## A Guide and Summary of the Oldham Metropolitan Borough Council's Constitution

### The Aim of the Constitution

Oldham Metropolitan Borough Council has agreed a Constitution which sets out how the council operates, how decisions are made and the procedures that ensure these decisions are efficient, transparent and accountable to local people. Most of the procedures are required by law.

The Constitution is divided into 17 Articles which set out the basic rules governing the Council's business. More detailed procedures and codes of practice are provided in separate rules and protocols and the end of the document

You can see copies of the Constitution on the Council website, [www.oldham.gov.uk](http://www.oldham.gov.uk) via 'About the Council' and 'Council Constitution'.

The Council has a structure for decision-making. Under the arrangements, it is the responsibility of the Leader of the Council to determine the size and membership of the Cabinet. The Leader also determines the remit of each portfolio for the Cabinet Members.

The majority of decisions are taken by the Cabinet, either collectively or as Individual Cabinet Members in consultation with Officers or Officers under delegated under delegated powers, in accordance with budgetary and policy framework set by the full Council..

The Council has four Overview and Scrutiny Committees. These committees hold the Cabinet to account for its decisions undertake service reviews and make recommendations on future policy options.

Some functions such as Planning, and Licensing cannot by law be the responsibility of the Cabinet. Council committees undertake these non-Cabinet functions.

- Agrees policy framework; and
- Appoints the Leader, Membership of Committees and Outside bodies where non executive.

### What does the Cabinet do?

The Leader of the Council may determine to exercise any of the executive functions of the Council personally, or may arrange for the exercise of any of the Council's executive functions by;

- the Cabinet
- by a Committee of the Cabinet
- by a Member of the Cabinet in consultation with an Executive Director
- by an Officer of the Council
- Joint Committee

### Powers of the Cabinet

- Implement agreed policies
- Give political leadership
- Make key decisions
- Proposes policy framework
- Proposes the budget
- Makes recommendations to Council

### Key decisions and the Key Decision Document

When major decisions are to be discussed or made, these decisions are published by the Council in the Key Decision Document in so far as the decision can be anticipated. The plan is published each month. The plan briefly describes any key decisions likely to be made over the next four months, who will make them and what the consultation arrangements will be. Copies are available from Constitutional Services and can also be accessed on the Council's website, [www.oldham.gov.uk](http://www.oldham.gov.uk) via 'About the Council', 'Strategies, plans and policies', and 'Corporate planning'. Currently, the Cabinet make key decisions.

A key decision is a decision which is:

- any decision which is likely to result in a local Council incurring expenditure which is, or the making of savings which are, significant having regard to the local Council's budget for the service or function to which any decision relates; or
- to be significant in terms of its effects on communities living or working in the area comprising two or more wards in the area of the local Council.

Key Decisions cannot always be identified in advance. In exceptional circumstances, key decisions that are not on the Key Decision Document but can be displayed in the public domain for at least five clear days can be taken as long as the Chair of the relevant Overview and Scrutiny Committee is notified in advance of the decision being taken.

Reports containing information on a key decision are posted on the website at least five clear working days before the decision is taken.

If in exceptional circumstances a key decision is so urgent that it cannot be placed on the Key Decision Document or details of that decisions placed in public domain for at least five clear days, the Chair of the relevant Overview and Scrutiny Committee must agree the reasons for urgency before the decision can be taken. Such decisions are reported annually to the Council.

## The role of Overview and Scrutiny

The Council has four Overview and Scrutiny Committees. The Committees do not take any decisions in relation to the functions of the Council. Their role is to monitor anticipated decisions and decisions made by the Cabinet and make recommendations on the way services are provided. In summary:

- **Scrutiny Committees**  
Provide an opportunity for Councillors to examine Cabinet and Cabinet Member decision making by way of 'call in' and to look in detail at the performance of particular services.
- **Task and Finish Groups**  
Opportunity to undertake in depth analysis of the policies and practices of specific areas and identify areas for future policy development work.

The committees act as a check on the Cabinet by holding them to account for their decisions. They also review council policies and service delivery and play a major part in developing policy.

Members of the Cabinet may not be members of an Overview and Scrutiny Committee.

## Call In

A call in is a referral of a decision made but not yet implemented. Overview and Scrutiny Committees or two or more councillors may 'call-in' a decision made by the Cabinet or a decision made by a Member . The process allows the Overview and Scrutiny committee to reconsider a decision made which is an executive function. The committees can do this by:

- directly asking the decision-taker to reconsider; or
- Referring the matter to full council to debate whether the decision-taker should reconsider if outside the budget and policy framework.

Councillors / Overview and Scrutiny cannot use this procedure if the decision is urgent and needs to be implemented immediately.

## **Other council committees**

By law, some important council functions cannot be undertaken by the Cabinet and are the responsibility of the following committees:

### **Planning Committee:**

- Deals with applications for planning permission and related planning issues. The planning committee considers reports which must only contain relevant planning considerations.

### **Licensing Committee:**

- Makes decisions on policy for all licensing matters within the Borough.

### **The Audit Committee**

- Monitors the scope and adequacy of internal and external audit.

### **The Standards Committee**

Comprising seven Councillors, two Parish/Town Councillors and four independent persons, the Standards Committee aims to ensure that councillors maintain the highest ethical standards across all areas of the Council's services.

The Standards sub-committee can consider complaints against Councillors and decide any appropriate sanctions where a breach of the Code of Conduct for Councillors has been found.

### **The Appointments Committee**

Makes decisions on the appointment and dismissal of chief officers and any structure changes in the Senior Management Team and recommends to Council the appointment of Head of Paid Service.

## Appeals Committee

The Appeals Committee deals with appeals relating to employment dismissals , home to school transport and aids and adaptations which have not been delegated elsewhere to a committee or officer under relevant council approved policies and procedures.

## District Working

As part of making the co-operative borough a reality, the Council is continuing with its commitment to effective district working. The purpose behind this is to make sure that Councillors and partners with the greatest local knowledge and experience are involved in shaping services and decisions that affect local neighbourhoods.

Just as importantly our devolution programme is aimed at supporting local people to engage in prioritising, shaping and, in some cases delivering services. Without such involvement dependency on and demand for services is unlikely to change.

## Officers of the council

Officers serve the whole Council. There are administrative, professional, technical and operational staff that advise the full Council, Cabinet and committees on all aspects of Council functions and put into effect the decisions, and provide to the public the services for which the Council is responsible.

## The Executive Management Team

The Executive Management Team (EMT) comprises Oldham Council's most senior officers. The Team is responsible for managing a range of services as well as directing the overall improvement and future plans for Oldham.

- identifying and planning resources,
- delivering plans, and
- reviewing the Authority's effectiveness with the overall objective of providing excellent services to the public.

directs and undertakes programmes/projects to achieve the objectives of the corporate work programme, modernise the Council and address the issues of Borough community cohesion.

## Partnership working

The Team will work with other local organisations to promote the interests of Oldham. This will involve liaising with a wide of partners, including:

- The Oldham Leadership Board
- Local people and businesses,
- The voluntary sector, and
- Greater Manchester Authorities.
- Health bodies

Chief Officers will be responsible for leading on some of the main partnership arrangements throughout the Borough including key neighbourhood based activity.

## Performance

EMT is responsible for agreeing personal performance objectives and targets with the Chief Executive, and participating in regular performance appraisals.

The Team will also be party to agreeing performance objectives and targets for direct staff reports which deliver the Council's vision, values, priorities, policies and objectives. This process includes the provision of regular monitoring, feedback, coaching, mentoring and development.

## Statutory officers

Each Council must have:

- A Head Paid service
- A **monitoring officer** to ensure the decisions and actions of the council are lawful; and
- A **chief finance officer** to ensure that the council's financial affairs are properly administered and that actions and decisions are in accordance with the council's budget.

The Council's Monitoring Officer from 1<sup>st</sup> October 2024 is:

**Alex Bougatef**

**Monitoring Officer**

The Council's Chief Finance Officer and Section 151 Officer is:

## Partnerships and Joint Arrangements

### Oldham Leadership Board

Is a body which is responsible for leading and championing Oldham, not just at the Borough level but at the city region and beyond including:

Overseeing new partnership arrangements through public service reform  
Championing Oldham as a place and campaign to deliver on the issues that matter most to Oldham as local residents

Deliver the Oldham Plan and co-ordinate activity across key partner organisations

The Health and Well being Cluster, Economy and Skills Cluster and the Co-operative and Neighbourhoods cluster are mechanisms for driving forward the changes the Oldham Leadership Board wish to introduce and to deliver the Oldham Plan.

### Joint Arrangements

#### Greater Manchester Devolution

Greater Manchester (GM) is one of the country's most successful city-regions. Home to more than 2.7 million people and with an economy bigger than that of Wales or Northern Ireland, our vision is to make it one of the best in the world. We're getting there through a combination of economic growth, and the reform of public services. The GMCA gives local people more control over issues that affect their area. It means the region speaks with one voice and can make a strong case for resources and investment. It helps the entire north of England achieve its full potential.

A variety of boards, panels and committees look specifically at areas like transport, health and social care, planning and housing.

#### Greater Manchester Combined Authority

The Greater Manchester Combined Authority (GMCA) is a unique model of governance for a city region, provided for by the Local Democracy, Economic Development and Construction Act 2009. Whilst it builds on the AGMA model of voluntary collaboration between local authorities through a Joint Committee, the GMCA is a statutory body with its functions set out in legislation. These functions, which cover the Greater Manchester area, include all the transport functions previously overseen by GMITA, plus some economic development and regeneration functions. A new set of transport functions, notably those adopting responsibility for traffic light signals and reports on road traffic levels have also been delegated by the constituent councils to the GMCA. The GMCA is made up of the ten Greater Manchester councils and Mayor, who work with other local services, businesses, communities and other partners to improve the city-region. The ten councils (Bolton, Bury, Manchester, Oldham, Rochdale, Salford, Stockport, Tameside, Trafford and Wigan) have worked together voluntarily for many years on issues that affect everyone in the region, like transport, regeneration, and attracting investment.

### **GMCA structure**

The Authority's constitution is set out in an Operating Agreement, which has been approved by all 10 constituent councils. This Agreement also sets out the terms of reference and rules of procedure.

**Association of Greater Manchester Authorities Executive** The Association of Greater Manchester Authorities (AGMA) acts as the voice of the ten local authorities of Greater Manchester in a strong partnership with the Greater Manchester Combined Authority. Oldham Council contributes in several different ways most notably through the Environment Commission.

**Peak District National Park Authority** is responsible for setting policies and objectives and ensuring resources are well used in the National Park. Part of the Borough of Oldham is included in the area covered by the Peak District National Park Authority and the Council is represented on the Authority by one Councillor.

### **Codes of conduct for councillors and officers**

Councillors must observe the council's code of conduct, which among other things requires them to disclose pecuniary interest and other interests personal any matter requiring a decision. Councillors also have a general obligation to:

- promote equality;
- treat others with respect; and
- not use their position for their own advantage or to confer unfair advantage or disadvantage on any other person.

Officers have to observe a similar code of conduct that sets guidelines on behaviour and standards of conduct at work.

### **Council Procedure Rules, financial regulations and procurement rules**

These contain the detailed procedural rules that must be followed in Conducting council business.

### **How to navigate the constitution**

This document intends to help people navigate and use the constitution.

## **PART 1 - SUMMARY AND EXPLANATION**

### **The Constitution**

The Oldham Metropolitan Borough Council has agreed a Constitution which sets out how the Council operates, how decisions are made and the procedures which are followed to ensure that these are efficient, transparent and accountable to local people. Some of these processes are required by the law, while others are a matter for the Council to choose.

The Constitution is divided into 17 Articles which set out the basic rules governing the Council's business. More detailed procedures and codes of practice are provided in separate rules and protocols at the end of the document.

### **Ambition and Objectives of the Council**

Our ambition is to deliver a co-operative future where everyone does their bit to create a confident and ambitious Borough.

There are three corporate objectives that underpin the delivery of the ambition. They are:

- An Inclusive Economy where people and enterprise thrive
- Thriving Communities where everyone is empowered to do their bit
- Co-operative Services with people and social value at their heart

The objectives have been developed to reflect the key priorities of the Council including economic growth and regeneration, strong local leadership and delivering value for money services.

The corporate ambition and objectives form the basis of the Council's Corporate Plan. The Corporate Plan is the Council's main strategy document. Its primary purpose is to set out our story of place and our priorities for Oldham - what we are doing and why we are doing it.

### **Co-operative Oldham**

Oldham Council is committed to developing a co-operative future; one where citizens, partners and staff work together to improve the Borough and create a confident and ambitious place. We want all our employees and members of the community to be able to play an active part in building our co-operative Borough. Put simply, becoming a co-operative Borough is about everybody doing their bit and everybody benefitting.

This is our opportunity to transform the way the Council does business and reshape the relationship between the Council and its residents. This will mean that the Council will strengthen its civic leadership role, leading by example and enabling residents and communities to become more self-reliant.

In order to achieve our goal of creating a co-operative future where everyone does their bit to create a confident and ambitious Borough, we understand that the Borough's residents will need to be able to take greater responsibility for themselves and for their communities.

Services from many different parts of the Council and partner agencies from across the Borough are already working to deliver Oldham's co-operative future. This means that a significant amount of work is already underway to support this ambition.

In Oldham, working co-operatively can mean many different things – it is not just about delivering services through co-operatives or mutuals. Co-operative working is fundamentally about working in a way which gets the maximum benefit and impact from the resources that the public sector spends. It helps to empower residents to take greater control of their own lives. Although this could mean delivering a service to a co-operative or mutual, it also means transforming Council-run services to make sure that what is delivered is shaped by its service users.

Working co-operatively also means the Council operates by our co-operative values and principles. Some examples are investing our money in ethical places, paying our staff a 'living wage' and actively seeking to better connect staff with the communities they work with through a volunteering scheme. In other cases, working co-operatively means giving residents the opportunity to work in collaboration with us to co-produce and possibly deliver services that are relevant and meaningful to them.

Being a Co-operative Council does not change the challenges we face in respect of making significant savings from our budgets. It does however provide a new approach and opportunity in terms of how those decisions are made and how we can mitigate the impact.

### **What's in the Constitution?**

Article 1 of the Constitution explains the purpose of the Constitution. Articles 2 – 17 explain the rights of citizens and how the key parts of the Council operate. These are:

- Members of the Council (Article 2).
- Citizens of Oldham Borough and the Council (Article 3).
- The Full Council (Article 4).

- Mayor and Deputy Mayor (Article 5).
- Overview and Scrutiny (Article 6).
- The Executive (Article 7).
- Regulatory and other Committees (Article 8).
- The Standards Framework (Article 9).
- District Working (Article 10).
- Working in Partnership (Article 11)
- Joint Arrangements (Article 12).
- Officers (Article 13).
- Decision Making (Article 14).
- Finance, Contracts and Legal Matters (Article 15).
- Review and Revision of the Constitution (Article 16).
- Suspension, interpretation and publication of the Constitution (Article 17).

### **How the Council operates**

The Council is composed of 60 Councillors elected every four years with one-third elected three years in four. Councillors are democratically accountable to residents of their ward. The overriding duty of Councillors is to the whole community, but they have a special duty to their constituents, including those who did not vote for them.

Councillors have to agree to follow a Code of Conduct to ensure high standards in the way they undertake their duties. The Monitoring Officer and the Standards Committee ensure that training and advice is provided on the Code of Conduct.

All Councillors meet together as the Council. Meetings of the Council are normally open to the public. Here Councillors decide the Council's overall policies and set the budget each year. The Council elects the Leader of the Council (the 'Leader') to lead in the delivery of executive functions and to determine appropriate decision making arrangements in respect of these functions. The Council appoints Committees and delegates to Officers to assist in the delivery of Council functions.

The role of the full Council is detailed in Article 4 of this Constitution.

### **How decisions are made**

**The Executive** - The Executive is responsible for most day-to-day decisions. The Cabinet, the principal executive decision making body, is made up of the Leader and up to 9 other Councillors appointed by the Leader, one of whom will also be appointed Deputy Leader of the Council (the 'Deputy Leader'). As well as the Cabinet, the Leader may also decide to delegate executive functions to Cabinet Committees or Boards, individual Cabinet Members, area committees and Officers, or arrange for functions to be delivered through joint arrangements.

When major decisions are to be discussed or made, these are published in the 'Key Decision Document' in so far as they can be anticipated. If these major decisions are to be discussed at a meeting of the Cabinet, this meeting will be open for the public to attend except where confidential or exempt items are being discussed. The Cabinet has to make decisions which are in line with the Council's overall policies and budget. If it wishes to make a decision which is outside the budget or policy framework, this must be referred to the Council as a whole to decide.

**Regulatory and other Committees** - Functions that are not the responsibility of the Executive, for example planning and licensing, are Council or 'non-executive' functions. The Council may delegate these functions to Committees and Officers, or may arrange for functions to be delivered through joint arrangements.

**Overview and Scrutiny** - The Council's Overview and Scrutiny arrangements support the work of the executive and of the Council as a whole. Overview and Scrutiny bodies are consulted by the Cabinet on the development of policy and the Council budget. Overview and Scrutiny considers executive decisions subject to 'call-in' that have been made by the Cabinet or other executive bodies but not yet implemented. This enables a consideration as to whether the decision is appropriate, and the decision maker may be recommended to reconsider the decision. Overview and Scrutiny may allow citizens to have a greater say in Council matters and, to a certain extent, in service delivery by other bodies, by holding local inquiries into matters of local concern that lead to reports and recommendations which advise the Cabinet and the Council as a whole on policy, budget and service delivery.

## **Council Employees**

The Council has people working for it to give advice, implement Councillors' decisions, manage the day-to-day delivery of services and deliver those services to residents and customers. Some employees have a specific duty to ensure that the Council acts within the law and uses its resources wisely. Employees have to agree to follow a Code of Conduct to ensure high standards in the way they undertake their duties, and a Protocol governs the relationships between employees and Members of the Council. These documents are included at Part 5 of this Constitution.

## **Citizens' Rights**

Citizens have a number of rights in their dealings with the Council. These are further considered in Article 3 of this Constitution. Some of these are legal rights, whilst others depend on the Council's own processes. Where members of the public use specific Council services, for example as a parent of a school pupil or as a Council tenant, they have additional rights. These are not covered in this Constitution.

Citizens have the right to:

- vote at local elections if they are registered;
- contact their local Councillor about any matters of concern to them;
- obtain a copy of the Constitution;
- attend meetings of the Council, Cabinet and any Committees of the Council or of the Cabinet except where confidential or exempt matters are being discussed, confidential and exempt matters being as described in the Access to Information Procedure Rules at Part 4 of this Constitution;
- inspect agenda, reports and background papers both before and after meetings of the Council, the Cabinet or any Committees of the Council or the Cabinet, except where those documents contain confidential or exempt information;
- inspect minutes or decision notices arising from meetings of the Council, the Cabinet or any Committees of the Council or the Cabinet or from any decision taken by an individual Cabinet member or, in certain circumstances, an Officer under delegated powers.
- petition to request a referendum on a mayoral form of Cabinet;
- participate in public question time at most meetings of the Council and contribute to investigations by the overview and scrutiny bodies when requested;
- speak at meetings of the Planning Committee on individual planning applications in accordance with the protocol attached at Part 8 Appendix 2 to this Constitution;
- find out, from the Key Decision Document, what major decisions are to be discussed by the Cabinet or decided by the Cabinet or officers, and when;
- to have 28 days notice of what business is likely to be considered in private at an executive meeting;
- to be able to audio or video record meetings of the Council, Cabinet or any Committee, except when the meeting is considering confidential or exempt information and the public have been excluded from the meeting;
- complain to the Council in accordance with the Council's adopted complaints process
- complain to the Local Government and Social Care Ombudsman if they think the Council has not followed its procedures properly. However, this should only be done after using the Council's own complaints process;
- complain to the Monitoring Officer if they have evidence which they think shows that a Councillor has not followed the Council's Code of Conduct;
- inspect the Council's accounts and make their views known to the external auditor;
- inspect documents deposited with the Council under the provisions of an Act of Parliament or statutory instrument or pursuant to the Rule of Procedure of either House of Parliament; and

- make copies of or extracts from or, subject to the payment of a reasonable fee, to require a photographic copy or extract from any document which the public are entitled to inspect.

### **District Working**

The Council has a number of District Leads as detailed at Article 11. The role of the District Lead is to work closely with all elected members in their district to support them in their role as strong local leaders. The District Lead also plays a vital role in championing the needs of the District. They provide leadership across the district and ensure parallels exist between corporate and local priorities.

The role is a strategic position that requires vision and the ability to look beyond ward issues to those that affect the district as a whole. It is important that the District Lead is able to make decisions based on district priorities which may not always align fully with ward priorities.

The Council welcomes participation by its citizens in its work. For further information on your rights as a citizen, please contact the Constitutional Services Section on 0161 770 5151

## **PART 3 – RESPONSIBILITY FOR FUNCTIONS**

## 1. INTRODUCTION

1.1 Part 3 of the Constitution sets out who is responsible for the various functions of the Council. Section 9D of the Local Government Act 2000 (as amended by the Localism Act 2011) provides that all the functions of the Authority shall be functions of the Executive except in so far as they are reserved to the Council by the Local Government Act 2000, by subsequent legislation or by Regulations made under the Local Government Act 2000.

### 1.2 **Local Choice Functions**

There are some functions which the Council determines as either the responsibility of the Executive (and which are reserved to the Leader of the Council); or the responsibility of either the Executive or the Council, dependent upon circumstances; or the responsibility of the Council at its discretion. These are called 'Local Choice Functions'.

### 1.3 **Council (or 'non-executive') Functions**

These are functions which by law cannot be the responsibility of the Executive. For example, adopting the budget and policy framework can only be discharged by Council and the Local Authorities (Functions and Responsibilities) (England) Regulations 2000 (as amended) sets out those functions that are Council functions and which cannot be undertaken by the Executive. In some cases the Council may delegate functions to a Committee or an Officer, and the decisions of the Council regarding delegation form the basis of the terms of reference of Council Committees and the Council (or non-executive) element of the Scheme of Delegation to Officers.

