tackle this problem.

Chief Superintendents Good Work Minute Award – Pcso Mark Ravenscroft

Congratulations to Failsworth Pcso Mark Ravenscroft

Pcso Mark Ravenscroft was awarded a 'Chief Superintendents Good Work Minute', in recognition of the actions he took following a report of an elderly male being in the canal at Failsworth.

Mark immediately made his way to the location to find the gentleman up to his waist in cold canal water. He was infirm and unable to help himself, having heart issues and diabetes. With the aid of the person who made the call to the police Pcso Ravenscroft quickly pulled the man from the water and tended to him, keeping him as warm as possible until the ambulance arrived.

There is no doubt that that Marks prompt actions prevented an already bad situation from deteriorating into a far more serious incident.

DON'T GIVE THIEVES SHED LOADS OF OPPORTUNITIES

Many people take steps to secure their homes but leave valuable equipment in sheds, providing easy pickings for opportunist thieves. Most garden sheds are not designed for safe storage, however you can help make them less vulnerable by following the advice below.

PERIMETER SECURITY

Good rear garden fences or hedges coupled with a secure side gate will help protect your home. Growing prickly bushes next to fences and walls can deter trespassers.

Look at varieties such as pyracantha, hawthorn, holly etc.

OUTSIDE LIGHTING

Good lighting can draw attention to a thief. The most appropriate form of lighting is high efficiency low-energy lighting, controlled by a dusk to dawn switch. This provides a constant and uniform level of light.

It costs very little to run and helps to create a more reassuring environment.

SCREW HEADS

Smear glue over the heads of screws or use a drill to damage the screw head in external hinges to prevent a thief unscrewing them.

Alternatively replace with clutch head, anti-tamper or coffin screws.

HINGES

Ensure your shed has strong door hinges. Coach bolts fixed with a steel plate and placed on the inside can support your shed door.

WINDOWS

Fit internal bars or grills over windows.

LOCKS

Choose a 'hasp and staple' that is bolted to the door and frame for extra strength.

A closed shackle type padlock will reduce the risk of the lock being cut.

ALARMS

Install a shed alarm. Battery & mains powered alarms are commonly available in DIY stores.

PROPERTY

Ensure pedal cycles are locked to an anchor point. Use a good quality lock that has been tested against attack, such as a 'D' lock.

Look for 'Sold Secure' approved locks, gold rated devices offer the highest level of security.

Visibly and permanently mark property stored in sheds and garaged and record those that have serial numbers on www.immobilise.com

If possible store valuable power tools in your house.

GARDEN TOOLS

It is not unusual for burglars to use garden tools to break into properties.

Don't leave items such as spades, ladders etc, for the burglar to pick up.

DON'T BE LEFT OUT IN THE COLD THIS WINTER!

BE AWARE - At this time of the year we see a spike in certain types of crime and there are things you can do to prevent this, help us to help you.

With early mornings becoming colder and frostier, don't let yourself fall foul of car crime. Every year there is an increase in the number of Theft from Motor Vehicles and Theft of Motor Vehicles.

This is due to people leaving their vehicle unattended and unlocked with the engine running, to defrost the car, while they have their breakfast or get ready for work. Remember it only takes a matter of seconds to sneak in to an unattended vehicle, especially in the dark mornings.

The worst part of these crimes is that SOME INSURANCE COMPANIES DO NOT PAY OUT DUE TO NEGLIGENCE. It isn't worth the risk!

It might take an extra 5 minutes to get to work by defrosting your vehicle, but at least you are not risking losing it.

Peak times are between 07:00am and 09:00am

Peak days are Monday and Tuesdays.

Please do not leave vehicles unattended with the keys in the ignition while you defrost the car. Every year we have numerous reports of opportunistic thieves stealing vehicles left this way.

BE AWARE – YOUR INSURANCE MAY NOT PAY OUT IF YOU LEAVE THE KEYS IN THE IGNITION AND THE VEHICLE UNATTENDED

At this time of year our homes are even more vulnerable than at any other times of the year. There are members of our society who want to take what you have worked hard for all year. The lead up to Christmas provides criminals with opportunities to steal;

As it gets dark in the mid- afternoon, it is obvious to all that nobody's at home. The lights are off, the TV. isn't on and the curtains are open.
