4 PUBLIC QUESTION TIME

The following questions were received from Parish Councillor Louie Hamblett and replied to:-

Question 1

I have noticed that, despite the former market car-park being a year old, there is still a high volume of double yellow, taxi bay and bus stop parking continuing on both Market St and Farrow St east.

Whilst I understand that the majority of road users do this out of habit or unknowingly due to line fading especially on Farrow St east, this in itself can be for short periods of time however some can take up longer, especially peak times, and cause excess traffic. Will the Executive agree that a traffic warden may be required to do regular visits to help discourage any wrongful parking and will the this Executive seek to rectify any line fading or sign damage that that may not be visible, to inform drivers of where best to park.

Reply

The District Executive agreed that it would request that the lines and signs be inspected to see if any needed reinstating. It would also ask Highways to advise on any issues with regard to parking.

Question 2

With the recent announcement from TFGM and Metrolink's planned price hike, will this District Executive write to TFGM or perhaps the Mayor of GM to ask once again for the promise of the route to Piccadilly from Rochdale. If we in this area were

sold on the idea of a price freeze to later pay for the expansion is it not right that we "get what we pay for" and not the half-hearted service we are currently enduring.

Reply

The District Council agreed that it would write to TFGM and the Mayor for Greater Manchester as requested. The Rochdale-Piccadilly route was part of the original proposal in 1987 and had not been delivered. Fare prices were due to rise beyond the level of inflation and TFGM needed to deliver what it had promised.