### 1.4 **Executive Functions**

All functions that are not Council (or 'non-executive') functions are Executive functions. These functions are reserved to the Leader of the Council who determines which decisions will be taken by the Cabinet, by a Board or Committee of the Cabinet, by an area committee, by Officers, or under joint arrangements with another authority or authorities. These delegations form the basis of the terms of reference of the Cabinet and of Cabinet Committees, Sub-Committees and Boards, the Scheme of Delegation to Individual Cabinet Members and the executive element of the Scheme of Delegation to Officers.

### 1.5 **Scheme of Delegation to Officers**

Officers have been given delegated authority to exercise both Council (or 'non-executive') and Executive functions by the Council and by the Leader of the Council respectively. Where permitted, functions may also be delegated to an Officer by a Council Committee or Sub-Committee or by an executive decision making body or person.

### 1.6 **Decision making – Principals and Processes**

Different types of decisions are defined both in law and by the Council. These differing types of decision are detailed in the Constitution, and there are both statutory and internal processes and procedures intended to ensure transparent and efficient decision making.

#### 1.7 **Joint Arrangements**

The Council is involved in a number of joint arrangements with other local authorities or bodies. These joint arrangements may be formal, in that they may be required by law or the Council or the Leader of the Council has established them to deal with statutory functions, or informal where the Council or the Leader of the Council has chosen to enter into informal partnership with other organisations from the public, private and/or third sector.

#### **1. Introduction**

- 1.1 Non-executive functions of the Council may be delegated to Officers by the Council, Committees and Sub-Committees under Section 101 of the Local Government Act 1972.
- 1.2 Executive functions of the Council may be delegated to Officers by the Leader of the Council ("the Leader") and, unless directed otherwise by the Leader, by the Cabinet, Cabinet Committees and Individual Cabinet Members under s9E of the Local Government Act 2000.
- 1.3 "Function" for these purposes is to be construed in a broad and inclusive fashion and includes the doing of anything which is calculated to facilitate or is conducive or incidental to the discharge of any of the specified functions within the confines of the law or the Constitution.
- 1.4 This Scheme of Delegation is set out as far as possible in terms of broad areas of responsibility rather than in specific statutory terms, other than the allocation of non-executive functions as defined by the Local Authorities (Functions and Responsibilities)(England) Regulations 2000 as amended. As a principle, all functions that are not reserved to the Council or a Council Committee, or to the Cabinet or a Cabinet Committee or an individual Cabinet Member are delegated to the Chief Executive, the Deputy Chief Executive, the Assistant Chief Executive and other specified senior Officers.

#### **2. Principles of Officer delegated decision making**

- 2.1 The fact that a function has been delegated to the Chief Executive, the Deputy Chief Executive, the Assistant Chief Executive, the Managing Director of Children and Young People or the Directors of Adult Social Services, Legal, Finance or Public Health, does not necessarily require that Officer to give the matter their personal attention and they may generally arrange for such delegation to be exercised by an Officer of suitable experience and seniority. Proper officer functions may be exercised by officers duly authorised acting in the name of the Proper Officer.

The exception to this is:

- if the law specifically requires a particular Officer to take the decision.

- 2.2 Where the Chief Executive or a Chief Officer has arranged for a delegation to be exercised by another Officer, the Chief Executive or that Chief Officer shall provide a written scheme of delegation.
- 2.3 A Council Committee or Sub-Committee may from time to time delegate functions to the Chief Executive. A Council Committee means any Committee or Panel established by the Council. A Council Sub-Committee means any Sub-Committee or Panel established by a Council Committee.
- 2.4 The Chief Executive, the Deputy Chief Executive, the Assistant Chief Executive, the Managing Director of Children and Young People or the Directors of Adult Social Care, Finance or Public Health or Borough solicitor may consider in respect of any matter that the delegated authority should not be exercised and that it should be referred to the Council, a relevant Council Committee, or the Cabinet for consideration.
- 2.5 Where a function has been delegated to an Officer by the Council, a Council Committee or Sub-Committee, or the Leader of the Council or other executive body, the body or person that made the delegation may take back the power at any time.
- 2.6 A Cabinet Member may direct that a delegated executive authority should not be exercised by the Officer and that the matter should be referred to the Cabinet or an appropriate Cabinet Committee, Sub-Committee or Board for consideration.
- 2.7 Where a decision is delegated to an Officer in consultation with an elected Member, the law requires that the discretion of the Officer is not fettered.
- 2.8 In exercising their delegated authority, Officers must consult with Members and other Officers, as appropriate. This must include the Monitoring Officer (Borough Solicitor) and Chief Finance Officer (Director of Finance), and Officers must have regard to any advice given.
- 2.9 Officers should be aware of the requirements to publish a record of certain decisions and supporting papers in accordance with Access to Information Procedure Rules at Part 4B of the Council's Constitution.
- 2.10 The principals and processes for individual decision making are considered further at Section 11 to this Part.

## 11. DECISION MAKING BY INDIVIDUALS – PRINCIPALS AND PROCESSES

The significance of decisions taken by individuals under delegated powers will vary and Cabinet Members, Chief Officers and those they empower to make decisions will need to exercise judgement in determining whether decisions are significant enough to require formal recording. In making decisions, Cabinet Members, Chief Officers and others should be aware of the requirements of the Council's Constitution generally and of the Access to Information Procedure Rules at Part 4B of the Constitution more specifically.

The Council has three levels of decision making.

- **Key decisions** - these are executive decisions which are likely to result in the Council incurring expenditure which is, or the making of savings which are, significant having regard to the Council's budget for the service or function to which any decision relates; or to be significant in terms of its effects on communities living or working in the area comprising two or more wards in the area of the local Council. The full working definition of a Key Decision is set out at Access to Information Procedure Rule 11.
- **Principal Decisions** – these are decisions in relation to either a Council or an Executive function which is not a key decision but which result in the Authority incurring expenditure or making savings (including receipt or loss of income) of over £100,000 each year; or which are, in the opinion of the Chief Officer, of such significance that a record of the decision would ensure transparency and accountability in relation to decision making within the Authority.
- **Administrative Decisions** – these are decisions below the level of Principal Decisions so long as the decision is within an approved budget, is not in conflict with the Budget and Policy Framework (defined at Article 4 of Part 2 to the Council's Constitution) or other approved policies and does not raise new issues of policy.

There are differing requirements for the publication of information around each level of decision and the detailed requirements are laid out in Access to Information Procedure Rules.

- Key decisions – advance public notice of the intention to take a key decision must be given and the decision and the report on which the decision was based must be published.
- Principal decisions - the decision and the report on which the decision was based must be published.
- Administrative decisions – there is no requirement to publish the decision.

### Decision Making – Delegation to Officers

Before taking any decision, an Officer must be satisfied that they have delegated power from the Council or a Council Committee, or from the Leader of the Council, the Cabinet or other Executive body, or through the Council's Constitution to take that decision.

The Officer Scheme of Delegation (as shown at Section 9 of Part 3 to the Council's Constitution) generally provides for delegated authority to take a decision at the highest

level, that is by the Deputy Chief Executive ( Place ) the Assistant Chief Executive or one of the Statutory Officers (hereafter referred to as 'Chief Officers'). However, the Scheme includes the power for those Officers to delegate any function which has been delegated to them under the Scheme to another Officer or Officers of suitable experience and seniority.

Each Chief Officer must prepare a Departmental Scheme of Delegation which sets out how decisions will be made in their Department. These Departmental Schemes should be lodged with the Chief Executive and made available on request. The Departmental Schemes should establish which Officers have been given authority to make decisions under the Chief Officer's delegated powers and any conditions placed on the exercise of those powers. However, while the Chief Officer may authorise other Officers to take delegated decisions, the decisions are still the personal responsibility of the Chief Officer.

In any circumstance, a Chief Officer may decide that a particular issue is such that it should be referred to the Cabinet or a Council Committee, as appropriate, for a decision to be taken. The Officer should seek the agreement of the Chief Executive to this course of action in the first instance.

Similarly, the fact that a function stands delegated to an Officer does not preclude the Council, a Council Committee, or an Executive body from exercising the function itself, subject to the function being within the general remit of the body and any legal requirements.

Whilst the exercise of a function by an Officer is not made subject to the satisfaction of any prior condition, Officers must ensure that the decision conforms to Council approved budget, policies and strategies, and that they have observed approved practices and procedures, including those in relation to community consultation.

### **Decision Making – Delegation to Individual Executive Members**

Before taking any decision, the Cabinet Member must be satisfied that they have delegated power, either from the Leader of the Council or through the Council's Constitution as shown in the Individual Cabinet Members' Scheme of Delegation as shown at Section 8 of Part 3 to the Council's Constitution, to take that decision.

The Individual Cabinet Members' Scheme of Delegation provides for those decisions that may be taken by a single Member alone.

A Cabinet Member may decide that a particular issue is such that it should be referred to the Cabinet, and the Cabinet Member should refer such issues to the Leader of the Council/Chair of the Cabinet in the first instance.

Similarly, the fact that an executive function stands delegated to a single Cabinet Member does not preclude the Cabinet or another Executive body from exercising the function

itself, subject to the function being within the general remit of the body and any legal requirements.

### **Decision making – relevant considerations**

Having satisfied themselves as to their ability to take a decision, the Cabinet Member or Chief Officer must determine the facts upon which the decision must be based and consider, where relevant, the following matters:

- a) any legislative requirements;
- b) any Council policy, strategy, plan, initiative or procedure relating to the issue;
- c) any relevant national or regional guidance;
- d) the available options;
- e) the staffing, financial and legal implications;
- f) the views/advice of any appropriate Statutory Officer;
- g) the views of any Ward Member(s) where the report relates to a particular area of the Borough;
- h) any consultations undertaken, the views of any consultees and a summary of any other representations received;
- i) any implications for any other areas of the Council's activities, including the views of any Chief Officer whose services may be affected and whether any consultation has taken place with that Chief Officer; and/or
- j) the Cabinet Member's responsibility within which the issue falls and whether any consultation with the Cabinet Member has taken place.

Chief Officers are also responsible for ensuring that consultation is undertaken where appropriate, including

- when they are aware that the decision is likely to be controversial,
- when further consultation and public participation would be appropriate.

In any case, Chief Officers should prepare a report to the corporate standard for consideration in support of decision making and have regard to the requirements of Access to Information Procedure Rule 7.

### **Key Decisions – Providing Notice before taking the Decision**

Prior to taking a Key Decision, notice of the intention to take that decision must have been published on the Executive's Key Decision Document for at least 28 days, in accordance with Access to Information Procedure Rule 12 or, if less notice is being given, in accordance with either the General Exception or the Special Urgency Provisions at Access to Information Procedure Rules 13 and 14 respectively.

### **Decision making and interests**

It is important that where Members or Officers involved in making decisions have a registrable interest this is declared on the Delegated Decision Form to preserve the

probity and integrity of the process. Should a Member have a disclosable pecuniary interest or another interest detailed in the Code of Conduct in a decision that Member should not make that decision. Similarly, should an Officer have an interest which might be regarded as prejudicing their consideration of the matter in the public interest, they should not take that decision. (See the 'Challenges' section below).

Members and Officers should pay due regard to their respective Codes of Conduct at Part 5 of the Council's Constitution and should, if necessary, seek advice from the Monitoring Officer as to their interests and, in the event that an individual cannot take a particular decision, who should determine that matter instead.

### **Decision Making – Recording the Decision**

The Chief Officers will maintain a record of all Key Decisions and Principal Decisions and ensure that these decisions are recorded on the Council's decision recording system, including the report upon which each Decision was made, subject to any requirement for confidentiality.

The Chief Executive will, in accordance with Access to Information Procedure Rules, ensure that the record of decisions is available for public inspection on the Council's website and the public has the right to be provided with a copy of any part of that record upon payment of a reasonable copying and administrative charge.

It is essential that the contents of the Delegated Decision Form are clear in conveying the substance of the decision taken. It is not sufficient to state that the recommendations in a report were agreed.

Departments must maintain a central record of all delegated key decisions with copies of the relevant documentation for a six year period.

Even where there is not a requirement to publish a record of decisions, Chief Officers and such staff as they so designate, are responsible for retaining a record of those Administrative Decisions which they and Cabinet Members take and the reasons for such decisions. The record should be sufficient for audit and evidential purposes (against the eventuality of evidence being required for consideration at/by Judicial Review, Employment Tribunal, Ombudsman, District Audit or other proceedings or investigation).

In addition to the requirement to publish Key and Principal Decisions, Chief Officers are also responsible for ensuring that all those who need to know are informed promptly of the decision.

### **Decision Making - Giving Reasons**

While giving reasons is an accepted 'best practice' principle of good administration, doing so can also be

- a statutory requirement in respect of executive decisions;

- a requirement of the Courts when considering a Judicial Review;
- a requirement of Regulators when considering the Council's actions in respect of regulatory functions, such as the Planning Inspectorate or, in respect of Council and executive functions generally, the Local Government and Social Care Ombudsman; and
- in circumstances where the matter is an interest highly regarded by the law, such as personal liberty, a requirement for fairness to be given as of right, at least for particular decisions.

Clear reasons must be given in the record of Key and Principal Decisions of Cabinet Members and Officers and should be apparent in the Administrative Decisions made. Where reasons are given, these generally cannot be 'corrected' or altered after the time they are given.

If a decision is challenged it is vital to be able to demonstrate that the proper processes were complied with. To be able to do this it is essential that records are kept so they can be referred to and produced if necessary.

These records should include written notes of all relevant meetings and discussions and copies of all papers considered in making a decision. It is best practice to keep a clear note of all considerations taken in to account with reasons why they were considered relevant and why matters not considered were thought not to be relevant.

Where reasons are required, they must be adequate and intelligible. Failure to give reasons may lead to the inference that a decision is unlawful. (See the 'Challenges' section below).

### **Accountability**

Ultimately, Cabinet Members and Officers are accountable to the Council for any decision they make. They may be required to report to, and to answer questions from, an Overview and Scrutiny Committee in respect of any decision made using their delegated powers.

### **Challenges to Decisions of the Council or of the Executive**

Decisions are open to challenge and review in a number of ways and it is therefore important to be able to demonstrate that they have been taken in a manner that avoids legitimate challenge. It is important to remember that decisions which are overturned will invariably have been successfully challenged not because they were 'wrong' but because they have been reached following a flawed process.

The principal avenues for challenge to a decision are –

- a) Overview and Scrutiny Committees – Elected members may 'call-in' executive decisions for the Cabinet a, cabinet Committees, Sub-Committees or Boards, or key

decisions taken by Officers, or may seek to review Officers' decisions more generally.

- b) The Council's Complaints System – Members of the public may challenge a decision through the Council's formal complaint procedure.
- c) The Local Government and Social Care Ombudsman – the last stage of the complaints process, investigating complaints of injustice arising from maladministration from the public about Councils and some other public bodies. The law does not define 'maladministration', but it means that there has been a fault in the way the Council has or has not done something.
- d) The External Auditor – undertakes the audit of the Council's accounts and holds a power to carry out examinations into the economy, efficiency and effectiveness with which the Council has used its resources.
- e) Designated Officers - the Council's Head of Paid Service, Chief Finance Officer and Monitoring Officer all have specific statutory duties which involve monitoring and regulation of different aspects of the Council's affairs.
- f) The European Convention on Human Rights – due regard needs to be paid to the Convention, particularly when decisions affect the rights of any individual.
- g) Central Government - controls many of the activities of local government, for example the Council will be bound by ministerial directives and regulations in some areas, and certain decisions may require the approval of a government minister or civil servant. Some of the decisions can be appealed to the courts by a minister or a government department.
- h) The Courts - by a process known as Judicial Review, the courts can examine decisions made by local authorities. The main findings of the Courts against the Council in the case of a judicial review are likely to be of –
  - (i) Illegality (ultra vires) - although democratically elected, the Council is not a sovereign body and can only do things authorised by Parliament. If a statutory power is conferred on the Council for one purpose, it is illegal if used for another;
  - (ii) The relevancy or irrationality principle - the court may investigate the action of the Council to see whether the Council has taken into account matters which it ought not to have taken into account, or whether it has refused to take account of matters which it ought to have. A decision can be challenged if a conclusion has been reached that is so unreasonable that no reasonable authority could ever have come to it, or if a decision so outrageous in its defiance of logic or of accepted moral standards that no sensible person who had applied his mind to the question to be decided could have arrived at it
  - (iii) Unfairness or procedural impropriety (breach of natural justice) - so far as exercise of local authority power is concerned, procedural impropriety consists, principally, of
    - Bias - usually occurs in one or more of the following, namely where:
      - a disqualified person participates, such person is one who has a direct pecuniary interest in the subject matter.
      - the case is prejudged.
      - an interested party has improper access to the decision maker.

- Procedural unfairness – the conduct of any hearing must be fair and a party is entitled to put their case fully. However, fairness will not necessarily require an oral hearing or a legal representation.
- Breach of legitimate expectation - confers procedural protection on a party where a local authority has either given an express assurance that it will deal with a matter in a particular way, or where it has adopted a past practice to that effect. In such cases the courts have consistently held that no adverse decision may be taken without first giving the affected party the opportunity of making representations.
- Failure to give reasons - where a statute requires a local authority to give reasons for its decision there is a clear duty to do so. In many cases, however, the courts apply a duty to give reasons even where the statute is silent.

There are a number of areas of action and decision-making by local authorities which typically give rise to challenge, and which fall under one or more of the above main heads. Many overlap with one another. They include:

- failure to take into account relevant considerations, either as required by law or such as would be taken into account by any reasonable person.
- taking into account irrelevant considerations.
- acting so unreasonably such that no reasonable body of persons could have so acted.
- failure to direct itself properly in law.
- exercising a power for a purpose for which it was not conferred
- acting in bad faith or for an improper motive. fettering or failing to exercise discretion, through improper delegation.
- adherence to a fixed policy.
- failure to consult or to consult properly, either as a matter of statute or legitimate expectation.
- failure to act fairly or observe procedural requirements.
- failure to comply with the rule that local government finance must be conducted on an annual basis.
- failure properly to have regard to the extent to which their own resources can be taken into account in deciding whether to make provision.

Giving proper consideration to the matters raised in the ‘relevant considerations’ and ‘interests’ sections above should ensure that most, if not all, the above areas of challenge can be avoided.

## **13. THE OLDHAM PARTNERSHIP**

### **Oldham Leadership Board**

The Oldham Leadership Board is a partnership of public sector Chief Executives, key elected members, business, community and voluntary sector leaders. It is more than a partnership of organisations but is a body which is responsible for leading Oldham, not just at the Borough level but at Greater Manchester level and beyond. The Board also

provides Oldham solutions with an emphasis on leadership, collaboration and joint investment.

The Oldham model has three core components -

- Inclusive Economy;
- Thriving Communities; and
- Co-operative Services.

These core components are wrapped up in a constant commitment to

- Public Sector Reform; and
- Empowering People and Communities.

The Partnership's commitment to these five themes will help drive the improvement in the outcomes for both Oldham's population, and Oldham as a place.

The Board has the ability to hold all parts of the Oldham Partnership to account for the delivery of the Oldham Model.

The three partnership boards will all formally report into the Oldham Leadership Board and drive the delivery of the Oldham Model outlined above. The three partnership boards are

- Co-operatives and Neighbourhoods;
- Health and Wellbeing Board; and
- Economy and Skills.

These Boards are further supported by a range of other partnerships and networks of the Oldham Partnership. These include, for example, the Community Safety and Cohesion Partnership, the Oldham Housing Investment Partnership, the Adult and Children's Safeguarding Boards and the Oldham Community, Voluntary and Faith Partnership.

### **Delivering Oldham and Greater Manchester Strategy ambitions**

The Oldham Leadership Board (with the support of the three partnership boards and wider partners) is responsible for leading Oldham at the neighbourhood level, borough level and at the Greater Manchester level and beyond.

The Greater Manchester Strategy sets the broader framework within which the Leadership Board should focus its efforts and energy to help drive Greater Manchester forward as a whole, whilst also enabling the Leadership Board to develop local solutions and ensure that Oldham benefits from any collective Greater Manchester-wide growth and reform.

The Leadership Board will also ensure that Oldham key transformational and reform ambitions and programmes are on track and supporting the wider Oldham ambition, and not just confined to individual sectors. These include -

- Health and Social Care integration and transformation through Oldham Cares (as outlined in the Oldham Locality Plan for Health and Social Care Devolution);
- Early intervention and prevention across public services;
- The implementation of local service transformation and place-based delivery (as outlined in the Thriving Communities platform of work for Oldham); and
- The Town Centre Masterplan

Oldham will continue to influence Greater Manchester and the national discussion on developing co-operative approaches to public services and continue to ensure a focus on designing public services around people and communities rather than within organisational boundaries.

The Board will also deliver on the growth ambitions for the Borough and Greater Manchester (as outlined in the Oldham Work and Skills Plan) with a focus on investment, skills and good quality jobs for Oldham people. The Council has resolved that the Chief Financial Officer (the post is currently designated as the Director of Finance) is the responsible officer.
- 1.2 The Council is responsible for the approval of the Financial Procedure Rules to be used by all Members and officers, including any amendments or additions presented by the Director of Finance. The Council is responsible for approving the procedures for recording and reporting decisions taken by the Council itself, or by the Executive, or under approved delegation arrangements. The Scheme of Delegation, which includes financial limits, is set out in the Constitution at Part 3.

### **Cabinet's responsibilities**

- 1.3 The Cabinet is responsible for ensuring that the Financial Procedure Rules are followed across the Council. The Cabinet is also responsible for arranging for a review of the Financial Procedure Rules following scrutiny by the Audit Committee at least every three years and for recommendations for any changes to be made to the Council. This is normally arranged through the Constitutional Working Group.
- 1.4 The Cabinet is responsible for preparing and recommending to Council the annual revenue budget and Council Tax level and once approved, for implementing and monitoring that budget.
- 1.5 The Cabinet is responsible for reviewing and recommending to Council a Capital Strategy and Capital Programme, a Medium Term Financial Strategy (which may be included within the Annual Revenue Budget Report), a Housing Revenue Account Budget, a Treasury Management Strategy and a Council

Tax Reduction Scheme, and once approved for implementing and monitoring the budgets and strategies.

