Anti-social behaviour

Anti-social behaviour (ASB) includes a range of issues. Behaviour can be anti-social because it is capable of causing nuisance or annoyance to both individuals and the wider community.

Within the Borough of Oldham we have a strong partnership led approach to tackling ASB and the causes of it preventing it from reoccurring. This partnership approach includes police, local authorities and social landlords. These agencies have wide ranging powers to effectively tackle this problem.

This can be committed against a person or property.

A victim does not have to be a member of the group at which the hostility is targeted. In fact, anyone could be a victim of a hate crime.

Good arrest

A male aged 31 years has been arrested and charged following a burglary on Green Lane

GMP Failsworth & Hollinwood

In lower memorial park this week overnight on Tuesday a council shed was broken into.

At ten to three in the morning on Friday 30th September, offenders have tried to break into one of our shops. Gerry Shields bike shop near the old brown cow was targeted if anyone was going/coming home from work and happened to be passing.

A shed was broken into on the 28th September between 4pm and 8pm on station mews on hardman lane.

Overnight on the 28th September again, grassroots community centre was also targeted,

On 3rd October an offender has pulled up and stolen a workman's property. It happened at 1.50 in the afternoon!

Use strong security questions & answers to keep hackers away. Manchester student's e-mail and Facebook hacked as they knew her pet's name!

I think we have all been guilty of this before, I know I have done it in the past. On my phone I have downloaded a free password keeper to put the myriad of passwords we all have onto it. Someone else told me they just screen shot the password, that way at least when the password is hard to guess and gobbled gook, you can easily refer to it.

Seasonal threats

BE AWARE - At this time of the year we see a spike in certain types of crime and there are things you can do to prevent this, help us to help you.

Please do not leave vehicles unattended with the keys in the ignition while you defrost the car. Every year we have numerous reports of opportunistic thieves stealing vehicles left this way.

BE AWARE – YOUR INSURANCE MAY NOT PAY OUT IF YOU LEAVE THE KEYS IN THE IGNITION AND THE VEHICLE UNATTENDED

As Christmas approaches please think before you leave items on display in your vehicle. Lock presents away in the boot and plan your shopping so that the more expensive items are left till last when you will be going back to the car to go home. Opportunistic thieves are about especially at Retail Parks and shopping centre car parks.

DON'T GIVE THEM AN INVITATION TO RUIN YOUR CHRISTMAS

Houses left in darkness are far more attractive to a burglar than those which look occupied.

Light timers will help deter burglars while you are out.

Crime Prevention Advice continue

BE AWARE - At this time of the year we see a spike in certain types of crime and there are things you can do to prevent this, help us to help you.

At this time of year our homes are even more vulnerable than at any other times of the year. There are members of our society who want to take what you have worked hard for all year. The lead up to Christmas provides criminals with opportunities to steal;

As it gets dark in the mid- afternoon, it is obvious to all that nobody's at home. The lights are off, the TV. Isn't on and the curtains are open.

Light timers are easily available and can be set to turn lights on in rooms normally used at that time of day. The curtains can be left 2/3 open, making it harder to look in from outside. A second timer can turn a radio or second light on and off, giving the impression of movement around the house.

If you are home during the day please be vigilant and look after your neighbours.

Christmas present are often left on view at the foot of the Christmas tree.

Make sure that valuables and other attractive items, including keys, are not on view from outside the home.

Almost half of burglaries are committed without the need to cause damage to gain entry.

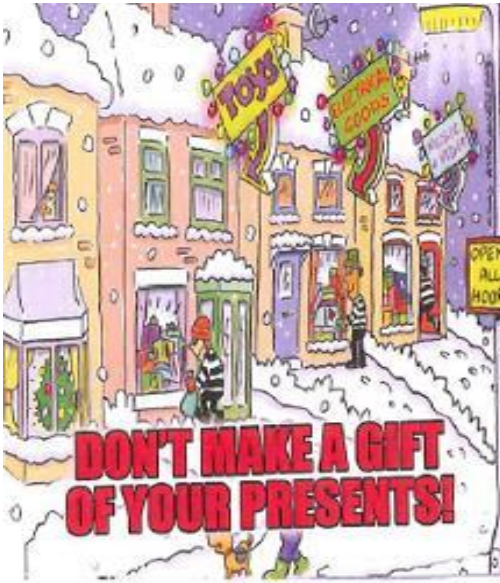

We are all busy at this time of year, but just take a few minutes to ensure that NO windows are left open, (even a small amount to allow cables in from exterior Christmas lights can be an invitation to a thief). Even when we are in the house, ensure that both back and front doors are locked. Criminals are relying on the fact that doors do not lock automatically when closed any more. Make it a habit ALWAYS when entering or leaving the home, to LOCK THE DOOR. This simple routine will stop almost half of the OFFENCES at our homes.

Be aware that the house insurance which is expensive, may be invalid if you have not made every effort to make YOUR PROPERTY secure.

- Remember to tell your neighbours that you will be away and ask them to keep an eye on the house. Cancel milk and papers.
 - Buy some timers for your lights, radio and TV so it looks as if you are at home. These can be picked up cheaply from any DIY store.
 - Remember to securely lock all doors and windows.