The CIPB oversees capital projects from inception to completion to ensure they are delivered efficiently and effectively and in line with the Council's corporate objectives.

Where the establishment of such terms and conditions is a condition of the funding, the obligations of and risk to the Council in its role will be set out in reports where approval to act as the Accountable Body is sought.
- 1.28 Schools with delegated budgets are subject to, and must comply with, the 'Oldham Scheme for Financing Schools', which has tailored these Financial Procedure Rules for use in those Schools.

- 1.29 A reference in the Financial Procedure Rules to the Director of Finance includes his or her nominees; and to an officer means any employee of the Council, or other persons contracted to carry out functions where these Financial Procedure Rules apply.

### **Staff and Councillors**

## **2. PREPARING AND MANAGING THE REVENUE AND CAPITAL BUDGET**

### **Financial Planning Framework**

- 2.1 It is a legal requirement for the Council to ringfence and separately manage many of its financial resources and expenditure. The main “ringfenced” areas include:
- Housing Revenue Account income and expenditure;
  - Income and expenditure relating to schools (including the Dedicated Schools Grant);
  - Capital expenditure and resources;
  - The Collection Fund (Council Tax and Business Rates income).
- 2.2 Any income or expenditure which does not fall within ringfenced categories is deemed to fall within General Fund (non-schools).
- 2.3 Ringfencing means that the Council is either not permitted or is heavily restricted in its ability to vire resources in or out of a particular ring-fenced area. For example, the Council is not generally permitted to use capital resources to fund revenue expenditure (an exemption to this exists for the period 2022/23 to 2024/25 whereby the flexible use of capital receipts permits the use of such resources to finance expenditure incurred on transformational activity).
- 2.4 The situation is further complicated by the fact that certain resources within each of the ring-fenced areas have to be earmarked to particular activities. For example, capital and/or revenue grants that have been provided specifically to finance particular schemes.

- 2.5 Having regard to all statutory ring-fencing arrangements, the Director of Finance, after consulting the Cabinet and Authorised Senior Officers shall be responsible for designing and implementing the annual budget and medium-term financial planning arrangements. The Director of Finance is responsible for the preparation of a corporate revenue budget and the provision of advice on the setting of a Council Tax, a Capital Strategy and programme, a Treasury Management Strategy, a Housing Revenue Account budget and a Council Tax Reduction Scheme.

### **Preparation of the Corporate Plan**

- 2.6 The Chief Executive is responsible for proposing the Corporate Plan to the Cabinet for consideration before its submission to the Council for approval. When compiling the Plan, and in conjunction with other Authorised Senior Officers the Chief Executive will ensure that the plan is assessed and moderated by the Director of Finance

### **Budget Preparation**

- 2.7 The Director of Finance will advise the Cabinet of each year about the detailed plans to prepare both the Annual Budget for the next financial year or two years and to update the Medium Term Financial Strategy (which can cover a period of up to five years). The budget process will then be prepared following the standards set out by the Director of Finance.
- 2.8 The Director of Finance, following the detailed work, will submit to the Budget Council meeting (usually held in February) each year a Medium Term Financial Strategy for the following three to five years, and budget planning totals for all services and central budgets.
- 2.9 Senior Council officers will prepare budget reduction proposals for Members to consider, however, prior to final decision making, and in good time to allow meaningful consultation, the Council will make arrangements to consult with the public, partners, staff and business community on the budget reduction proposals being considered for future financial years.
- 2.10 The Cabinet, having regard to comments resulting from the consultation process outlined above (including those of the relevant Scrutiny Board), will consider these budget reduction proposals in detail and make its recommendations to the Council before the date set for the meeting of the Council which will determine the budget (Budget Council).
- 2.11 The Director of Finance will advise the Cabinet and the Council on the overall budget, the levels of Council Tax, the use of reserves and the need for contingency budgets/balances, the robustness of the estimates and affordability and prudence of capital investments and on the risks that may exist in relation to the forecasts of spending levels and income.

- 2.12 Senior Officers will, in accordance with the Business Planning timeframe, produce draft service plans and budgets in accordance with the Budget Planning totals. These draft plans will explain the service changes proposed to be made, taking into account the Council's Corporate Plan, performance targets and the resources allocated.

### **Resource Allocation**

- 2.13 The general level of balances and reserves to be maintained by the Council shall be calculated and recommended for approval by the Director of Finance using a risk based approach in advance of the setting of the Budget for the approaching financial year. This will support the budget decisions being taken at the Council meeting which sets the Council Tax. The level of balances and reserves shall be subject to regular review in the budget monitoring reports presented to Cabinet during the financial year. At the year-end as part of the production of the Annual Statement of Accounts the Director of Finance shall assess the risks facing the Council and prepare the Accounts to minimise future unbudgeted expenditure including the assessment of required reserves in accordance with the Councils agreed policy on Reserves. The Reserves Policy will be subject to consideration of approval by Cabinet.
- 2.14 The Director of Finance is responsible for developing and maintaining a resource allocation process which: ensures due consideration of the Council's policy framework; and takes into account properly, current information on the Council's financial position and prospects for the future. It will also include an annual review of the budget to ensure that the resources allocated to each budget heading remain appropriate in the light of corporate priorities, business developments and national and local spending trends.

### **Reporting**

- 2.15 The Cabinet is responsible for ensuring that Service and Corporate Plans are implemented within the resources allocated in the Revenue and Capital Budgets. The Director of Finance will provide information on the Council's performance against the Revenue and Capital Budgets to Cabinet and the relevant Scrutiny Board at regular intervals over the financial year. The report will include the projected out-turn for the agreed budgets, Collection Fund, Housing Revenue Account and Dedicated Schools Grant. In addition, and as appropriate, the Audit Committee and/or Scrutiny Board will receive reports that include financial information on key partners and the progress made on issues identified with the Annual Governance Statement.
- 2.16 The general format of the budget proposed by the Cabinet to Council will follow that advised by the Director of Finance. The draft budget should include indicative allocations to different services and projects, proposed taxation levels and any contingency funds/balances. The headings proposed will be those advised by the Director of Finance.
- 2.17 Senior Officers will control income and expenditure within their areas of responsibility. They will monitor performance, taking account of financial

information provided by the Director of Finance. They should report on actual variances within their own areas, and on the possible likelihood of them. They must also: alert the Director of Finance to any problems; consult with the Director of Finance about the remedial action necessary to avoid exceeding their budget allocations: and take the remedial action agreed.

- 2.18 CIPB is responsible for advising Cabinet on the overall financial commitments of the overall capital programme in accordance with the overall Capital Strategy agreed by Cabinet.

### **Managing Budgets**

- 2.19 Senior Officers are responsible for managing budgets within their delegated authority. They must take action to avoid overspending respective budgets and report any difficulties to the Director of Finance.
- 2.20 Senior Officers should delegate authority to commit budgets to the appropriate level of management, make arrangements to set out clearly the extent of authority of managers, and review the performance of managers in managing and controlling these budgets.
- 2.21 Senior Officers must, in consultation with their financial support officers, use the financial reports from the financial ledger and review their budgets on a monthly basis. This must inform the regular budget monitoring undertaken by the Director of Finance.
- 2.22 The Director of Finance is accountable for all corporate and contingency budgets, which will be managed in the same way as service and activity budgets.
- 2.23 Where, as a result of a mistake or error by an officer, the Council becomes liable for any charges, penalties or additional expenses, such costs will be met by the Service in which the error is made.

### **Carry forwards and recovery of overspends**

- 2.24 Carry forward is a mechanism for transferring budgetary resources from one year to the next, or vice versa. This will be determined during the production of the Statement of Accounts.
- 2.25 The Cabinet is responsible for approving changes to the Council's Revenue Budget arising from the carry forward process.
- 2.26 If the carry forward process is to be applied, there will be a presumption that the carrying forward of any underspending will only be allowed subject to a Directorate managing its resources in line with its agreed budget. All overspendings may be recovered in the following financial year following the advice of the Director of Finance.

- 2.27 The Council, in determining the Revenue Budget for a particular year, will review any arrangements for carry forward for that year and can change the guidance on advice from the Director of Finance.

### **Risk Management and Control of Resources**

- 2.28 It is essential that robust, integrated systems exist to identify and evaluate all significant operational risks to the Council. These systems will be maintained by the proactive participation of everyone associated with the planning and delivery of Oldham Council's services to its residents.
- 2.29 The Director of Finance is responsible for preparing the Council's Risk Management Strategy and Framework, which includes the approach to ensuring proper insurance cover, and for promoting the Strategy and Framework throughout the Council, and for ensuring advice to the Cabinet Member with responsibility for Finance on appropriate insurance cover.
- 2.30 The Cabinet is responsible for approving the Council's Risk Management Strategy and Framework. Monitoring of the effectiveness of risk management is undertaken by the Audit Committee on behalf of the Cabinet.
- 2.31 Internal Control is the systems of control devised by management to help ensure the Council's objectives are achieved in ways which promote economic, efficient and effective use of resources and which ensure that the Council's assets and interests are safeguarded.
- 2.32 The Director of Finance will advise the Council at all levels on the requirements for an effective system of Internal Control. Arrangements devised and implemented will ensure compliance with all applicable statutes and regulations, and other relevant statements of best practice. They will also ensure that public money is properly safeguarded; and is used economically, efficiently, effectively and in accordance with the statutory and other authorities which govern their use.
- 2.33 It is the responsibility of Senior Officers to establish sound arrangements for planning, appraising, authorising and controlling their operations in order to achieve continuous improvement, economy, efficiency and effectiveness and for achieving their financial performance targets. In doing this they must consult as necessary with the Director of Finance about matters past and present and future which bear upon the framework of Internal Control.
- 2.34 The CIPB will develop and maintain sound arrangements for managing the Council's Capital Programme in accordance with the instructions of the Cabinet.

### **Production of Accounts**

- 2.35 The Director of Finance shall consolidate and produce the Authority's statutory accounts. Accounts will be prepared in accordance with the relevant statutory requirements (including timelines) and Codes of Practice.
- 2.36 Senior Officers shall assist the Director of Finance to undertake the closure of their Directorate accounts which must be in accordance with the standards, timescales and format set by the Director of Finance.
- 2.37 The Director of Finance is responsible for ensuring that the Annual Statement of Accounts is prepared in accordance with the CIPFA/LASSAC Code of Practice on Local Authority Accounting in the United Kingdom. This will include an assessment of the financial risks facing the Council.
- 2.38 The Audit Committee has delegated authority from the Council for approving the Annual Statement of Accounts.
- 2.39 The Director of Finance shall report to Cabinet and Council, after the accounts have been audited, the out-turn for the previous year for both the revenue and capital programme, identifying the out-turn against budget and the findings outlined in the Audit Completion Report prepared by the External Auditor.

### **Grants from third parties (other than from Central Government or GMCA)**

- 2.40 Where a Senior Officer proposes to accept grant funding from a third party or taking on accountable body status, which exceeds the sum of £50,000, then the Senior Officer should, in advance of accepting the funding, seek an appraisal of that proposal which will involve the approval of the Director of Legal Services and Director of Finance.
- 2.41 Where the amount of the proposed third party grant exceeds the sum of £250,000, this will become a key decision and therefore a report to Cabinet will be required in order to gain approval to accept the funding.

## **3. CHANGES TO THE OVERALL AGREED REVENUE AND CAPITAL BUDGET**

- 3.1 Senior Officers will propose items during their normal course of business which could have financial implications to increase the overall agreed net revenue and/or capital budget of the Council. Where the expenditure is capital, the revenue implications also need to be calculated. Notification of Government grant funding often arrives late, after the annual budget has been set and therefore outside the normal budget approval cycles. Such grant notifications also often have short acceptance timeframes. If the net impact of a Government grant is neutral (i.e., the grant covers in full the anticipated expenditure) to the overall agreed budget, then the grant can be accepted, and funding committed in accordance with the grant conditions.

- 3.2 Where there is additional cost to the Council, then in each case the potential commitment needs to be fully costed setting out the impact on the budget with details of how any additional cost will be financed and its performance effect. Where appropriate and after consultation with the Director of Finance, a report must be presented to Cabinet for consideration, but a capital matter must first be considered at the CIPB.
- 3.3 Any motion or report submitted to the Council which, if carried, would increase the Council's net revenue or capital budget or might otherwise contravene Financial Procedure Rules shall stand adjourned without debate and be referred to the Cabinet to receive a report on the detailed financial implications. When the Council reconvenes to consider the motion or report, it shall receive the recommendation of the Cabinet on the matter before making a decision on the motion or report and on whether to effect any change to the Council's approved Budget.
- 3.4 In the event of urgency, the Council may consider such an item without delay on receipt of a report from the Cabinet Member with responsibility for Finance as to the financial implications.
- 3.5 All proposals which involve a change to the overall revenue or capital budget need to be considered in accordance with the advice of the Director of Legal Services and Director of Finance.

## **Virements**

### **Revenue Budget Virements**

- 3.6 The Cabinet is responsible for agreeing procedures for virements (the transfer of resources) between department, earmarked reserves and service budget headings. The framework that exists ensures that virements which are associated with a significant change in the level of service from that set out in the service plan must be approved by the Member with Portfolio in consultation with the relevant Authorised Senior Officer. However, the Director of Finance may approve virements to address identified budgetary challenges having regard to the financial position of services and the Council has a whole.
- 3.7 The Director of Finance may approve an increase in an approved Department budget by a transfer from another approved Department budget under the control of another Authorised Senior Officer where: -
- (i) both budget heads are cash limited; and

(ii) the variation does not exceed £250,000 and therefore not a Key Decision .

3.8 Authorised Senior Officers, are authorised to transfer resources within a service budget subject only to the maximum amount of virement on any one activity not exceeding 5% or £50,000, whichever is the smaller. Where the aggregate of such virements exceeds £250,000 in a financial year, and if in the opinion of the Director of Finance it is appropriate to do so, the Director of Finance and the appropriate Authorised Senior Officer will jointly report to the relevant Member with Portfolio and the Cabinet Member with responsibility for Finance and be considered for approval by the Director of Finance .

3.9 Authorised Senior Officers may approve a virement into an approved budget head under their management control by a transfer from another approved budget head where: -

(i) both budget heads are cash limited; and

(ii) the virement does not exceed £100,000.

Authorised Senior Officers are responsible for formally approving, and for notifying to the Director of Finance, the record of their approval to in-year virements within service budget headings, and within the limits delegated to them.

3.10 Authorised Senior Officers must consult with the Director of Finance about all virements above their approved, delegated limits before allowing any action in respect of them to take place. All virements above the above limits (ie £250,000) must be approved by Cabinet.

Note - "Approved budget" above means the original provision made when the annual budget was approved by Council, plus or minus any variation which has been approved subsequently.

### **Capital Budget Virements**

3.11 Council has agreed that CIPB will make recommendations on virements within the overall agreed capital plan, between programme areas and within approved programme areas. Cabinet will approve any virements which are Key Decisions ( those over £250,000 ) with virements below this level approved by the Deputy Chief Executive ( Place ) in consultation with the Cabinet Member with responsibility for Finance ,the Director of Finance, and the relevant Cabinet Member for the service area. Any virement above £250,00 must be approved by Cabinet.

3.12 Whenever a project is to be funded via prudential borrowing it shall be done in accordance with the Council's Treasury Management Strategy.

## **Virements – General Protocols**

3.13 The Director of Finance will report as part of the regular budget monitor to the Cabinet and the relevant Scrutiny Board, summarising any variations of the annual estimates including transfers to and from earmarked reserves for consideration at that meeting.

3.14 A virement is specifically not allowed where the transfer of resources is from budgets for capital charges and statutory taxes and levies.

3.15 All virements will be recorded in a way prescribed by the Director of Finance, who will arrange for virements to be reported to, and agreed where required by Cabinet.

3.16 Senior Officers are authorised to incur any expenditure included in the approved revenue budget for the Service, as amended by any virement.

## **4. CAPITAL PLAN PREPARATION AND MANAGEMENT**

### **Responsibilities**

4.1 The Council is responsible for agreeing the overall allocation of resources to the Council's Capital Strategy and Programme.

4.2 The Cabinet is responsible for recommending to the Council a multi-year Capital Strategy and Programme. The CIPB undertakes overall management oversight for the Capital Strategy and Capital Programme on behalf of the Cabinet.

### **Capital Strategy and Programme Preparation**

4.3 The Cabinet will submit to the Council each year a multi-year Capital plan with planning totals for the main programme areas for at least the three following years, to align with the Medium Term Financial Strategy.

4.4 The Capital Investment Programme Board determine the criteria for the selection of projects to form the Capital Programme. This will assist the Director of Finance to prepare a programme of capital schemes for consideration by the CIPB, Scrutiny Board and then by Cabinet.

- 4.5 The Cabinet will recommend, and Council will approve the initial allocations to projects and programme areas.
- 4.6 CIPB will recommend the subsequent allocations of resources from programme areas to projects within the overall total agreed by Council.
- 4.7 The Director of Finance will advise the Cabinet and the Council on the overall Capital Programme and levels of funding available.

### **13. ORDERING AND PAYING FOR WORK, GOODS AND SERVICES**

## **General**

- 13.1 Every Officer and Member of the Council has a responsibility to declare any links or personal interests that they may have with purchasers, suppliers and/or contractors if they are engaged in contractual or purchasing decisions on behalf of the authority, in accordance with appropriate codes of conduct. These interests should be registered with the Borough Solicitor as per the Council's agreed procedures.
- 13.2 Public money must be spent with demonstrable probity and in accordance with the Council's policies, including ensuring suppliers' compliance with taxation in accordance with resolutions of Council. Where appropriate a valid purchasing order shall be raised. Local Authorities have a statutory duty to achieve best value in part through economy and efficiency and the Council's procedures (Contract Procedure Rules, Scheme of Delegation, Financial Procedure Rules and in accordance with Procurement Policy and Practice) must be followed to help Directorates obtain value for money from their procurement arrangements.
- 13.3 Whilst Contract Procedure Rules have a threshold for written competitive quotations, it is nevertheless an obligation on officers to be able to show that they have received value for money at much lower levels than the formal requirement of these rules.
- 13.4 Where the Council has corporately negotiated contracts for goods, services or works, Directorates shall normally use these contracts for such supplies. Information on these contracts can be obtained from the Corporate Procurement Section. Where the Council is also the supplier of a service, officers ordering shall always give the in-house provider the opportunity to quote for the supply.
- 13.5 Senior Officers must ensure that all valid invoices are paid as a minimum within 30 days of receipt. Suppliers should be encouraged to participate in the early discount scheme of the Council and that invoices are submitted in a timely manner to maximise the amount of early payment. In payment of invoices all officers should comply with the detailed guidance issued by the Director of Finance. This includes an analysis where appropriate that a supplier is financially robust to receive all payments via the early payments scheme.
- 13.6 The Director of Finance will determine the method and frequency of payment from one of the Council's main bank accounts, except for: -
- a) petty cash and other imprest accounts
  - b) delegated bank accounts approved by the Director of Finance

## **Raising orders**

- 13.7 All orders for goods, services and works shall be made using the Council's agreed procurement system, A1/Agresso. Unless agreed by the Director of

Finance as an agreed exception, orders should be issued in advance of the receipt of the service and invoice.

- 13.8 Each Authorised Senior Officer's own Scheme of Delegation must identify employees authorised to act on their behalf, or on behalf of the Cabinet, in respect of payments and orders, together with the limits of each person's authority.
- 13.9 Senior Officers must approve a schedule of Council officers authorised to raise requisitions, undertake approvals up to order and invoice stages and to supply their names, job titles and authorised approval levels to the Director of Finance. The schedule must be reviewed at least once per year.
- 13.10 By approving a requisition the approving officer indicates that satisfactory checks have been carried out to ensure that:
- (a) the authoriser of the order should be satisfied that the goods and services ordered are appropriate and necessary;
  - (b) the order value indicates that prices, extensions, calculations, discounts, other allowances and all relevant taxes are correct;
  - (c) payment will be processed via a proper tax invoice;
  - (d) the proposed expenditure will be properly incurred, is within budget, and has been charged to the appropriate budget;
  - (e) entries will be made in asset registers, inventories, stores and other records as appropriate;
  - (f) the order has not been processed previously;
  - (g) the commitment is a proper liability of the Council.

There should be adequate controls to agree invoice values to contracts or non A1/Agresso orders where a dispensation has been received for not using A1/Agresso ordering as detailed in section 13.7. The supplier's sales invoice reference should be recorded in spreadsheet format by the budget holder's department to allow the tracing of invoices input to A1/Agresso in the absence of an A1/Agresso purchase order reference.

- 13.11 The correct receipt of goods shall be acknowledged by recording the details on A1/Agresso or the signature of an appropriate officer who checks for quantity and quality to the details set out on the delivery note to validate the receipt of goods or services. This should not be the same officer who has approved the order.
- 13.12 Signed delivery notes shall be matched and checked to the appropriate electronic order and retained as a record of receipt of the delivery.

- 13.13 System procedures must be followed for the treatment of part or incorrect deliveries and the system updated appropriately.
- 13.14 Goods shall be held with appropriate security and entered into stores or an inventory, if appropriate (see section 8). Permanent valuable items shall be marked as the property of Oldham Metropolitan Borough Council. This does not apply to equipment leased by the Council, which shall be marked to indicate the equipment is leased in such a way as not to deface the equipment.

### **Paying invoices**

- 13.15 Payments shall only be made in respect of goods or services properly received on receipt of an official invoice from the supplier. The invoice must contain, if appropriate, the company registration and VAT numbers and valid Purchase Order number. Failure to quote an order number will not allow the Council system to match with the original purchase order and as a result the invoice will be returned to the sender for the inclusion of this data.
- 13.16 Invoices will be received and processed by the Accounts Payable Team, who will electronically scan the invoices, which will be matched by the system to the relevant order and goods/services received record and passed for payment if within system tolerances.
- 13.17 An exception to this matching process relates to non-order invoices input under the dispensation rule detailed in 13.7 above where the budget holder effectively gives retrospective order approval after an invoice has been input.
- 13.18 Authorised Senior Officers are responsible for ensuring that undisputed invoices are processed for payment within a maximum of 30 days from receipt of the invoice.

### **Advance Payments**

- 13.19 Where a supplier or contractor requires payment prior to the despatch of goods or the provision of services for a new service, an official order signed by a duly authorised officer and clearly marked that payment is to be made before receipt of the goods or services must be completed. A pro forma invoice or supplier's order form detailing fully the goods/service to be obtained must be approved by an officer authorised to certify invoices and retained as a record of the payment made.
- 13.20 Where a supplier or contractor of a supply/ works has already been agreed under a tender/ contract process, then a payment can only be agreed following the submission of a mod.gov report setting out the rationale for agreeing the payment.

### **Transparency Agenda**

- 13.21 As a part of Transparency Agenda the Council shall publish all individual transaction for expenditure in excess of £500 within statutory deadlines.

- 14.4 Cards may be used only in accordance with the approved scheme and for legitimate expenses incurred by the cardholder in the course of official Council business.

They must not be used:

- (a) to circumvent the procedures for the ordering of and payment for, goods and services under these regulations; or

- 15.4 Time records and other pay documents must be maintained in a manner approved by the HR Transactional, Payroll and Pensions Operations Manager and be certified by the relevant Senior Officers or other authorised officers. A record of all authorised officers must be maintained together with specimen signatures, a copy of which will be sent to the Payroll Service.
- 15.5 Access to Payroll Data shall be made available to authorised Council representatives by all audit providers to the Council.

### **Overpayments**

- 15.6 The Director of Finance is authorised to write-off any net overpayment of salary/wage where death-in-service of an employee occurs, except where the Council holds a statutory obligation to recover such overpayments. All other overpayments of pay must be treated for the purposes of recovery and write off in accordance with Financial Procedure Rule 12.

## **16. TRAVEL, SUBSISTENCE AND OTHER ALLOWANCES**

17.3 The Director of Finance will maintain the Council's tax records, make all tax payments, receiving tax credits and submitting tax returns by their due date as appropriate, as well as lead and co-ordinate discussion or negotiations with His Majesty's Revenue and Customs about any taxation matter.

All officers and members need to be aware of the requirements of the Code and ensure they are followed. All gifts and offers of hospitality over £25 need to be registered with the Borough Solicitor.

## **19. UNOFFICIAL AND VOLUNTARY FUNDS**

19.1 These regulations relate to funds administered by officers of the Council, the accounts of which are not included in the Authority's accounts.

19.2 Any proposed unofficial funds require the prior approval of the Senior Officer concerned who must maintain a record of all such funds and ensure that officers are appointed to administer each fund.

19.3 A separate bank account must be maintained for each fund (in the name of the fund) and fund monies must be kept separate from Council monies.

19.4 Senior Officers must ensure that they receive a copy of the accounts of each fund and a certificate in the prescribed form from the auditors or independent examiners of each fund that has to be audited or independently examined. Such accounts are to be prepared annually, and at the completion of the purpose for which the fund was set up.

**1. APPLICATION/COMPLIANCE WITH CONTRACT PROCEDURE RULES**

- 1.1 These Contract Procedure Rules are made under Section 135 of the Local Government Act 1972 and apply to all Contracts and Call-Off Contracts for the procurement of Supplies, Works, Services or Concessions made in the name of the Council. Where in these Rules “the Council” is referred to, the term shall include the reference to School Governing Bodies by virtue of the Scheme for Financing Schools, to the Council in its roles as charitable trustee and to the Miocare Group and any other Contracting Authority owned in whole or in part by the Council.
- 1.2 Compliance with the Rules and observance of law and the acts and regulations from which they emanate (in particular the principles relating to non-discrimination, equal treatment, mutual recognition, and transparency) is mandatory for all Officers, Members, agents, and consultants acting on the Councils behalf. The Rules ensure that procurement activity is undertaken in a legally compliant, transparent, fair, and competitive manner.
- 1.2 For the avoidance of doubt, in instances of pooled funds arrangements made under section 75 of the National Health Service Act 2006 and the NHS Bodies and Local Authorities Partnership Arrangements Regulations 2000 the lead commissioning organisation’s rules will take precedence.
- 1.3 Every Contract entered into by the Council shall be entered into pursuant to or in connection with the Council’s functions and shall comply with:
- 1.3.1 all relevant statutory legislation and provisions and in particular the Procurement Regulations and any relevant case law;
- 1.3.2 the Council’s Constitution including these Contract Procedure Rules, the Council’s Financial Procedure Rules and the Officer and the Executive Member Scheme of Delegation; and
- 1.3.3 the Council’s strategic objectives and policies including, amongst others, the Corporate Plan.
- 1.4 These Contract Procedure Rules apply to all Contracts awarded by the Council for Supplies, Works, Services or in respect of Concessions, regardless of the source of funding for the Contract. They apply to procurement by any form, including by way of a Council purchase order by any other form of Contract awarded by any person, firm or body on the Council’s behalf.
- 1.5 No Contract shall be entered into unless those officers specified in the Scheme of Delegation at Part 3 of the Council’s Constitution with budget responsibilities are satisfied that there is adequate budget provision and all necessary consents to the expenditure have been obtained.
- 1.6 Where a Contract involves the making of a Key Decision as defined in Part 2, Article 14.3.2 -14.3.3 of the Constitution, those relevant officers specified in the Scheme of Delegation at Part 3 of the Council’s Constitution shall ensure that the Borough Solicitor and the Director of Finance are consulted throughout the procurement or commissioning process.
- 1.7 It shall be a condition of any Contract between the Council and any persons (not being Officers of the Council) who are required to supervise a Contract on the Council’s behalf, that

---

in relation to such Contract, those persons shall comply with the requirements of these Contract Procedure Rules as if they were Officers of the Council.

- 1.8 These Contract Procedure Rules shall not apply to:
- 1.8.1 Contracts of employment.
  - 1.8.2 Contracts for direct payments or for personal social or health care or educational need where neither a quotation or tender procedure are, in the opinion of the Deputy Chief Executive, or appropriate Director (following consultation with Borough Solicitor ) viable methods of procurement in the circumstances.
  - 1.8.3 Contracts for the purchase or sale of land or securities, or Contracts for the taking or granting of any interest in land, unless such Contracts involve details of the Council's specific requirements which would amount to a Works contract and must be procured in accordance with these Rules.
  - 1.8.4 Contracts for supplies to be purchased at auction and where the Director of Finance has agreed in writing that the Council's interests will best be served by purchase through auction and has similarly agreed an upper limit for bids.
  - 1.8.5 Contracts for the use of counsel or other legal representation where the Borough Solicitor considers that a Procurement exercise would not protect or support the Council's interests. All contracts for the use of counsel or other legal representation must be commissioned and/or approved by the Director of Legal or nominated representative.
  - 1.8.6 Contracts for works of art or theatre, which are genuinely exclusive.
  - 1.8.7 Contracts commissioned by another Contracting Authority as lead authority in accordance with their own contract procedures and Procurement Legislation provided the Commercial Procurement Unit (in consultation with Legal Services) is satisfied that the Contracts have been compliantly procured.
  - 1.8.8 A Call-Off Contract made by the Council or a lead Contracting Authority on behalf of the Council under a legally compliant Framework Agreement , where the Council is an identifiable or named Contracting Authority provided the Commercial Procurement Unit (in consultation with Legal Services) is satisfied that the Call-Off Contract has been compliantly procured (see Rule 8).
  - 1.8.9 The sale or provision of Supplies, Works or Services delivered by the Council as traded services.
- 1.9 Save for Rule 14.1 and Rule 14.8 and Rule 14.12, these Contract Procedure Rules shall not apply to receiving Grant funding by the Council, and Grant funding to be distributed as a Grant by the Council. This exclusion does not apply to the procurement of Supplies, Works or Services using Grant funding received by the Council. In such cases Grant Funder rules stipulated for procurement should always apply and be strictly adhered to, for the avoidance of any clawback.
- 1.10 The Director of Finance may deviate from these Contract Procedure Rules where there is a valid or exceptional reason for doing so and providing the decision is still compliant with the Public Contracts Regulations 2015. All such cases will be documented and legal advice will be sought .

- 
- 1.11 Any failure to comply with any of the provisions of these Contract Procedure Rules shall be reported to the Head of Commercial Procurement Unit who will refer the matter to the Director of Legal or the Director of Finance, as appropriate and the officer. A breach of these Rules may result in disciplinary action.
  - 1.12 The relevant officer referenced in Rule 1.11 shall, where appropriate, take immediate action in the event of a failure to inform the appropriate Director who will consider and determine the appropriate action.
  - 1.13 Any dispute regarding the application of these Contract Procedure Rules shall be referred to the Director of Finance and Borough Solicitor for advice.
  - 1.14 The final arbiter for resolution of disputes regarding the application or interpretation of these Contract Procedure Rules shall be the Director of Legal whose decision shall be binding and final.
  - 1.15 Persistent breach of the Contract Procedure Rules will also be reported to the Audit Committee.
  - 1.16 These Contract Procedure Rules make provision for the overriding Procurement Regulations. It is anticipated that the Procurement Regulations will be amalgamated and replaced with new legislation which governs the way in which Contracts that have a Contract Value in excess of the prescribed thresholds are procured. The Provider Selection Regime (PSR), a new set of rules for arranging healthcare services in England (but not the procurement of goods or non-healthcare services) apply to the Council.. In the event that new legislation or rules are imposed, the definition of the Procurement Regulations shall be deemed to be modified to refer to the replacement legislation and rules and any procedures within these Contract Procedure Rules which comply with the Procurement Regulations as currently in force shall be deemed to be modified to refer to the replacement rules and procedures.

## **2. COMMISSIONING AND PROCUREMENT PLANNING**

- 2.1 Prior to the start of each financial year, the Council shall create a strategic procurement forward plan in consultation with the Head of the Commercial Procurement Unit and members of the Legal Services team setting out its current Contracts and any Works, Supplies or Services to be procured for the forthcoming financial year. The procurement pipeline should be refreshed at intervals as the need arises. The coordination and updating of this plan will be the responsibility of the Commercial Procurement Unit. The strategic procurement forward plan will be published on the Oldham Council website.
- 2.2 The Council shall, where appropriate, make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness in accordance with Section 3 Local Government Act 1999 (“Best Value”). - 2.4 The Council shall, where appropriate, consider its obligations with regard to data protection under the UK General Data Protection Regulation and the Data Protection Act 2018 as amended from time to time and in particular its responsibilities and that of the Contractor in relation to the processing of personal data through the outsourcing of its services, including specifying the conditions for processing and retaining personal data.

- 
- 2.5 The Council shall, where appropriate, ensure that any collaborative arrangements/agreements with other public bodies to procure Supplies, Works or Services comply with the Procurement Regulations and ensure value for money and that the Council's interests are fully protected.
  - 2.6 As permitted by the Procurement Regulations, soft market testing may be undertaken provided it does not distort competition and is transparent and non-discriminatory.
  - 2.7 Where an organisation has been involved at a pre-procurement stage (whether in soft market testing or otherwise, e.g., incumbents), the Council must ensure fairness, transparency and equal treatment when the tender process starts such as making certain information available to all Tenderers that has previously been made available at a pre-procurement stage.
  - 2.8 The Contract Owner is responsible for the full commissioning cycle including contract management and must ensure the Council enters into a legally binding Contract with the Contractor prior to the provision of the Supplies, Works or Services. The Contract Owner must ensure that the Contract is correctly executed and completed and then lodged with the Commercial Procurement Unit where the value of the Contract is £10,000 and over.

### **3. CALCULATION OF CONTRACT VALUE**

- 3.1 The estimated value of a Contract shall be the total consideration payable, including Value Added Tax (where applicable), which the Council expects to be payable under the Contract and shall be calculated in accordance with Rule 3.2 below.
- 3.2 The total Contract Value shall be calculated as follows:
  - 3.2.1 Where the Contract is for a fixed period, by taking the total price to be paid during the lifetime of the Contract or the price which might be paid during the whole of the period including any permitted extension.
  - 3.2.2 Where the term of a Contract is indefinite or uncertain, by taking the monthly price payable under the Contract multiplied by 48.
  - 3.2.3 In relation to a compliant Framework Agreement with no guaranteed commitment, the Contract Value will be the estimated value of the required Supplies, Works or Services over the full duration of the Framework Agreement.
- 3.3 Under the Procurement Regulations, Contracting Authorities may divide tender opportunities into smaller lots to encourage small and medium sized business enterprises to submit bids and must provide reasons for not doing so. The cumulative value of the individual lots will form the total Contract Value. If the Council chooses not to divide tender opportunities into smaller lots, it will record a reason for not doing so, and this record will be held by the Commercial Procurement Unit.
- 3.4 A Contract Value shall not be artificially under or overestimated or divided into two or more separate Contracts where the purpose is to avoid the application of these Contract Procedure Rules.

### **4. PROCUREMENT PROCEDURES**

- 4.1 Where an existing Contract, Framework or in-house service is available to meet the Council's specific procurement requirements and offers value for money it should be used unless there are particular circumstances which justify an alternative route to market.

- 4.2 An E-auction process may form part of the overall tender process and shall be used in conjunction with the relevant procedures. The Contract Notice or advertisement and the Invitation to Tender / Quote documentation shall state that an E-auction will form part of the process.
- 4.3 If Rule 4.1 does not apply, the Council must comply with the procurement table below, which sets out the required procedure for different Contract Values, the minimum number of offers that must be invited and how invitations to submit offers must be publicised.

## 5. QUOTATION PROCESS

5.1 A minimum of one full written Quotation(s) below £10,000 shall be obtained from Contractor(s) pursuant to the procedure set out in the table in Rule 4.3 before a formal Contract can be issued. Quotations may be price based only. A formal Contract shall be issued after receipt of the Quotation(s) and shall specify the Supplies, Works or Services to be provided or the Concession to be granted, set out the price and terms of payment and incorporate the Council's relevant terms and conditions of contract unless approval from the Commercial Procurement Unit (in consultation with Legal Services) is given to use alternative terms and conditions.

5.2 A minimum of three written Quotation(s) between £10,000 and £29,999 shall be obtained from Contractor(s) pursuant to the procedure set out in the table in Rule 4.3 before a formal Contract can be issued. Quotations may be price based only, with quality evaluation recommended where appropriate. A formal Contract shall be issued after receipt of the Quotation(s) and shall specify the Supplies, Works or Services to be provided or the Concession to be granted, set out the price and terms of payment and incorporate the Council's relevant terms and conditions of contract unless approval from the Commercial Procurement Unit (in consultation with Legal Services) is given to use alternative terms and conditions.

5.3 The Commercial Procurement Unit must assess the requirement between £30,000 and £99,999, and determine the most appropriate process below which must then be undertaken. The Head of Procurements decision on the appropriate process is final:

1. A minimum 3 full written Quotations (RFQ)

---

2. Closed Tender (minimum of 3 nominated bidders identified to take part in a closed tender opportunity); or

3. Open Tender (advertised on the Council's eProcurement system (The Chest) and Contracts Finder)

The above shall be carried out pursuant to the procedure set out in the table in Rule 4.3 before a formal Contract can be issued. A formal Contract shall only be issued after the Procurement and Commercial Unit are in receipt of the Quotations/Tenders which shall specify the Supplies, Works or Services to be provided or the Concession to be granted, set out the price and terms of payment and incorporate the Council's relevant terms and conditions of contract unless approval from the Commercial Procurement Unit (in consultation with Legal Services) is given to use alternative terms and conditions

5.4 Local Contractor(s) should be prioritised in each Request for Quotation and Closed Tender processes, where possible.

5.5 The standard Council templates for Quotations shall be utilised for all Procurement activity and these are held by the Commercial Procurement Unit.

5.6 All Quotation(s) sought shall be recorded in writing for audit purposes via the Council's E-procurement system (The Chest).

## **6. TENDER PROCESS – Below Public Contracts Regulations Thresholds**

6.1 If the Council is satisfied it is lawful not to advertise a tender opportunity and chooses not to advertise the opportunity at all (\*e.g. where quotations are sought, closed tender conducted, single tender action is being considered, a framework agreement or DPS is used, etc), the requirement to publish an opportunity notice on Contracts Finder does not apply to that procurement. All Open Tender opportunities must be advertised via the Council's e-procurement system (The Chest) and Contracts Finder (See table Rule 4.3.)

The Invitation to Tender should include all of the information listed in Rule 9.2 below.

6.2. Any Procurement opportunity advertised shall:

6.2.1 specify the terms and conditions which will apply;

6.2.2 invite persons or bodies to express an interest in tendering;

6.2.3 specify a date or time limit, being not less than 14 days within which such Tenders are to be submitted.

## **7. TENDER PROCESS – Above the Procurement Regulations Thresholds**

7.1 Where an estimated Contract Value exceeds the current Procurement Regulations' Thresholds, the Contract shall be tendered in accordance with the Procurement Regulations. Under the Public Contract Regulations 2015, the Contract may largely be Tendered under Open, Restricted, Competitive Dialogue, Competitive Procedure with Negotiation or Innovation Partnerships Procedure. Under the provisions relating to Social and Other Specific Services within the Public Contract Regulations 2015 and under the Concession Contracts Regulations 2016 the Council shall have more freedom to organise the procedure, subject to compliance with the relevant Regulations

7.2 A Contract Notice in the prescribed form must be published in Find a Tender and Contracts Finder in order to invite Tenders..

---

7.3 All Find a Tender and Contracts Finder notices shall be published by the Commercial Procurement Unit.

#### 7.4 **Competitive Procedures**

7.4.1 A Competitive Dialogue procedure or Competitive Procedure with Negotiation may be beneficial in circumstances where greater flexibility is needed, e.g., for highly complex and risky projects where Tenderers will have a major role in defining the solution or where an Open Procedure may not deliver the expected outcomes.

7.4.2 A Competitive Dialogue procedure or a Competitive Procedure with Negotiation allows the Council to negotiate proposed solutions with Tenderers to achieve a desired outcome.

7.4.3 The Council must publish the minimum requirements, the award criteria and their weightings, which should not be changed during the negotiation process. During the dialogue, the Council must ensure the equal treatment of all participants and must not provide information in a discriminatory manner which may give any participant an advantage over others.

7.4.4 Advice from the Commercial Procurement Unit, in consultation with Legal Services, must be sought prior to embarking upon a Competitive Dialogue Process or a Competitive Procedure with Negotiation.

#### 7.5 **Concession Contract**

A Concession governed by The Concession Contracts Regulations 2016 must be advertised in accordance with those Regulations and the value of the concession must be calculated in accordance with Regulation 8. There are certain procedural guarantees which must be met; award criteria must be published in descending order of importance and the tender evaluation made in accordance with them; minimum time limits for the receipt of tenders and the mandatory and discretionary exclusion criteria must be applied. A Find a Tender / Contracts Finder notice must be published for over threshold tenders.

### 8. **COMPLIANT FRAMEWORK AGREEMENTS**

#### 8.1 **CALL-OFF CONTRACTS**

8.1.1 Where an appropriate compliant Framework Agreement is recommended by the Commercial Procurement Unit, that has been established by a consortium, collaboration, the Council or other public body, the Council may consider using this compliant Framework Agreement to place an order (Call-Off) if:

- 
- (a) the Framework Agreement has been established by an entity, and via a process, which permits the Council to access those arrangements lawfully;
  - (b) the Council is a named Contracting Authority in the original advertisement;
  - (c) a detailed evaluation of the opportunities and risks associated with the Framework Agreement as detailed in 8.1.2 has been undertaken and agreed by the Assistant Director of Legal and the Director of Finance.

8.1.2 Before undertaking a Call-Off under any compliant Framework Agreement, thorough due diligence should be undertaken and advice sought from the Commercial Procurement Unit, and Legal Services to confirm the following (as a minimum):

- the Council is a named Contracting Authority in the original advertisement (identification has to be either by name or by other means that makes the Council clearly identifiable i.e. the Council may be identified by reference to a specific class of contracting authorities)
- the compliant Framework Agreement is in place and binding,
- the compliant Framework Agreement is still valid,

## **8.2 ESTABLISHING A COMPLIANT FRAMEWORK AGREEMENT**

- 8.2.1 Where the Council is establishing a compliant Framework Agreement which may be accessed by other named Contracting Authorities, including any subsidiary companies of the Council, the estimated Contract Value that may be contracted for under the compliant Framework Agreement must take account of all potential work that may be put through the agreement (see Rule 4) and follow the procedures set out in these Contract Procedure Rules.
- 8.2.2 If the Council is establishing a compliant Framework Agreement in accordance with Contract Procedure Rule 8.2.1, reference must be made within the procurement documents explaining if the compliant Framework Agreement is intended for a wider use and advice should be sought from Legal Services to ensure the terms upon which other Contracting Authorities access those arrangements are clear and offer appropriate protection to the Council.
- 8.2.3 In establishing a compliant Framework Agreement, the total duration (including any extensions) cannot exceed four years except in exceptional circumstances where this can be duly justified (as required under Public Contract Regulations.) Any proposal to establish a compliant Framework Agreement with a duration exceeding four years should be referred to the Commercial Procurement Unit and Legal Services for advice.
- 8.2.4 Where, taking into account the above, the estimated value of the compliant Framework Agreement is above the relevant procurement threshold, the authorised officer must ensure that any other public bodies (Contracting Authorities) intended to be able to access the Framework Agreement are included in Find a Tender or contracts Finder or any official notice either individually or by an identifiable class.

- 12.1 Pre-tender clarifications can be provided to potential or actual Tenderers. All responses should be published on The Chest and communicated to all concerned.
- 12.2 Post tender clarifications may be undertaken with Tenderers provided the Council ensures equal treatment of all participants and specifies and applies a process for post tender clarifications in the Invitation to Tender and ensures that no Tenderer is given an advantage over any other Tenderer. Any clarifications on the commercial element of a bid may only change the original price offer where the Head of Procurement reviews the clarification and deems that this is a genuine error i.e. an obvious incorrect calculation, Council providing an unclear pricing schedule. In the case of tenders appearing to be abnormally low bids the Council shall require tenderers to explain the tender price/costs proposed. The Council shall reject the tender where the evidence supplied does not satisfactorily account for the low level of price or costs proposed or where it has established that the tender is abnormally low.
- 12.3 All pre and post tender clarifications must be conducted via The Chest. All communication must be documented and retained on The Chest.

21.5 All Exemptions reports require comments from the Head of Procurement, Director of Finance or their nominated Deputy.

21.6 A direct award of a Contract following an exemption should comply in all other respects with the Council's Contract Procedure Rules and the Council's terms and conditions of contract should be used where possible.

21.7 The Council cannot use an exemption to depart from the Procurement Regulations and a Voluntary Transparency Notice may be required to inform the market of a direct award.

21.8 Where an Exemption is granted, the Contract shall still be made subject to the Council's standard terms and conditions where possible and in accordance with any relevant requirements detailed in Rule 10.1. Any amendments required to the Council's standard terms and conditions shall be approved by Legal Services prior to issuing as part of the procurement process. Legal Services will review and draft the terms and conditions for any bespoke contracts.

21.9 On an annual basis, the record of authorised exemptions maintained by the Head of the Commercial Procurement Unit, should be reported to the Audit Committee for review.

## **22. DECLARATIONS OF INTEREST and ANTI-BRIBERY and CORRUPTION**

## **Councillor Model Code of Conduct**

### **Definitions**

For the purposes of this Code of Conduct, a “councillor” means a member or co-opted member of a local authority or a directly elected mayor. A “co-opted member” is defined in the Localism Act 2011 Section 27(4) as “a person who is not a member of the authority but who

- a) is a member of any committee or sub-committee of the authority, or;
- b) is a member of, and represents the authority on, any joint committee or joint sub-committee of the authority;

and who is entitled to vote on any question that falls to be decided at any meeting of that committee or sub-committee”.

For the purposes of this Code of Conduct, “local authority” includes county councils, district councils, London borough councils, parish councils, town councils, fire and rescue authorities, police authorities, joint authorities, economic prosperity boards, combined authorities and National Park authorities.

### **General principles of councillor conduct**

Everyone in public office at all levels; all who serve the public or deliver public services, including ministers, civil servants, councillors and local authority officers; should uphold the Seven Principles of Public Life, also known as the Nolan Principles.

Building on these principles, the following general principles have been developed specifically for the role of councillor.

In accordance with the public trust placed in me, on all occasions:

- I act with integrity and honesty
- I act lawfully
- I treat all persons fairly and with respect; and
- I lead by example and act in a way that secures public confidence in the role of councillor.

In undertaking my role:

- I impartially exercise my responsibilities in the interests of the local community
- I do not improperly seek to confer an advantage, or disadvantage, on any person
- I avoid conflicts of interest
- I exercise reasonable care and diligence; and
- I ensure that public resources are used prudently in accordance with my local authority’s requirements and in the public interest.

### **Application of the Code of Conduct**

This Code of Conduct applies to you as soon as you sign your declaration of acceptance of the office of councillor or attend your first meeting as a co-opted member and continues to apply to you until you cease to be a councillor.

This Code of Conduct applies to you when you are acting in your capacity as a councillor which may include when:

- you misuse your position as a councillor
- Your actions would give the impression to a reasonable member of the public with knowledge of all the facts that you are acting as a councillor;

The Code applies to all forms of communication and interaction, including:

- at face-to-face meetings
- at online or telephone meetings
- in written communication
- in verbal communication
- in non-verbal communication
- in electronic and social media communication, posts, statements and comments.

You are also expected to uphold high standards of conduct and show leadership at all times when acting as a councillor.

Your Monitoring Officer has statutory responsibility for the implementation of the Code of Conduct, and you are encouraged to seek advice from your Monitoring Officer on any matters that may relate to the Code of Conduct. Town and parish councillors are encouraged to seek advice from their Clerk, who may refer matters to the Monitoring Officer.

### **Standards of councillor conduct**

This section sets out your obligations, which are the minimum standards of conduct required of you as a councillor. Should your conduct fall short of these standards, a complaint may be made against you, which may result in action being taken.

Guidance is included to help explain the reasons for the obligations and how they should be followed.

### **General Conduct**

The general conduct guidance follows below:

#### **1. Respect**

##### **As a councillor:**

##### **1.1 I treat other councillors and members of the public with respect.**

##### **1.2 I treat local authority employees, employees and representatives of partner organisations and those volunteering for the local authority with respect and respect the role they play.**

Respect means politeness and courtesy in behaviour, speech, and in the written word. Debate and having different views are all part of a healthy democracy. As a councillor, you can express, challenge, criticise and disagree with views, ideas, opinions and policies in a robust but civil manner. You should not, however, subject individuals, groups of people or organisations to personal attack.

In your contact with the public, you should treat them politely and courteously. Rude and offensive behaviour lowers the public's expectations and confidence in councillors.

In return, you have a right to expect respectful behaviour from the public. If members of the public are being abusive, intimidatory or threatening you are entitled to stop any conversation or interaction in person or online and report them to the local authority, the relevant social media provider or the police. This also applies to fellow councillors, where action could then be taken under the Councillor Code of Conduct, and local authority employees, where concerns should be raised in line with the local authority's councillor - officer protocol.

## **2. Bullying, harassment and discrimination**

**As a councillor:**

**2.1 I do not bully any person.**

**2.2 I do not harass any person.**

**2.3 I promote equalities and do not discriminate unlawfully against any person.**

The Advisory, Conciliation and Arbitration Service (ACAS) characterises bullying as offensive, intimidating, malicious or insulting behaviour, an abuse or misuse of power through means that undermine, humiliate, denigrate or injure the recipient. Bullying might be a regular pattern of behaviour or a one-off incident, happen face-to-face, on social media, in emails or phone calls, happen in the workplace or at work social events and may not always be obvious or noticed by others.

The Protection from Harassment Act 1997 defines harassment as conduct that causes alarm or distress or puts people in fear of violence and must involve such conduct on at least two occasions. It can include repeated attempts to impose unwanted communications and contact upon a person in a manner that could be expected to cause distress or fear in any reasonable person.

Unlawful discrimination is where someone is treated unfairly because of a protected characteristic. Protected characteristics are specific aspects of a person's identity defined by the Equality Act 2010. They are age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The Equality Act 2010 places specific duties on local authorities. Councillors have a central role to play in ensuring that equality issues are integral to the local authority's performance and strategic aims, and that there is a strong vision and public commitment to equality across public services.

## **3. Impartiality of officers of the council**

**As a councillor:**

**3.1 I do not compromise, or attempt to compromise, the impartiality of anyone who works for, or on behalf of, the local authority.**

Officers work for the local authority as a whole and must be politically neutral (unless they are political assistants). They should not be coerced or persuaded to act in a way that would undermine their neutrality. You can question officers in order to understand, for example, their reasons for proposing to act in a particular way, or the content of a report that they have written. However, you must not try and force them to act differently, change their advice, or alter the content of that report, if doing so would prejudice their professional integrity.

#### **4. Confidentiality and access to information**

**As a councillor:**

##### **4.1 I do not disclose information:**

- **a. given to me in confidence by anyone**
- **b. acquired by me which I believe, or ought reasonably to be aware, is of a confidential nature, unless**
  - **i. I have received the consent of a person authorised to give it;**
  - **ii. I am required by law to do so;**
  - **iii. the disclosure is made to a third party for the purpose of obtaining professional legal advice provided that the third party agrees not to disclose the information to any other person; or**
  - **iv. the disclosure is:**
    - **1. reasonable and in the public interest; and**
    - **2. made in good faith and in compliance with the reasonable requirements of the local authority; and**
    - **3. I have consulted the Monitoring Officer prior to its release.**

**4.2 I do not improperly use knowledge gained solely as a result of my role as a councillor for the advancement of myself, my friends, my family members, my employer or my business interests.**

**4.3 I do not prevent anyone from getting information that they are entitled to by law.**

Local authorities must work openly and transparently, and their proceedings and printed materials are open to the public, except in certain legally defined circumstances. You should work on this basis, but there will be times when it is required by law that discussions, documents and other information relating to or held by the local authority must be treated in a confidential manner. Examples include personal data relating to individuals or information relating to ongoing negotiations.

#### **5. Disrepute**

**As a councillor:**

**5.1 I do not bring my role or local authority into disrepute.**

As a Councillor, you are trusted to make decisions on behalf of your community and your actions and behaviour are subject to greater scrutiny than that of ordinary members of the public. You should be aware that your actions might have an adverse impact on you, other councillors and/or your local authority and may lower the public's confidence in your or your local authority's ability to discharge your/its functions. For

example, behaviour that is considered dishonest and/or deceitful can bring your local authority into disrepute.

You are able to hold the local authority and fellow councillors to account and are able to constructively challenge and express concern about decisions and processes undertaken by the council whilst continuing to adhere to other aspects of this Code of Conduct.

## **6. Use of position**

**As a councillor:**

### **6.1 I do not use, or attempt to use, my position improperly to the advantage or disadvantage of myself or anyone else.**

Your position as a member of the local authority provides you with certain opportunities, responsibilities, and privileges, and you make choices all the time that will impact others. However, you should not take advantage of these opportunities to further your own or others' private interests or to disadvantage anyone unfairly.

## **7. Use of local authority resources and facilities**

**As a councillor:**

### **7.1 I do not misuse council resources.**

### **7.2 I will, when using the resources of the local authority or authorising their use by others:**

- **a. act in accordance with the local authority's requirements; and**
- **b. ensure that such resources are not used for political purposes unless that use could reasonably be regarded as likely to facilitate, or be conducive to, the discharge of the functions of the local authority or of the office to which I have been elected or appointed.**

You may be provided with resources and facilities by the local authority to assist you in carrying out your duties as a councillor.

Examples include:

- office support
- stationery
- equipment such as phones, and computers
- transport
- access and use of local authority buildings and rooms.

These are given to you to help you carry out your role as a councillor more effectively and are not to be used for business or personal gain. They should be used in accordance with the purpose for which they have been provided and the local authority's own policies regarding their use.

## **8. Complying with the Code of Conduct**

**As a Councillor:**

**8.1 I undertake Code of Conduct training provided by my local authority.**

**8.2 I cooperate with any Code of Conduct investigation and/or determination.**

**8.3 I do not intimidate or attempt to intimidate any person who is likely to be involved with the administration of any investigation or proceedings.**

**8.4 I comply with any sanction imposed on me following a finding that I have breached the Code of Conduct.**

It is extremely important for you as a councillor to demonstrate high standards, for you to have your actions open to scrutiny and for you not to undermine public trust in the local authority or its governance. If you do not understand or are concerned about the local authority's processes in handling a complaint you should raise this with your Monitoring Officer.

### **Protecting your reputation and the reputation of the local authority**

## **9. Interests**

**As a councillor:**

**9.1 I register and disclose my interests.**

Section 29 of the Localism Act 2011 requires the Monitoring Officer to establish and maintain a register of interests of members of the authority.

You need to register your interests so that the public, local authority employees and fellow councillors know which of your interests might give rise to a conflict of interest. The register is a public document that can be consulted when (or before) an issue arises. The register also protects you by allowing you to demonstrate openness and a willingness to be held accountable. You are personally responsible for deciding whether or not you should disclose an interest in a meeting, but it can be helpful for you to know early on if others think that a potential conflict might arise. It is also important that the public know about any interest that might have to be disclosed by you or other councillors when making or taking part in decisions, so that decision making is seen by the public as open and honest. This helps to ensure that public confidence in the integrity of local governance is maintained.

You should note that failure to register or disclose a disclosable pecuniary interest as set out in **Table 1**, is a criminal offence under the Localism Act 2011.

**Appendix B** sets out the detailed provisions on registering and disclosing interests. If in doubt, you should always seek advice from your Monitoring Officer.

## **10. Gifts and hospitality**

**As a councillor:**

**10.1 I do not accept gifts or hospitality, irrespective of estimated value, which could give rise to real or substantive personal gain or a reasonable suspicion of influence on my part to show favour from persons seeking to acquire, develop or do business with the local authority or from persons who may apply to the local authority for any permission, licence or other significant advantage.**

**10.2 I register with the Monitoring Officer any gift or hospitality with an estimated value of at least £50 within 28 days of its receipt.**

**10.3 I register with the Monitoring Officer any significant gift or hospitality that I have been offered but have refused to accept.**

In order to protect your position and the reputation of the local authority, you should exercise caution in accepting any gifts or hospitality which are (or which you reasonably believe to be) offered to you because you are a councillor. The presumption should always be not to accept significant gifts or hospitality. However, there may be times when such a refusal may be difficult if it is seen as rudeness in which case you could accept it but must ensure it is publicly registered. However, you do not need to register gifts and hospitality which are not related to your role as a councillor, such as Christmas gifts from your friends and family. It is also important to note that it is appropriate to accept normal expenses and hospitality associated with your duties as a councillor. If you are unsure, do contact your Monitoring Officer for guidance.

**11** If any member has any safeguarding concerns, including child sexual abuse and exploitation, in connection with any person, it is the duty of the member to report these concerns to the Multi Agency Safeguarding Hub (MASH).

## **Appendix A – The Seven Principles of Public Life**

The principles are:

### **Selflessness**

Holders of public office should act solely in terms of the public interest.

### **Integrity**

Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must disclose and resolve any interests and relationships.

### **Objectivity**

Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.

### **Accountability**

Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

### **Openness**

Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

### **Honesty**

Holders of public office should be truthful.

### **Leadership**

Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

## **Appendix B - Registering Interests**

Within 28 days of becoming a member or your re-election or re-appointment to office you must register with the Monitoring Officer the interests which fall within the categories set out in **Table 1 (Disclosable Pecuniary Interests)** which are as described in "The Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012". You should also register details of your other personal interests which fall within the categories set out in **Table 2 (Other Registerable Interests)**.

**"Disclosable Pecuniary Interest"** means an interest of yourself, or of your partner if you are aware of your partner's interest, within the descriptions set out in Table 1 below.

**"Partner"** means a spouse or civil partner, or a person with whom you are living as husband or wife, or a person with whom you are living as if you are civil partners.

1. You must ensure that your register of interests is kept up-to-date and within 28 days of becoming aware of any new interest, or of any change to a registered interest, notify the Monitoring Officer.
2. A 'sensitive interest' is as an interest which, if disclosed, could lead to the councillor, or a person connected with the councillor, being subject to violence or intimidation.
3. Where you have a 'sensitive interest' you must notify the Monitoring Officer with the reasons why you believe it is a sensitive interest. If the Monitoring Officer agrees they will withhold the interest from the public register.

### **Non-participation in case of disclosable pecuniary interest**

4. Where a matter arises at a meeting which directly relates to one of your Disclosable Pecuniary Interests as set out in **Table 1**, you must disclose the interest,

not participate in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a 'sensitive interest', you do not have to disclose the nature of the interest, just that you have an interest. Dispensation may be granted in limited circumstances, to enable you to participate and vote on a matter in which you have a disclosable pecuniary interest.

5. [Where you have a disclosable pecuniary interest on a matter to be considered or is being considered by you as a Cabinet member in exercise of your executive function, you must notify the Monitoring Officer of the interest and must not take any steps or further steps in the matter apart from arranging for someone else to deal with it ]

### **Disclosure of Other Registerable Interests**

6. Where a matter arises at a meeting which **directly relates** to the financial interest or wellbeing of one of your Other Registerable Interests (as set out in **Table 2**), you must disclose the interest. You may speak on the matter only if members of the public are also allowed to speak at the meeting but otherwise must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a 'sensitive interest', you do not have to disclose the nature of the interest.

### **Disclosure of Non-Registerable Interests**

7. Where a matter arises at a meeting which **directly relates** to your financial interest or well-being (and is not a Disclosable Pecuniary Interest set out in Table 1) or a financial interest or well-being of a relative or close associate, you must disclose the interest. You may speak on the matter only if members of the public are also allowed to speak at the meeting. Otherwise you must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a 'sensitive interest', you do not have to disclose the nature of the interest.

8. Where a matter arises at a meeting which **affects** –

- a. your own financial interest or well-being;
- b. a financial interest or well-being of a relative or close associate; or
- c. a financial interest or wellbeing of a body included under Other Registrable Interests as set out in **Table 2**

you must disclose the interest. In order to determine whether you can remain in the meeting after disclosing your interest the following test should be applied

9. Where a matter (referred to in paragraph 8 above) **affects** the financial interest or well-being:

- a. to a greater extent than it affects the financial interests of the majority of inhabitants of the ward affected by the decision and;
- b. a reasonable member of the public knowing all the facts would believe that it would affect your view of the wider public interest

You may speak on the matter only if members of the public are also allowed to speak at the meeting. Otherwise you must not take part in any discussion or vote on the

matter and must not remain in the room unless you have been granted a dispensation.

If it is a 'sensitive interest', you do not have to disclose the nature of the interest.

10. [Where you have an Other Registerable Interest or Non-Registerable Interest on a matter to be considered or is being considered by you as a Cabinet member in exercise of your executive function, you must notify the Monitoring Officer of the interest and must not take any steps or further steps in the matter apart from arranging for someone else to deal with it]

## **Introduction**

1. The purpose of the Employee Code of Conduct is to help employees in contributing to the achievement of the Council's ambitions by providing a clear set of principles that underpin how the Council work and the behaviours and standards that are needed to achieve this vision. Working in accordance with the code also helps the Council provide the best possible service to the public. It helps protect the Council's reputation and ensure that we are trusted to deliver high quality services, with the public interest at the heart of everything we do
2. The Code of Conduct covers all staff employed by the Council. The Members Code of Conduct is in place to guide the standards and behaviours of Members.
3. If your role entails you working as part of a partnership arrangement with another organisation, the Employee Code of Conduct still applies to you.
4. The Code is incorporated into your terms and conditions of employment. Individual service regulations and rules provide more detailed guidance for staff, and in some service areas certain roles are governed by specific professional standards and legislation.
5. Failure to comply with the Employee Code of Conduct, service or professional standards may result in disciplinary action in accordance with the appropriate policy. You should make yourself familiar with the policy which outlines the standards of behaviour expected of you and examples of the type of actions that would require disciplinary action to be taken. A serious breach of this code would include, for example, theft, fraud, or misuse of council property which are offences classed as gross misconduct.
6. You will be indemnified from personal legal action against you if you are acting in good faith in the discharge of your duties.
7. You should seek advice from your line manager or Human Resources if you are unclear about any aspect of the code or associated guidance. If you are a manager, you should make sure those who report to you know about and understand the code, and act if there is behaviour which is inconsistent with it.
8. If you are working for another organisation whilst still employed by the Council (for example when undertaking employer supported voluntary work or on secondment) you are expected to continue to act in accordance with this code to help ensure that the public have confidence in us and the services the Council provide.

## **The Principles in the Code of Conduct**

1. These principles assist in ensuring there is a clear framework of standards within which the Council operates.
2. These provide key guidance on the ethical standards which all people who hold public office should comply with and these standards are reflected in the seven principles of working.
3. An overview of the principles is provided below:

- ***We serve the public***

We are here to provide services to the public and we always deliver the highest standards of service.

- ***Respect for Others***

We treat all people with dignity, consideration, and respect.

- ***Accountability***

We are all trusted to deliver high quality services and in return it is expected that we act responsibly. We are accountable to our Managers, the Council as a whole and the public for our decisions and actions.

- ***Fairness***

We treat people fairly regardless of their age, gender, disability, gender reassignment, race, religion or philosophical belief, sex, sexual orientation, and marital status. Decisions are made fairly, consistently and on merit.

- ***Openness***

The public have a right to know and understand reasons behind key decisions. We act and take decisions openly and transparently .

- ***Honesty and Integrity***

We are honest and truthful and act according to the public, rather than our own, interests.

- ***Leadership***

We promote these principles in everything we do and act in ways to inspire public confidence.

## **Serving the public**

1. Serving the public is at the heart of what we do, whether we work directly with the public, or provide important support that enables customer facing staff to provide the highest possible standards. You should make yourself familiar with any service specific customer service guidance that you are required to follow, in addition to the general standards set out below.

### **Customer Service Standards**

1. Members of the public should be treated with dignity and respect. To help build constructive relationships with our service users, we must take the time to listen and understand. We should work with service users recognising their unique skills and knowledge and the role they can play in facilitating positive change. This helps us to build better relationships and be more empathetic and responsive to individual needs.
2. You also have a right to be treated with dignity and respect by our service users. You are not expected to tolerate aggressive, abusive, or violent behaviour. This includes hate crimes, which are crimes that are targeted at a person because of hostility or prejudice towards that person's disability, race or ethnicity, religion or belief, sexual orientation, or transgender identity. If you experience this, you should report this to your manager and be supported appropriately.

### **Dress Code**

1. You are expected to dress appropriately according to the service that is being delivered and your role within the organisation and you should refer to any service specific guidance that applies.
2. Uniform, and clothing provided for health and safety reasons must be worn.
3. The Council values and welcomes the ethnic, religious and gender diversity of our work force and service dress codes will include ethnic and religious dress requirements to ensure that you are free to wear them.
4. Employees must ensure that their official ID is visibly displayed at all times whilst on Council premises.

## **Respect for Others**

1. Trust, listening and understanding are critical behaviours and essential to developing strong working relationships which will allow us to deliver our objectives. Respectful treatment of others is crucial in your use of Social Media.

## **Our relationships**

1. Internally it is important that we work as one organisation and have constructive working relationships within our teams and are also able to work across teams, services, and directorates. Externally we need to be adaptable to the distinctive styles and approaches of the diverse range of service users, partners, and agencies that we work with.
2. You should be professional in your behaviour towards colleagues and we should treat each other with mutual dignity and respect. The Council does not tolerate behaviour that undermines dignity or respect or can cause others to think less or be disrespectful towards any individual or group. In addition, if you experience bullying or harassment or at work, this should be reported to your manager, or an alternative manager if this is preferred, at the earliest opportunity.
3. Complaints can be raised through policies to support fair treatment and resolution of employees complaining about behaviour in the workplace, including harassment and victimisation by other employees or managers.

## **Relationship with your manager**

1. Managers have a duty of care to staff and are responsible for ensuring clarity of role, monitoring of performance, and setting reasonable standards around behaviour within a particular role. Regular discussions between you and your line manager help you meet your goals and progress key actions.

## **Relationship with councillors**

1. Employees serve the Council as a whole. Mutual respect between employees and councillors is also essential to provide high quality services. Depending on your role, you may be required to give advice to members as part of your duties.
2. Close personal familiarity between employees and individual Councillors should be avoided as this can damage the ability of both parties to act objectively and create a perception of bias with other employees, Councillors and the public.
3. Members have been elected by local people to represent them and their position should be recognised regardless of your own views. If employees or councillors feel that they have not been treated with respect by the other, this can be raised with the appropriate Chief Officer or the Chief Executive.

## **Relationship with service users**

1. You should ensure that you treat all service users with dignity, respect, and impartiality. Avoid unnecessary personal familiarity with service users you come into contact within the course of your work. You should not use your position to take or confer unfair advantage of people accessing our services or allow yourself to be unduly influenced by service users.

2. Your role may involve work with vulnerable service users. All support and interactions with these service users during your employment must comply with relevant legislation, professional standards, and service rules.

### **Use of Social Media**

1. Social media channels provide the Council with unique opportunities to build relationships and to connect and engage with our communities. People often wish their preferred way of communicating with the Council to be through social media.
2. Social media should be used in a respectful way and supports the Council's leadership role in the community, maintaining the trust of all our stakeholders. It is also here to support and protect you as our staff.
3. It is important that you are aware of the negative impact that inappropriate personal social media activity can have on the trust in the Council and the services provided. You are therefore expected to maintain the behaviours outlined in this Code.
4. If you choose to access social networking sites and/or other online forums or blogs you are expected to act responsibly and exercise judgement regarding what is appropriate to post online.
5. Inappropriate or offensive activity on social media that is brought to the Council's attention may result in disciplinary action.
6. Even if you do not identify yourself on Social Media as a Council employee these standards apply.
7. Be aware of any real or perceived conflicts of interest that could occur if you include service users, their families, friends, contractors used by the council or Councillors as 'friends' on social media. You should exercise judgement when you decide whether it is appropriate to accept a friend request.
8. Do not publish anything that is confidential to the council or use social media to comment on potentially sensitive matters in any context. This could include, for example politically sensitive information and information about service users who use our services.

### **Official use of social media for Council business**

1. You may be required and encouraged as part of your role to use Council social media accounts to further Council business. Social media is a welcomed and valued tool of engagement however you must be aware that information you post in this context must reflect our values. Social media posts and interactions are public statements and count as a council record as well as evidence of the Council's work. They can be used as reference at any time in the future and you are responsible for anything that you say online.

### **Behaviour outside Work**

1. The principles of behaviour and respect for others outlined in this Code extend to other situations outside work that may result in a conflict of interest or impact on your suitability

for your role. For example, abusive, violent, or discriminatory behaviour towards another person outside of your workplace, could be treated as a breach of this code and result in disciplinary action.

2. You should be aware that it is particularly important that behaviour meets the standards outlined in this code at events that are recognised as council led or organised events.

## **Accountability**

1. As council employees you are responsible for your behaviour, the decisions you make and your use of Council resources and equipment. This section outlines key areas where responsible actions are integral to your role in the Council. This includes your safeguarding duty, your accountabilities in line with key employment policies, environmental responsibility, your use of Council resources and your protection of information.

## **Safeguarding**

1. The Council has a statutory duty to protect children and adults. If, following contacts with adults or children, you have any safeguarding concerns, you should report to the appropriate safeguarding team.

## **Attendance**

1. Levels of attendance have a major impact on the quality of services we can provide to the public.
2. Managers are expected to provide a supportive work environment that promotes health and wellbeing, to enable maximum attendance at work. In return, whilst it is recognised that there may be times when you are prevented from attending work due to ill health, you are expected to take personal responsibility for supporting your health, by, for example attending appointments or treatment programmes where appropriate. You must also follow the attendance reporting and recording procedures set out in the appropriate policy.
3. We are committed to supporting our disabled employees and those staff with physical or mental health conditions, through providing reasonable adjustments, in line with the Equality Act 2010. Managers are responsible for ensuring that reasonable adjustments such as, but not limited to; flexible working, aids and adaptations, disability related leave, assistive technology, and job redesign, are identified, put into place in a timely manner and reviewed regularly for effectiveness or a change of circumstance.

## **Performance**

1. You are responsible for delivering work of the highest possible standard to ensure that the public receives the quality services that they have a right to expect. You are expected

to seek support where you identify a need and discuss any issues that may be impacting on performance with your Manager.

2. Managers are responsible for communicating clear targets and standards, providing appropriate training and support, and ensuring any workplace assessments and adjustments are implemented. Managers and staff should work together to identify development needs and ensure that suitable development plans are put in place.
3. It is recognised that there may be occasions when there are performance issues that need to be addressed.

### **Health and Safety**

1. The Council has a legal duty to ensure that working here is safe and healthy. You also have a personal responsibility for the health and safety of yourself and others. You have a vital duty to raise concerns about health and safety issues, identify hazards, give your opinion on suitable solutions to health and safety problems, participate in training, and contribute to risk assessment and risk control procedures.
2. You must follow established safe systems of work, including the appropriate use of personal protective equipment. At the earliest opportunity report any accidents, incidents and near misses immediately to your line manager. Ensure you have also read the Council's Health and Safety Policy.
3. Managers are responsible for the active promotion of the health, safety and wellbeing of staff and those affected by the work of their teams through risk assessment and consistent application of health and safety arrangements.

### **Work outside the council**

1. All employees have contractual obligations and should not take outside employment which conflicts with Council's interest.
2. All employees graded above spinal column point 28 of the NJC scheme of conditions of service for Local Government Employees are required to obtain the consent of the Council by applying to their Departmental Chief Officer to take outside employment.

### **Volunteering**

1. Volunteering provides a valuable contribution to the community as well as a range of personal benefits and we positively encourage you to participate both outside work or as part of your volunteering leave.
2. There are also an extensive range of public service volunteering activities you can get involved in, which provide important support to critical public services. You are responsible for ensuring that any additional work you undertake does not conflict with your delivery of your primary role within the Council.

### **Intellectual property**

1. The Council will seek to recognise and acknowledge the contributions you make as part of your work, however the intellectual property or copyright of anything created at work as part of your job belongs to the Council. You are not entitled to use, sell or otherwise exploit the rights to this copyright/intellectual property without written permission from the Council and breaching this may be a criminal offence. You should not breach any other employee's intellectual property rights.

### **Financial Resources**

1. The Council's Financial Procedure Rules safeguard our assets and use of resources and you should refer to these when using financial resources, for example when placing orders for goods and services.

### **Use of Council Systems, Property, Vehicles, Facilities and Equipment**

1. The Council's resources are in place to further the council's objectives and deliver council business and should not be used to carry out private work. You must take care when using the council's resources and avoid any damage to them.
2. If you have access to Council assets, which includes property, buildings, cash, equipment, and other assets, including vehicles, you must take responsibility for the security of such assets and ensure assets are managed securely and protected against accidental loss or damage and unauthorised use. Any loss or theft should be reported immediately to your line manager.

### **Use of Internet or Email**

1. Access to email facilities is provided to employees to facilitate council business, but it is recognised that employees may need to use their council account for occasional personal use which is permitted on the conditions set out in the appropriate policy.
2. E-mails will also be monitored using filtering software and all email content must comply with the Council's policy. It is recognised that access to the internet is often essential and necessary for delivering our services. The internet should not however be used in a way which compromises security.
3. There may be occasions when you need to access Council systems from your own personal devices such as laptops/PCs, tablets, or smartphones. It may also be necessary for you to use your own device to facilitate home or mobile working if you are not provided with a mobile Council device. The Internet and Email Policy also sets out the appropriate use of personal devices for these purposes.

### **Protecting Information**

1. Most of us have, as part of our daily role, responsibility for information that must be safeguarded, for example records and details about residents, service users, other employees or partners and businesses. We are trusted with this information and all employees are accountable for ensuring that information is handled, held or shared appropriately. We must make sure:

- i. Information is protected against unauthorised access and loss
  - ii. Confidentiality is ensured
  - iii. The integrity of information is maintained
  - iv. That legal and regulatory requirements are met
2. Any data breaches must be reported to your manager immediately and there are some circumstances where formal disciplinary processes will need to be used. These are, for example, if your behaviour is malicious or criminal in intent, there are repeated mistakes or there is evidence of a reckless failure to follow service procedures.
3. Your responsibilities are set out in the Information Governance policies and guidance that are available on the Council's intranet. You must complete essential Information Governance training. Full details of the requirements of data protection legislation are covered in the Council's Data Protection Policy.

## **Fairness**

This section outlines how you can ensure your work is conducted with objectivity and impartiality. It covers Equality, Diversity and Inclusion, and political neutrality.

### **Equality, Diversity, and Inclusion**

1. Oldham has a rich cultural and ethnic diversity which we celebrate, recognising the positive contribution that our many communities make to the borough. We work to meet and exceed our Public Sector Equality Duty which gives us the responsibility of fostering good relationships with our communities, promoting equality and eliminating discrimination.
2. Respect for others is fundamental to our behaviour as council employees, and essential to working together. All members of the local community, service users and colleagues have a right to be treated with fairness and equality regardless of their 'protected characteristic' in line with the Equality Act 2010.
3. Protected characteristics' include age, disability, gender reassignment, race, religion or philosophical belief, sex, sexual orientation, marriage and civil partnership and pregnancy and maternity. Protection from discrimination extends to perceived as well as actual characteristic.
4. Mutual dignity and respect are vital to strong working relationships. Actions, words, or behaviour that undermine dignity and respect of others will not be tolerated. Any harassment or victimisation at work should be reported to a line manager, or another appropriate manager as soon as possible.

The Flexible Working Policy provides support for employees with responsibilities outside work.

## **Openness**

Openness in all our interactions with the public is essential to developing the trust we need in our services.

### **Freedom of Information**

1. The Council is committed to openness and transparency. We proactively publish a significant amount of information, and make other information publicly available, to support public awareness as well as involvement in our decision making.

2. This principle is supported by The Freedom of Information (FOI) Act 2000 and the Environmental Information Regulations which (unless the information falls within a limited number of exemptions) gives individuals the right of access to recorded information held by the Council.
3. All requests for information should be dealt with in accordance with the Council's procedures. Anyone who makes a request has a right both to be told whether we provide the information, and to be provided with any information that we hold related to the request (unless the information falls within a limited number of exemptions).

### **Relationship with the press and the media**

1. If the press contacts you for comment in the course of your work you must seek advice and authorisation from your Head of Service and the Council's Head of Communications.

### **Responding to complaints**

1. Complaints from members of the public will be dealt with through the Council's complaints procedure. You are expected to be open and honest in responding to any complaints and investigation, and willing to assist as required.

## **Honesty and Integrity**

Honesty and Integrity are fundamental to the relationship we have with our service users and the community we serve.

### **Political Neutrality**

1. You serve the council as a whole and all Councillors, You must remain impartial due to your role as a Council employee and not allow your personal or political opinions to interfere with your work. You must ensure that individual rights of all Members are respected and act in accordance with any rules relating to relationships with Members.
2. On occasions senior officers may be requested to advise or brief political groups. In this instance you must make your Chief Officer aware and seek advice to ensure that this is done in a way which does not compromise political neutrality.
3. If you are in a politically restricted post, this will be incorporated into your terms and conditions of employment and you should be advised on these restrictions as part of your induction into the Council. This means you cannot undertake certain activities.

### **Declarations of Interest**

1. You must not misuse your position to further private interests or the interests of anyone you have a close personal relationship with. A conflict of interest or association is a situation where a reasonable person might think that someone in the same role as you, with the

same outside interests, could be influenced inappropriately in the decisions or recommendations you make as part of your work for the council. You should also avoid situations where your involvement or contribution could indirectly compromise the interests or values of the council.

2. Close personal relationships include someone you are married/have a civil partnership with or live with, immediate family (parents, siblings, and children) and close personal friends. If there are any conflicts of interest or association, or potential conflicts of interest or association, you must declare them to your line manager.

3. There are several types of interest which you should declare. These include:

- Interests (financial or otherwise) that you, your spouse/partner, or immediate family have in any contract that the Council has entered into or proposes to enter into (for example your partner runs a business that is tendering for a Council contract)
- Interests (financial or otherwise) that you, your spouse/partner, or immediate family have that could conflict with the Council's interests  
(for example, you are a trustee or a board member for an organisation that receives Council funding)
- Close personal relationships with people at work that could cause a conflict with the Council's interests. This could be, for example you are involved in employment decisions in your service where immediate family also works.
- Membership of any organisation whose membership could conflict with your employment with the Council (for example you are a member of Governing Body at an establishment that receives Council funding).
- Outside work (paid or unpaid) that may impact adversely on your employment in the Council (for example you are a Director or Partner in a Business which has a relationship with the Council)
- Any other known/possible conflicts or outside activities that the Council should be aware of (for example you are involved in policy development in Social Care and a member of your immediate family is in care in the area in which you work)

4. If it comes to your knowledge that a contract in which you have a financial interest has been or is proposed to be entered into by the Council you must disclose this to your line manager.

5. If you do declare any conflicts of interest you should provide the following information:

- The actual or potential conflict and the parties involved
- Context to explain why there is conflict
- Name of the individuals or organisations involved
- Explain if this will be ongoing or specific to a particular decision or piece of work

6. You are required to complete the declaration of interest form. You should consider any new interests that you, your spouse/partner or immediate family or close personal friend may have during the year and any changes should be recorded in a new declaration.

7. An officer shall not accept any fee or reward other than the proper remuneration.

## **Procurement**

1. The tendering process must be fair and transparent. If you are involved in the procurement process you should be clear on your role. If you have both a client and contractor responsibility you must be open and accountable in relation to both roles and declare this as a conflict of interest so that appropriate actions can be taken.
2. You should be fair and impartial when dealing with all service users, suppliers, contractors and subcontractors. Any conflict of interest should be declared, in line with the Declarations of Interest section of this Code, and you should not invite bids from any individual or organisation with whom you have a close personal relationship. If you have access to confidential information on tenders or costs for either internal or external contracts you should not disclose that information to any unauthorised party or organisation.
3. When awarding contracts, you should be mindful of any potential conflict of interest arising from involvement with external contractors or potential contractors, who employ, in a senior or relevant managerial capacity, people you have close personal relationships with.

## **Recruitment, Selection and Promotion**

1. If you are involved in the recruitment process you must make sure that all appointments are made on merit. It is unlawful for you to make an appointment which is based on anything other than the ability of the candidate to undertake the duties of the post.
2. If you have a close personal relationship with the applicant you must not take any part in the recruitment or selection process involving that applicant. The Council's application forms ask candidates to make a declaration of any potential conflicts they are aware of. You must also inform the recruitment manager if a personal or business relationship exists.
3. You should not be involved in decisions relating to promotion or pay adjustments for anyone with whom you have a close personal relationship.

## **Gifts and Hospitality**

1. As a general rule, offers of hospitality and/or gifts should be declined.
2. You must never accept gifts or hospitality in the following circumstances:
  - as motivation or reward for delivery of a Service
  - where acceptance places you under inappropriate obligation
  - if acceptance could be open to misunderstanding

3. Failure to comply with these standards could lead to disciplinary action. Also, under the Bribery Act 2011, individuals can be prosecuted for accepting or offering bribes.

### **Accepting Hospitality**

1. You may, as part of your duties, be required to represent the Council where hospitality may be offered. Hospitality includes offers of transport, refreshments, meals, accommodation, or events that would normally be paid for.
2. You must make a judgement regarding whether it is appropriate to accept hospitality in any particular case. Where hospitality is offered it should be recorded in the Gifts and Hospitality Register. If you consider it appropriate to attend the event you should ensure that this is authorised by your Head of Service. You do not, however, need to get authorisation to accept a modest working lunch or refreshments received as part of a conference/course that you attend.

### **Acceptance of Gifts**

1. As a general rule, you should not accept gifts from service users, contractors or outside suppliers, commercial partners, or sponsors. All gifts offered (including any declined) should be recorded in the Gifts and Hospitality Register.
2. There is a general exception to this rule in relation to gifts of a modest kind which could include pens or diaries, or other unexpensive item of office equipment which could be received, for example at a conference you attend to develop your professional knowledge. There is no requirement to declare the gift in these circumstances.
3. There are also a few exceptional circumstances where refusing gifts may cause offence and damage relationships with stakeholders. This could be, a very small gift given as a gesture by a service user for services received (for example following a bereavement) where the situation is sensitive, and refusal may cause offence. In these situations, it may not be practical to obtain Head of Service authorisation prior to acceptance and judgement should be applied in each case.
4. In these circumstances it is important that, following acceptance of the gift a decision is made, with your Head of Service, on the most appropriate use for the gift. Options include donating the gift to charity or retaining it within the office if this is not practical. This ensures that you as an individual have not inappropriately benefited from the gift. Heads of Service must indicate they approve the use of the gift in the Gifts and Hospitality Register.
5. Heads of Service are responsible for maintaining registers and ensuring regular review of them. Any issues or risks associated with gifts and hospitality should be escalated to Chief Officers who should have regular opportunity to scrutinise registers.

### **Criminal Offences**

1. You are expected to work within the law. In addition, failure to uphold the law outside work could damage public confidence in you or the Council. Notify the Council immediately in

writing if you are arrested, charged with or convicted of any offence. If the offence damages public confidence in you or the Council; or makes you unsuitable for the job you do, this may impact on your employment and will be dealt with under the Disciplinary Policy.

2. You must cooperate with any checking process where posts are identified as requiring disclosure of criminal convictions, particularly where there is a legal requirement to do so.

### **Raising Concerns**

1. If you become aware of any significant deficiency of service provision, wrongdoing, fraud, customer abuse, breach of procedure or malpractice, you must report this to the appropriate level of management.
2. If you become aware of activities that are illegal, unethical or violate this Code, you must also report this in accordance with the Council's Whistleblowing Policy.

### **Leadership**

Those undertaking leadership roles are responsible for the delivery of high quality providing positive influence, supporting and demonstrating trust in staff and modelling the ethical behaviours needed from their teams. Managers are responsible for ensuring clarity of role and monitoring performance .

## MEMBER/OFFICER PROTOCOL

### 1. INTRODUCTION

- 1.1 The purpose of this Protocol is to provide guidance to Members and Officers of the Council in their relations with one another in such a way as to ensure the smooth running of the Council. There are Codes of Conducts for Members and Officers and this Protocol is to be read in conjunction with those Codes and the Council Constitution. The objective of the Protocol and Codes is to enhance and maintain the integrity and propriety of conduct.
- 1.2 In particular, this Protocol aims to support the enhancement of local democracy by:
- facilitating the participation of Members and Officers in the Council's policy development and decision-making processes;
  - assisting Members and those Officers who support them in their role as representatives of the community within the Council and externally; and
  - clarifying arrangements for the provision of the information and support for Members and their party groups.
- 1.3 Given the variety and complexity of such relations, this Protocol does not seek to be comprehensive. It offers guidance on some of the issues which most commonly arise.
- 1.4 This Protocol is to a large extent a statement of current practice and working arrangements. It seeks to promote greater clarity and certainty. If the Protocol is followed it should ensure that Members receive objective and impartial advice and that Officers are protected from accusations of bias and unfair influence .
- 1.5 It is important, therefore, that any dealings with Members and Officers should observe reasonable standards of mutual courtesy and respect and that neither should seek to take unfair advantage of their position in any circumstances.
- 1.6 At the centre of this Protocol, is the importance of mutual respect. Member/Officer relationships should be conducted in a positive and constructive way. Therefore, it is important that any dealings between Members and Officers should observe reasonable standards of courtesy, should show mutual appreciation of the importance of work / life balance and

that neither party should seek to take unfair advantage of their position or seek to exert undue influence on the other party. This standard of conduct should also be adhered to in Members' dealings with Officers employed by external organisations.

- 1.7 A Member should not raise matters relating to the conduct or capability of an Officer at meetings held in public or in the media or social media. This is a longstanding tradition in public service as an Officer has no means of responding to such criticisms in public. If a Member feels they have not been treated with proper respect, courtesy or has any concern about the conduct or capability of an Officer, and fails to resolve it through direct discussion with the Officer, they should raise the matter with the respective Chief Officer. The Chief Officer will then look into the facts and report back to the Member.
- 1.8 Failure to follow this protocol may be a breach of the Code of Conduct for Members.
- 1.9 Where an Officer considers that they have not been treated with respect and courtesy by a Member, they should raise the matter with their Chief Officer or the Chief Executive as appropriate.

## **2. OFFICER SUPPORT TO MEMBERS**

- 2.1 Officers being employees of the Council must act in the best interests of the Council as a whole. It is understood however that it is important that there is a close working relationship between Executive Members and Officers who support or interact with them.
- 2.2 Members must respect the impartiality of officers and do nothing to compromise it, e.g. by insisting that an officer change their professional advice.
- 2.3 Close personal familiarity between individual Members and Officers can damage professional relationships. Situations should be avoided therefore that could give rise to the appearance of improper conduct or behaviour or impression or bias.
- 2.4 Support from officers is needed for all the authority's functions including full Council, Overview and Scrutiny, the Executive, Regulatory and other committees, Joint Committees and individual Members representing their communities etc. Day-to-day managerial and operational decisions is the responsibility of the Chief Executive and other officers under delegated powers.
- 2.5 Members should communicate with Officers at the appropriate level. Routine service related enquiries should be initiated through normal departmental

enquiry/contact points. Other matters will normally involve the appropriate Chief Officer or Head of Service. In communicating with Members, Officers should have regard to the Council's Code of Conduct for Employees, the requirements of this Protocol, and any instructions issued by their Departmental management

- 2.6 It is clearly important that there should be a close working relationship between Chairs of the various committees and the Officers who support and/or interact with them.
- 2.7 The Cabinet Member or Chair will routinely be consulted as part of the process of drawing up an agenda for a meeting. It must, however, be recognised that, in some circumstances, the proper conduct of business may require a particular matter to be included on the Agenda and that the Cabinet Member/Chair is not entitled to require the removal of such an item from the Agenda. There may also be circumstances in which the Chief Executive and Head of Paid Service, the Monitoring Officer or the Statutory Finance Officer, will be under a duty to submit a report.

### **3. OFFICER ADVICE TO PARTY GROUPS**

- 3.1 It must be recognised by all Officers and Members that in discharging their duties and responsibilities, Officers serve the Council as a whole and not any political group, combination of groups or any individual Member of the Council. The assistance provided by Senior Officers can take many forms ranging from a briefing meeting with an Executive Member, Chair or other Members prior to a meeting to a presentation to a full political group meeting. It is an important principle that such assistance is available to all political groups and individual members. Senior Officers may properly be called upon to assist and contribute to such deliberations by party groups but must at all times maintain political neutrality. All Officers must, in their dealings with political groups and individual Members, treat them in a fair and even-handed manner.
- 3.2 Attendance at meetings of party groups is voluntary for officers and must be authorised by the Chief Executive (or in their absence the relevant Chief Officer).
- 3.3 Certain points must, however, be clearly understood by all those participating in this type of process, Members and Officers alike. In particular:
  - 3.3.1 Officer assistance must not extend beyond providing information and advice in relation to matters of Council business. Officers must not be

involved in advising on matters of party business. Internal party debates and decision making should take place in the absence of officers.

3.3.2 Party group meetings, whilst they form part of the preliminaries to Council decision making, are not formal decision making bodies of the Council and are not empowered to make decisions on behalf of the Council. Conclusions reached at such meetings do not therefore rank as Council decisions and it is essential that they are not interpreted or acted upon as such; and

3.3.3 Similarly, where Officers provide information and advice to a party group meeting in relation to a matter of Council business, this cannot act as a substitute for providing all necessary information and advice to the relevant Council decision making body when the matter in question is considered

- 3.4 Special care needs to be exercised whenever Officers are involved in providing information and advice to a party group meeting which includes persons who are not Members of the Council. Such persons are not bound by the Members' Code (in particular, the provisions concerning the declaration of interests and confidentiality). Officers would not be able to provide the same level of information and advice as they would to a Member only meeting.
- 3.5 Officers must respect the confidentiality of any party group discussions at which they are present. When information is disclosed to an officer during discussions with a party group that information should not be passed on to other groups. However, Members should be aware that this would not prevent officers from disclosing such information to other officers of the Council so far as that is necessary to performing their duties.
- 3.6 Any particular cases of difficulty or uncertainty in this area of Officer advice to party groups should be raised with the Chief Executive who will discuss them with the relevant group leaders.

#### **4. USE OF COUNCIL RESOURCES**

- 4.1 The use of the Councils resources including the use of ICT equipment provided to Members of the Council is governed by a guidance note which is circulated to Members.

#### **5. MEMBERS' ACCESS TO INFORMATION AND TO COUNCIL DOCUMENTS**

- 5.1 The rights of members to inspect council documents are set out in the constitution in the Access to Information Procedure rules. Members and Officers should both be mindful of their obligations under data protection legislation.

- 5.2 A Member must not disclose information given to them in confidence by anyone or information acquired which they believe is of a confidential nature, without the consent of a person authorised to give it, or unless the criteria in the Code of Conduct apply. A breach of these requirements is a breach of the Members Code. If the breach is serious, legal action may be brought against the member and/or the Council for damages.
- 5.3 The Freedom of Information Act 2000 and Environmental Information Regulations 2004 provide rights of access to recorded information held by public authorities. The provision relating to access to Council meetings and documentation are reflected in the Council's constitution.
- 5.4 Members have a statutory right to inspect any document which contains material relating to any business which is to be transacted at a Council meeting. This right applies in respect of whether or not the Member is a member of the Cabinet or of a Committee, and it extends not only to reports which are to be submitted to the meeting, but also to any relevant background papers. This right does not, however, apply to documents which are exempt from publication unless the Member is a member of the relevant Committee. The common law right of Members is much broader and based on the principle that any Member has a prima facie right to inspect Council documents, so far as his/her access to the document is reasonably necessary to enable the Member properly to perform his/her duties as a Member of the Council. This principle is commonly referred to as the "need to know". Where a Member is, in any particular case, entitled to exercise this right depends therefore on the Member's ability to demonstrate that he/she has the necessary "need to know". In this respect, a Member has no right to a "roving commission" to examine the documents of the Council. Mere curiosity is not sufficient. The crucial question is the determination of the "need to know" for a purpose necessary to enable the Member to carry out his or her public duties. A Member wishing to inspect documents which contain personal information about individuals or a third party would be expected to justify the request in specific terms and compliance with data protection legislation. In any case of any doubt or difficulty, Members should refer to the Chief Executive or Monitoring Officer.
- 5.5 It is accepted by convention that a Member of one group will not have any "need to know" and therefore no right to inspect, a document which forms part of the internal working of another group
- 5.6 Any Council information provided to a Member must only be used by the Member for the purpose for which it has been provided which is for the proper performance of the functions of the Council.

## **6. CORRESPONDENCE**

- 6.1 Correspondence between an individual Member and an Officer should not normally be copied (by the Officer) to any other Member unless where necessary for the proper conduct of business.
- 6.2 Official letters on behalf of the Council should normally be sent in the name of the appropriate Officer, rather than in the name of a Member. It will, however, be appropriate in certain circumstances (e.g. representations to a Government Minister) for a letter to appear in the name of an Executive Member or the Leader. Letters which, for example, create legal obligations or give instructions on behalf of the Council should never be sent out in the name of a Member, Executive or otherwise.

## **7. PUBLICITY AND PRESS RELEASES**

- 7.1 Local authorities use publicity to keep the public informed and to encourage public participation in the business of the Council. The Government has issued a Code of Recommended Practice on Local Authority Publicity and all local authorities must have regard to the provisions of any such Code in coming to any decision on publicity.
- 7.2 Officers and Members of the Council will, therefore, in making decisions on publicity, take account of the provisions of the Code of Recommended Practice on Local Authority Publicity. If in doubt Officers and /or Members should seek advice from the Chief Executive or the Monitoring Officer.
- 7.3 All press releases are issued through the Communications Office on behalf of the Council. Individual Officers are not permitted to issue any press release to the media. Press releases are not issued by the Council on behalf of political groups. They can contain the comments of Executive members and committee Chairs where they are speaking in connection with the roles undertaken by them. Officers comments can be included on professional and technical issues.
- 7.4 Any Member who approaches the media on any item involving or affecting the Council without first approaching or consulting the Council (through the relevant Cabinet Member of the relevant Chair or Head of Communications ) will be responsible for such action. Any Member who does so should make it clear that he/she is speaking on his/her own behalf, or on behalf of his/her political party, and not representing or speaking for the Council. The Code of Conduct for Employees will require Officers to obtain the approval of their Department before issuing any information to the media.

## **8. INVOLVEMENT OF WARD COUNCILLORS**

- 8.1 Whenever a public meeting is organised by the Council to consider a local issue, all the members representing the Ward or Wards affected should as a matter of course, be invited to attend the meeting. Similarly, whenever the

Council undertakes any form of consultative exercise on a local issue, the Ward Members should be notified at the outset of the exercise.

## **9. FURTHER GUIDANCE**

- 9.1 Any Member of the Council who needs further guidance on any of the matters referred to in the Code, or on any similar or related issues, is advised to contact the Chief Executive or Monitoring Officer . Any Officer needing such guidance should refer initially to his/her manager, who will consult senior management and obtain advice as necessary.

# Part 5D

## Budget Protocol – Information Gathering by Political Groups

## **PART 5D - BUDGET PROTOCOL - INFORMATION GATHERING BY POLITICAL GROUPS**

### **1. PREAMBLE**

- 1.1 As a general rule, financial information sought by any Member of the Council from either the Director of Finance or the Deputy Chief Executive or a Strategic Director/Managing Director will be copied to the respective Committee Chairs/Cabinet portfolio holder for their own information.
- 1.2 The only exception to this would be if the information was:
- a) of a personal nature;
  - b) was personal to a constituent but the Member had been authorised to receive information (usually Housing Benefits issues); or
  - c) the information related to the development of a budget strategy.

### **2. PROPOSED PROTOCOL - BUDGET STRATEGY DEVELOPMENT**

- 2.1 The Director of Finance as Chief Finance Officer must treat these requests on a confidential basis as set out in the professional advice from CIPFA.
- 2.2 This advice also applies to any qualified member of the Treasury Division staff representing him/her.
- 2.3 The Deputy Chief Executive/Strategic Directors/Managing Directors are not bound by this advice but it is proposed that any meetings arranged with political groups to establish information to support the budget process should be recorded with notes of the meeting copied to the Chief Executive only and the Director of Finance as well as the Members who attended the meeting.
- 2.4 Such meetings must have the respective Financial Adviser in attendance, together with any other departmental officer felt to be appropriate.
- 2.5 The Chief Executive will determine whether any or all of the discussion should be circulated to other groups.
- 2.6 Discussions between the Director of Finance and political groups will however remain confidential as will any subsequent information given, subject to consulting with the Chief Executive and/or Monitoring Officer on policy/legal issues.
- 2.7 To the extent that such discussions require consultation with other Chief Officers (for confirmation of questions on issues such as deliverability etc.), this will only be undertaken after agreement with the political group in question.

## Part 5(e) Land and Property Protocol

### 1 GENERAL PROTOCOL

- The Corporate Property Board is to take a corporate approach to the management of property assets whether Council owned or within the ownership of One Public Estate partners. It will be the strategic decision-making group focusing on best use of the Council's land and property holdings, within the context of the corporate strategic framework, in particular the Council's Medium Term Property Strategy (MTPS).
- The Deputy Chief Executive, People and Place will have overall responsibility/authority for the Council's Corporate Land and Property Portfolio.
- The Director of Economy will be responsible for the management of all Council owned land and property assets as part of the Corporate Landlord function, in addition to delivery of all strategic regeneration projects.
- Directorates will be considered as tenants occupying corporate buildings. Services must therefore seek advice from the Corporate Landlord when considering future service delivery. This will ensure that all property implications are thoroughly understood and maximise the potential for corporate efficiencies / savings from both Placed Based and One Public Estate perspectives. This will enable Services to focus on service delivery.
- The Council's Community Asset Transfer Policy (as amended in March 2019) and the views of Ward Members are to be considered as part of any proposal to declare an asset within the Council's Land and Property Portfolio as being surplus to the Council's operational requirements.

### 2 CORPORATE PROPERTY BOARD

The main Terms of Reference for the Corporate Property Board are as follows:

It will comprise at least:

- The Leader of the Council
- The Deputy Leader and Cabinet Member for Finance and Corporate Services
- The Deputy Leader and Cabinet Member for Social Justice and Communities
- The Deputy Chief Executive for People and Place

- The Directors of Finance, Legal Services and Economy

The Corporate Property Board's function will be to evaluate business cases and make recommendations to the appropriate decision maker in relation to future property acquisitions aligned the principles of the Council's Commercial Property Investment Strategy.

A quorum of at least 3 members of Corporate Property Board will be required to consider the outline business case of potential investment opportunities, a minimum being one Elected Member, the Director of Finance and the Deputy Chief Executive People and Place. If the outline business case is approved, Corporate Property Board will authorise the Director of Economy to complete the purchase.

- (i) All land and property shall be treated as a corporate resource.
- (ii) The Corporate Property Board will act as the management and decision-making board for the Corporate Landlord, unless directed otherwise within this protocol.
- (iii) Service Directorates will be considered as tenants occupying corporate buildings.
- (iv) To ensure a corporate approach to meet targets to reduce the amount of office space held by the Council, all planned moves and relocations will be subject to review by the Corporate Property Board and approval to any such moves will be via either the Deputy Chief Executive People and Place or the Director of Economy.
- (v) Executive Directors and Directors will be required to account for assets used to deliver services and the Corporate Property Board will challenge existing and future occupation requirements.
- (vi) Service Directorates will be required to work with the Corporate Landlord via the Corporate Property Board in respect of proposals to invest in, acquire or dispose of property.
- (vii) The Corporate Property Board will regularly review the business case for the retention of Council assets. Each of the Council's assets or group of assets is to have a detailed Asset Management Plan and performance including security of income, income growth and costs will be reviewed annually. Decisions will be provided in respect of future capital investment and retention / disposal of assets.

Consequently, the Estates within the Council's Land and Property Portfolio, ie Service Delivery (Direct and Indirect), Income Generation,

Regeneration, Co-operative and Surplus as established as part of the MTPS, will be subject to continual change. As the Estates are rationalised, opportunities to achieve revenue savings / capital receipts and to reduce backlog maintenance expenditure / increase income will arise.

- (viii) Property occupation costs and utilisation will be monitored through the Asset Management process. Any assets considered surplus to the Council's requirements will, in the first instance, be reported to the Corporate Property Board.

### **3 GENERAL MANAGEMENT PRINCIPLES**

The Council has adopted the following key management objectives and principles relating to its' Land and Property Portfolio:

- (i) Capital Receipts (see Definitions at Section 16)

Capital Receipts come from the sale of the Council's assets.

In general capital receipts arising from the disposal of housing assets and for which account is made in the Housing Revenue Account (HRA) are governed by the Local Authorities (Capital Finance and Accounting) (England) Regulations 2003. In summary the regulations require that:

- Receipts arising from Right to Buy (and similar) sales may be retained to cover the cost of transacting the sales and to cover the debt on the properties sold, but a proportion of the remainder must be surrendered to central Government;
- Receipts arising from all other disposals may be retained in full provided they are spent on affordable housing, regeneration or the paying of housing debt.

Where the sale of an asset leads to the requirement to repay grant, the capital receipt will be utilised for this purpose. Once these liabilities have been established and provided for, capital receipts will be available to support the capital programme as a corporate resource.

- (ii) Land and property running costs, including those relating to carbon emissions, will be optimised to ensure expenditure associated with occupation is minimised, in accordance with the Council's Energy Policy.

- (iii) Land and property users have an obligation to significantly reduce running costs.

- (iv) The Council will maintain investment into its land and property assets, in accordance with the Building Maintenance Policy (as approved at EMT on 15 January 2015). The Corporate Landlord will report annually on the level of

investment required to maintain the portfolio / corporate estate to a minimum standard of repair and ensuring compliance with health and safety matters.

(v) Partner organisations including Oldham Integrated Care Organisation and others within the public and voluntary sectors will be encouraged to:

- a) adopt a collaborative approach to service delivery and
- b) share accommodation in order to reduce occupation costs wherever possible,

in accordance with the Council's Co-operative aspirations / objectives (including its' Community Asset Transfer Policy) and the principles of One Public Estate.

(vi) Future developments will incorporate the principles of whole life cycle costing. Capital and revenue programmes will make provision for investment into the Borough's property infrastructure. Provision will depend on the financial resources of the Council and will be determined through the capital and revenue budget planning processes. (See Definitions at Section 16: Capital Expenditure)

(vii) New buildings will be sustainable, based on whole life cycle costing and not initial capital outlay. All new buildings and those subject to significant refurbishment works must have a Building Research Establishment Environmental Assessment Method (BREEAM) rating of not less than good, and/or in accordance with the Council's Energy Policy.

(viii) All reports and Business Cases should incorporate Finance, Legal and Property comments plus any other relevant comments for example, Procurement and Human Resources) and the report author is to confirm that the Council's Land and Property Protocol has been complied with.

(ix) Due diligence will be undertaken including appropriate financial checks to establish whether a potential purchaser / lessee owes the Council any monies as a debt prior to acceptance of any offer for the sale or letting of a Council asset.

(x) The Council is committed to the principle of being a Corporate Landlord.

#### **4 POWERS OF ACQUISITION, APPROPRIATION, HOLDING and DISPOSAL OF LAND**

The Council is empowered to acquire, hold, appropriate and dispose of land for its statutory purposes, by a variety of statutes. When preparing an acquisition, disposal or appropriation of land, officers must ensure that the transaction is undertaken using the appropriate powers of the Council for that land and having regard to all legal requirements, including statutory guidance.

Property comments will be required in respect of all reports which have land

and property implications.

## **5 DETAILED LAND AND PROPERTY PROTOCOL**

### **5.1 Background Matters / General Principles**

All land and property, whether held for Service Delivery (Direct or Indirect), Income Generation, Regeneration, Co-operative Use or as part of the Surplus portfolio, will be subject to regular review in accordance with individual Asset Management Plans and the MTPS.

Land owned by the Council acting in its capacity as a charitable trustee should **not** be subject to the regular review process and cannot be disposed of without the permission of the Charitable Trust Committee / The Charity Commission.

The Corporate Landlord will work with Directorates (via DMT's) to ensure that any potential change of direction in service delivery, which has an implication in terms of the Council's future property requirements will be advised at the earliest opportunity.

Any proposed changes will also be in accordance with the Council's Accommodation Strategy.

### **5.2 Disposal of Land (Best Consideration)**

The Local Government Act 1972 Section 123 provides that the Council may dispose of land in any manner it sees fit, subject to the constraint that a disposal must be for the best consideration reasonably obtainable unless the consent of the relevant Secretary of State is obtained.

A disposal includes a lease of more than seven years or an assignment of a lease which has more than seven years to run.

Generally, best consideration will be achieved by offering the land for sale to open competition. Section 123 applies to land held for most of the Council's statutory functions, subject to certain exceptions such as disposal of land held for housing purposes, which are governed by the Housing Acts and for planning purposes which are governed by planning legislation. In such cases, specific legal advice should be sought at the earliest opportunity.

The method and terms of sale will be subject to professional advice on a case by case basis having consideration of paragraph 5.3 below, the Disposals Protocol and Methods of Sale at Appendix B together with the following:

- All disposals and marketing exercises must be carried out observing the principles of transparency, proportionality and equal treatment.

- Techniques can be used to introduce an element of control and these include incorporating options / buy back provisions for the Council should development not be carried out. Buy back provisions should not include repurchasing at less than market value or on any terms which imply a penalty is being imposed for the development not being carried out or completed.
- Heads of Terms should be discussed with Legal Services prior to release.
- Provisions within an agreement can be included to give the Council the ability to approve (as landowner **not** as Local Planning Authority) planning applications before they are submitted.
- The Council is not able to enter into development agreements imposing obligations on buyers / developers to develop sites / carry out works or impose conditions as to how or when a development is carried out unless it has been properly procured.
- The Council can however require that developments are carried out in accordance with planning requirements and any permissions required / obtained, but this cannot include requiring a planning permission to be implemented – it can only condition what happens if a planning permission is implemented [including requiring (where appropriate and reasonable) that once the development is commenced by the carrying out of a material operation then in the interests of the amenity of neighbouring properties the development is brought to practical completion with a specified period (such period to be reasonable in all the circumstances) from the date of commencement (bearing in mind that any obligations relating to the development will be nonetheless difficult for the Council to enforce from a practical point of view save through the exercise or threat of exercise by the Council of a buy back option)].
- The preparation of documents for marketing and any evaluation / scoring mechanisms used must be agreed in advance with Legal Services and (in appropriate cases) Procurement.
- Soft market testing can be conducted where appropriate with advice and support from Legal Services / Procurement.
- Communication with potential bidders and buyers must be clear, consistent and create and maintain a level playing field. Information given out to bidders must be provided to all bidders and records must be kept of all communications.

- Proposals to dispose of high value and / or sensitive disposals and the appropriate route to market should be discussed and agreed in advance with Legal Services and Internal Audit.
- Where a high level of control is desired over specific outcomes on a particular site, then consideration must be given to disposal via a procurement exercise.
- Matters pertaining to best consideration, state aid, public open space and any school / playing field / academy issues need to be taken into account.

### **5.3 Application of the EU Public Procurement Regime**

Certain disposals of land may fall within the definition of “works” contained within the scope of the Public Contracts Regulations 2015, which give effect to European Directive on public procurement. This will need to be considered, for example, where the Council is providing land within a development scheme or is imposing obligations on a developer in order to meet its regeneration objectives, whether through the use of a Section 106 agreement or development agreement.

Care and advice needs to be taken prior to the Heads of Terms stage and advertisement so as to ensure the regulations are not inadvertently triggered for example: the exercise of a decisive influence over the type or design of the works; or works carried out from which the Council either derives an immediate economic benefit; or imposes a legally enforceable obligation to undertake the works (rather than allowing the other party the option of not carrying out or completing the works even if the consequence of that is the loss of the deal).

Officers of the Council should not discuss the details of an individual bid with a prospective bidder before the decision to award the Contract is made. Any discussions as to a potential bidder’s proposals for the site could prejudice the decision making for the award of the Contract. Therefore, any communications should be limited and restricted to writing and all communications should be made with the principles of proportionality, transparency and fairness borne in mind. If the Council wants to test the market for a site to understand its’ best value for money use, then Officers should look to undertake soft market testing, before advertising the site for sale.

This remains a complex area of law and legal advice should be sought at an early stage to determine whether any proposed disposal to a developer should be advertised under the Public Contracts Regulations.

## 5.4 Disposals of land at less than Best Consideration

The presumption is that land will be sold for the best consideration reasonably obtainable. However, it is recognised that there will be circumstances where the Council will consider it appropriate to dispose of land at less than best consideration; for example to support the Council in achieving its ambitions as a Co-operative Council.

In certain circumstances, the law provides that authorities may dispose of land at less than best consideration. This requires the consent of the relevant Secretary of State, unless a General Disposal Consent (issued by the relevant Secretary of State from time to time) may be relied on. Any decision to dispose of land at less than best consideration may only be made subject to seeking the consent of the relevant Secretary of State where required.

The General Disposal Consent (England) 2003 provides a general consent removing the requirement for the Council to seek specific approval from the Secretary of State for a wide range of disposals at less than best consideration.

### **The Council have been granted consent in circumstances where:**

- (A) the difference between the unrestricted value of the land to be disposed of and the proposed disposal price does not exceed £2million; and**
- (B) the Council considers that the purpose for which the land in question is to be disposed is likely to contribute to the achievement of any one or more of the following objectives in respect of the whole or any part of its area or of all or any persons resident or present in its area:**
  - (i) the promotion or Improvement of the economic well-being;**
  - (ii) the promotion or Improvement of social well-being; and**
  - (iii) environmental well-being.**

It must be considered in each case whether a specific proposal to dispose of land at less than best consideration meets these criteria or continues to require specific consent under Section 123 of the Local Government Act 1972, or other legislation. Land held for specific Housing purposes is subject to additional regulation and early legal advice should be sought in such instances.

Any such proposed disposal of land at less than best consideration will need to consider the possibility that the proposed transaction may result in the giving of unlawful State Aid (European Union Treaty article 87(1)).

In determining whether or not to dispose of land for less than best consideration, the Council should obtain a Red Book Valuation from a Chartered Surveyor (valuer) to determine the likely amount of the undervalue (i.e. the difference between unrestricted value of the land to be disposed of and the proposed disposal price). Legal advice should also be obtained on the question of whether the disposal is capable of falling within the terms of the specific consent. In certain cases, it may be prudent to consult the District Auditor in relation to any action that is proposed.

In considering the application of the well being criteria under the General Disposal Consent, the Council must have regard to the Council's Corporate Plan, the Oldham Plan and Co-operative Council ambition and reasonably consider, via the Director of Finance, the extent, if any, to which the proposed disposal supports the aims and objectives therein.

Any proposal to dispose of land at less than best consideration should in the first instance be referred to the Corporate Property Board for consideration. The Council must demonstrate that it has acted reasonably in approving undervalue transactions in order to be in a position to respond to any potential challenge. Regard must therefore be had to the Medium Term Property Strategy, the terms of the Council's Land and Property Protocols and the Council's fiduciary duty. Accordingly, all decisions will address the following issues:

- Confirmation that the disposal will contribute positively to the Council's priorities.
- A statement that the benefits that the Council will derive from the proposed disposal cannot be achieved unless the sale takes place at undervalue.
- Details of the proposed terms of the transaction which will ensure that the disposal will contribute to the achievement or Improvement of the social, economic and environmental well being of the area.

Following review by the Corporate Property Board, any proposed transactions at less than best consideration shall be approved as follows:

- Where the undervalue is up to and including £100,000 by the Director of Economy.
- Where the undervalue is greater than £100,000 by Cabinet.

For the avoidance of doubt, the Academy Conversions process is excluded from this provision; as such disposals are within a statutory direction.

## **5.5 Freehold or Leasehold Disposal**

For all property disposals considerations will be given to the appropriate tenure of the disposal, whether freehold or long leasehold. The decision will have regard to the benefits of retaining any residual controlling interest against the implications of such action which may for example give rise to on-going estate management responsibilities, maintenance obligations or result in continuing financial costs or charges for the Council either at the time of consideration or at some future date.

The most recent House of Commons Briefing Paper relating to Leasehold and Commonhold Reform (October 2019), outlines amongst other things the Government's intention to legislate and prohibit the creation of new long leasehold tenancies on houses. Consequently, where the disposal of land is intended for residential development purposes, then the Council is to sell its' freehold interest where it currently holds such an interest.

## **5.6 Lettings**

No lettings should be carried out by Service Departments. All proposed lettings should be directed to the Director of Economy in order to protect the Council's interests and Health and Safety obligations.

The taking of or the granting, renewal, assignment, transfer, surrender, taking of surrenders, review, variation or termination of any leases, licences, easements or wayleaves at considerations, delegated as follows:

- For transactions of an Estate Management nature up to a maximum value of £250,000 will be within the delegated authority of the Head of Asset Management and Estates, in consultation with the Director of Economy, Director of Finance and Borough Solicitor and in consultation with the relevant Cabinet Member .
- For all transactions over £250,000 per annum or in return for a premium of over £250,000 shall be referred to Cabinet for decision.

Leases of over 7 years and assignments of leases with over 7 years to run, are defined in law as disposals. This means that the general requirement to dispose at the best consideration reasonably obtainable will apply to them. Any proposal to dispose at less than best consideration should be dealt with as outlined in the section on Disposal (Best Consideration) above.

Under this protocol, the terms of any proposed letting will be considered by reference to the asset category;

**a) Income Generation and Regeneration Estates**

- The lettings will be based on commercial terms at full market value provided that the Director of Economy may in consultation the Director of Finance and the Borough Solicitor authorise a short term let at below market value where this has commercial justification, for example, to cover running costs prior to redevelopment and the asset falls within the Regeneration Estate.
- Concessionary lettings within the Income Generation Estate are not permitted and should Directorates wish to support such an arrangement it will be required to ‘sponsor’/ fund the concessionary rent through alternative funding to the level of full market rent.
- Flexibility will be provided in respect of schemes / initiatives specifically directed at supporting businesses, provided that a full business case is in place and the views of the Director of Economy are sought regarding such schemes.
- Legal advice will be required before any concessionary rent is agreed to ensure the Council is not in breach of State Aid Regulations.

**b) Service Delivery (Direct and Indirect) Estates:**

Lettings to public sector tenants or commissioning partners delivering public sector services will be “at cost”.

**c) Co-operative Estate:**

Letting to community sector tenants may range from “at cost” to an agreed discounted fee ie potential a peppercorn rent dependent on the structure of the organisation, its’ relevance to the Council’s Social Value Framework and how it benefits the local community.

Legal advice should be sought before any concessionary rent is agreed to ensure the Council is not in breach of State Aid Regulations.

**d) Surplus Estate:**

Lettings will be based on commercial terms at full market value provided that the Director of Economy may in consultation the Director of Finance and the Director of Legal Services authorise a short term let at below market value where this is beneficial to the longer-term goal of disposing of the asset.

Tenants should not commence occupation of premises in advance of either legal completion of lease or having sufficient legal measures in place to protect the Council's interest.

Rent collection and treatment of arrears should be in accordance with the Council's Protocol for debt recovery.

## **5.7 Community Transfer**

If it is considered that an asset is used for social, community and public purposes and the benefits of that service are deemed to outweigh the value of continuing ownership by the Council on behalf of all Council Tax payers, then the Council may consider the transfer of the asset to a community group. Any such transfer should be in accordance with the Council's Community Asset Transfer policy. See the link below.

[https://www.oldham.gov.uk/info/200615/love\\_where\\_you\\_live/2269/community\\_use\\_of\\_council\\_land\\_property](https://www.oldham.gov.uk/info/200615/love_where_you_live/2269/community_use_of_council_land_property)

If the surplus property has been registered as an "asset of community value", the Council has to ensure that there is opportunity for a Community Right to Bid prior to any disposal process commencing.

## **5.8 Decision Making**

The disposal, acquisition or appropriation of land, including open space, is an executive decision. The Council's Constitution provides for executive decisions relating to land to be made as set out in this document.

A disposal of land that will either generate a capital receipt over £250,000, or result in loss/generation of income over £250,000 will be a key decision and will need to be publicised on the Key Decision Document prior to being submitted to the decision maker. (Full definition of 'Key Decision' within Constitution).

All Key Decisions decisions are made by Cabinet

In order to improve transparency, all property acquisitions will be reported retrospectively to the Capital Investment Programme Board quarterly on a cumulative portfolio basis.

### **a) Transactions Subject to Cabinet Approval**

1. All recommendations to dispose of land for less than the best consideration reasonably obtainable where the likely

undervalue is greater than £100,000.

2. All recommendations to acquire individual plots of land, compulsorily or by agreement, or properties of any value that have not been approved within a scheme of development or regeneration project.
3. All recommendations to acquire by agreement, appropriate or dispose of land or property valued in excess of £250,000.

**b) Transactions Delegated to the Deputy Chief Executive (Place ) for Approval**

Subject to paragraph 5.8 a) 3 the Deputy Chief Executive ( Place) is authorised, to approve property acquisitions, appropriations and disposals of land valued below £250,000.

**c) Transactions Delegated to the Director of Economy**

Subject to paragraph 5.8 a) 3 the Director of Economy, is authorised to approve property acquisitions, appropriations and disposals of land valued at less than £250,000.

**d) Transactions Delegated to the Head of Asset Management and Estates**

Subject to paragraph 5.8 a) 3 the Head of Asset Management and Estates is authorised to approve property acquisitions, appropriations and disposals of land valued at less than £50,000. Any action taken under this authority will be reported to the Director of Economy, for information.

**6 Commercial Property Investment Strategy**

All land and property acquisitions for commercial investment will be reported to the Corporate Property Board, specifically those sought to generate a sustainable future income stream to support the Council's mainstream service delivery as part of its' Commercial Property Investment Strategy.

To ensure that good investments are not lost through delays in the decision-making process, Cabinet remains the decision-making body, following recommendations from the Corporate Property Board (CPB).

The Board will comprise Directors of Finance, Legal and Economy, Deputy Chief Executive and Portfolio Holders for Finance and Corporate Services and the Leader of the Council. A quorum of at least 3 members of the Board

will be required to conduct business, including finance, economy and Member representation.

All property purchases or investments over £250,000 require Cabinet approval.

Assets, Accommodation and Investment (AAI) Group will replace the Property Rationalisation Group to review and report on performance and risks to the work programme. This needs to include external stakeholders such as CCG / OPE and key internal functions such as the corporate estate, finance, legal and Unity partnership in order to act as one integrated team at Head of Service level;

Cabinet shall approve all acquisitions in excess of £ 250,000 unless there is a need to make an emergency decision in which case the emergency provisions within this Protocol will take effect.

The Directors of Finance and Economy also have delegated authority to secure additional specialist external advisors as considered appropriate subject to compliance with the Council's Contract Procedure Rules.

## **7 Emergency Decisions**

In circumstances where actions are required urgently, e.g. bidding at auction to acquire land and property of strategic significance, where the value of the transaction is greater than £250,000, the Deputy Chief Executive( Place) in agreement with the Council Leader and in consultation with the Directors of Finance and Legal (or their duly authorised nominees) will have authority to take appropriate action. An Emergency Action will be reported to Cabinet for information at the next available opportunity.

## **8 Member Notification**

The appropriate Cabinet Member and Ward Members will be notified in advance of all property transactions and their views will be recorded as part of the decision-making process.

The exceptions to this are the sale of individual residential ground rents in accordance with Leasehold Enfranchisement legislation, and decisions delegated to the Head of Strategic Assets and Facilities Management where Ward Members will be notified of day to day estate management matters seven days prior to implementation.

## **9 Delegated Decision Recording**

With the exception of those referred to below, all delegated decisions are to be recorded on ModGov if it is a Principal Decision as defined in the constitution.

Other general estate management decisions delegated to the Head of Strategic Assets and Facilities Management will be recorded to the schedule template.

## **10 Compulsory Acquisition of Land**

Cabinet approval is required for any acquisition of land (or programme of acquisition) where it is proposed to use the Council's powers of compulsory acquisition. Any approval to acquire the same land by agreement should be sought from Cabinet at the same time as the approval to use compulsory powers.

## **11 Content of Reports**

Cabinet reports seeking consent to dispose of or acquire land should include details of the interest held, appropriate site plans and valuation information provided by an appropriately qualified source.

Reports seeking to dispose of land at less than best consideration should in addition, address those matters set out in paragraph 5.4. above including the provision of a Red Book Valuation in respect of the amount of undervalue.

Reports should demonstrate that all relevant legal issues have been considered and addressed and that there is no legal barrier to prevent a decision from being taken.

Where approval is sought for a development scheme or regeneration project, a plan showing the individual properties whose acquisition it is proposed to seek under the scheme or project must be included in the report which seeks approval for the scheme.

## **12 Independent Valuations of Land/Property**

With regard to those transactions for the disposal and acquisition of property that have not been exposed to the open market it is considered prudent to seek an independent valuation from a Chartered Surveyor (valuer) in accordance with the RICS Red Book .

## **13 Instructions to undertake property transactions**

- For the avoidance of doubt, Legal Services will not accept instructions relating to property transactions from service directorates.
- Only transactions correctly approved as set out in paragraph 5.6 and 5.8 will be accepted.
- All instructions to Legal Services will be via the Council's property and asset management system (currently Concerto).

## 14 Office Moves

As part of its' Medium Term Property and Office Accommodation Strategies, the Council needs to use its' office space in a much more efficient and cost effective manner in order to contribute to annual revenue savings targets.

To achieve this, Corporate Landlord will have full control and oversight in co-ordinating and monitoring office moves across the Council's portfolio.

All Service Managers are to adhere to the Land and Property Protocol and note that all requests for accommodation or office moves within the portfolio need to be referred to Corporate Landlord for written approval prior to any moves taking place.

Requests should include a business case or briefing paper outlining the following:

- (i) The reasons for the proposed move including an indicative timescale.
- (ii) Estimates for ICT works (including data and power requirements), any works associated with redecoration or alterations, removal costs and any other incidental costs.
- (iii) Use of existing or surplus office furniture from within the Council's portfolio should be considered at the outset. The purchase of new furniture will only be considered where the proposed move creates a more efficient and cost-effective use of the office space via for example the use of smaller desks.
- (iv) Where a "move request" is Service led as opposed to one proposed by the Corporate Landlord (for example to vacate a building for disposal) then the Service will need to confirm that it has sufficient budget resource to fund its' proposed move.

In the first instance all requests should be directed to the Head of Strategic Assets and Facilities Management for subsequent approval by either the Director of Economy or the Deputy Chief Executive( Place).

The Director of Economy will be responsible for all office accommodation

including relocations in accordance with the Council's Office Accommodation Strategy as part of the wider Corporate Landlord function.

Due to the significant long-term investment involved, express written approval from the Director of Economy is required before considering the installation of IT Hubs in Council property.

## **15 Service Review**

The Corporate Landlord will work with Divisional Management Teams across Services to ensure that strategic and operational property requirements are addressed in line with the Medium Term Property Strategy, the Office Accommodation Strategy and Locality Asset Review.

## **16 Definitions**

### Capital Expenditure

Section 16 of the Local Government Act 2003 + Regulation 29A of the Capital Financing Regulations (England) 2003 define capital expenditure as;

1. Expenditure that results in the acquisition, construction, or enhancement of a Fixed Asset.
2. Expenditure where the Secretary of State has made a direction that it can be treated as capital expenditure e.g. exceptional items which would otherwise place an unreasonable strain on revenue budgets.

### Capital Receipt

Section 9 (1) of the Local Government Act 2003

"a sum received by the authority in respect of the disposal by it of an interest in a capital asset"

Section 9 (2) defines a capital asset as:

"An asset is a capital asset if, at the time of the disposal, expenditure on the acquisition of the asset would be capital expenditure"

Capital receipts are restricted to use for

- Financing new capital investment
- Reducing borrowing under the Prudential Framework
- To pay a premium charged in relation to any amounts borrowed
- To meet any liability in respect of credit arrangements
- To meet disposal costs (not exceeding 4% of the receipt)

## **17 PROTOCOL ON DISPOSAL OF OPEN SPACE**

### **17.1 General Principles**

The key issue is to make sure that open space (sometimes referred to as public open space) is identified at the earliest possible stage of the disposal process.

As open space is not specifically dealt with in official copies on the Land Registry, the Council has developed an assessment matrix to assist in determining whether the asset is considered to be 'Open Space' and whether any disposal should follow the Public Open Space disposal process as set in this protocol.

A copy of the assessment matrix is within Appendix A.

### **17.2 Decision Making**

Decisions to dispose of open space must be made in two stages. The first stage report is to recommend disposal of the land in principle, subject to the advertising (in an appropriate publication) of the proposed disposal and allowing time for objections.

The second stage report will make recommendations for disposal or retention of the land having regard to any objections, which have been received to the proposed disposal. This report can be incorporated with the report seeking authority to dispose of the land and the terms recommended.

Consideration of the objections and the decision to dispose to be undertaken in accordance with the appropriate delegations set out in the Land and Property Protocol.

Where the land is put to the open market then any offers received will be subject to completion of a separate tender report in accordance with the delegated authority set out within this Protocol under paragraph 5.7 above.

In the event of a sale of land by private treaty for example to an adjoining householder for say garden use, then the Head of Strategic Assets and

Facilities Management has authority to approve such transactions and recorded as such in accordance with paragraph 9.

Sufficient time should be allowed for the completion of the open space disposal procedure, utilising the appropriate delegations and considering any objections. Instructing officers should allow at least 6 weeks between receipt of instructions by Legal Services and the end of the period for objections.

### **17.3 Legal Procedures**

Instructions to advertise a disposal of open space should be sent by the surveyor (via Concerto) to Legal Services (fao. Group Lawyer, - Corporate Group) giving the following information:

- cost code and purchase order number
- plans of the land
- measurements of the land
- a copy of the decision to advertise the land
- name of the person/directorate to receive objections. This should be the instructing officer or other person in the instructing directorate.
- any other relevant information.
- (if applicable) confirmation of whether the purpose of the disposal is to be specified in the notice (and, if it is, the description of the purpose to be included in the notice). The default position will be that the purpose of the disposal will not be specified (as this is not required by law) unless Legal Services are instructed to the contrary.

The instructions will be allocated to an officer in Legal Services who will draft the notice and arrange for it to be placed in a local newspaper for two (2) consecutive weeks.

Notices will follow standard format, the use of the word 'disposal' will be fully explained and (only if the purpose is to be specified in the notice - see above) the purpose of the 'disposal' will be clarified.

Twenty Eight (28) days will be allowed from the date of the first advertisement for objections to be made to the relevant Deputy Chief Executive. 28 days is generally considered to be a reasonable minimum length of time for objections.

### **17.4 Communication with Potential Purchasers**

In communicating with potential purchasers of open space, care must be taken to ensure that officers and/or members do not give the impression,

either deliberately or inadvertently, that the need to advertise open space and consider objections is merely an administrative process which will be "rubber stamped".

The decision is a public law decision and must be made in accordance with the principles of public law. In particular it must be reasonable to dispose of the land having considered objections and there must be no pre-determination of the decision.

Potential purchasers should understand that the Council is not able to make any commitment to enter into a contract for sale unless and until a proper decision to dispose of the land has been taken.

### **17.5 Acquisition and Appropriation of Open Space**

Acquisitions (including compulsory acquisitions) and appropriations of open space to other purposes must apply the appropriate legal powers and duties for the purposes for which the open space is being acquired.

**Legal advice should be sought before any proposed departure from this protocol.**

## **Appendix A – Public Open Space Assessment Matrix**

### Introduction

In accordance with the Land and Property Protocol, it is important that the surveyor identifies at the earliest possible stage whether the land subject to a proposed disposal could be considered or deemed to be “open space” (often referred to as Public Open Space) as defined within Section 336(1) of the Town and Country Planning Act 1990, more particularly:

“Open space means any land laid out as a public garden, or used for the purposes of public recreation, or land which is a disused burial ground.”

If this cannot be determined conclusively from information available to the surveyor then he / she should undertake a site visit and complete the assessment below. This is aimed at assisting the surveyor in determining whether the Council is required to advertise its’ intention to dispose of open space to fulfil its’ statutory obligation in accordance with the provisions of Section 123 Local Government Act 1972 and / or Section 233 Town and Country Planning Act 1990.

The surveyor is recommended to consider the questions raised in Table 1 and if applicable consider further those issues referred to in Table 2 as part of their assessment.

It is further recommended that the surveyor takes photographs of the site in question.

### Table 1 Questions

The following table sets out a series of questions the surveyor should consider as part of his / her initial assessment of the land whilst carrying out a desktop exercise and site visit.

No	Questions	Yes / No	Course of Action
1	Is the land designated within the Local Plan (formerly Local Development Framework / Unitary Development Plan) as recreational open space?	Yes/No	If Yes - advertise
2	Is the land formally laid out and maintained as a garden or landscaped area by the Council's Parks Service?	Yes/No	If Yes - advertise
3	Is the land formally laid out and maintained as a garden or landscaped area by a partner organisation on behalf of the Council?	Yes/No	If Yes - advertise
4	Does a desktop study reveal any evidence that the land was a former burial ground?	Yes/No	If Yes – advertise.  NB: If so, also need to consider whether it is consecrated ground.
5	Is the land unfenced and accessible to the public?	Yes/No	If Yes – consider Table 2 issues. If No – note current use of the land, any evidence of site notices or use with permission.

### Table 2 Issues

If following completion of the questions within Table 1 the answers are all 'No', then the surveyor is required to consider further the issues in Table 2.

No	Issues to Consider	Comments
1	Degree to which there is evidence of use for recreational purposes by members of the public. For example: dog-walking, trial / mountain biking, kick about area, etc.	
2	Degree to which there is clear evidence of wear or desire lines?	
3	Degree to which any lack of repair or maintenance to the boundary features (i.e. fences, walls, hedges, ditches or bunds) may offer an opportunity to access the land.	

4	Degree to which any access or use of the land might be considered as being unlawful or may constitute trespass?	
5	Degree to which there is evidence that the land is being used with permission?	
6	Degree to which there is evidence of a previous use on the site and when this may have ceased? For example, has the site been temporarily landscaped pending redevelopment e.g. housing clearance programmes – if so how long ago?	

Having completed the above, the surveyor is required to consider / assess the following risks:

Risk Factor	Low		High	
	1	2	3	4
<b>Risk of Challenge</b> i.e. The risk or likelihood of the Council being challenged as a result of a decision to dispose of the land without first undertaking a POS advertising procedure.				
<b>Financial / Reputational Risk</b> The possible effect from a financial / reputational /judicial review perspective of any such challenge.				
<b>Sensitivity</b> How contentious any such disposal may be.				

### Scoring

Each of the above risk factors is to be scored between 1 and 4. Total Score for the subject site =  
Assessment and Options

### Option 1

If the score is greater than 6, the subject land should be regarded as Public Open Space and as such is subject to a statutory advertising procedure to be undertaken in accordance with the Council's Land and Property Protocol.

### Option 2

If the score is 6 or less then the subject land should not be regarded as Public Open Space and as such is not subject to a statutory advertising procedure.

Decision

Having fully completed this Assessment, the surveyor has considered all pertinent information available to him / her and determined that Option 1 / Option 2 \* should be followed in respect of the subject site.

## **Appendix B – Disposals Protocol / Methods of Sale**

### **a) Introduction**

Land and Property transactions undertaken by Local Authorities often attract widespread public interest and consequently the Council needs to have a clear code of practice underpinned by procedural guidelines, which are adhered to by both Members and Officers when dealing with such matters.

This protocol applies to the disposal by way of sale or lease of an interest or interests in land and property including fixtures and fittings incidental thereto which has / have previously been agreed by either Corporate Property Board or via the Officer Scheme of Delegation as being surplus to the Council's operational requirements.

### **b) Summary of Marketing Methods**

The Council will usually use one of the following methods to dispose of land and property:

1. **Private Treaty** - a sale of land negotiated with one or a small number of purchasers. The land may or may not have been marketed as available for sale. A binding legal agreement is created on 'exchange of contracts' between the Council and the purchaser.
2. **Public Auction** - a sale of land by open auction available to anyone. The sale will be advertised in advance. A binding legal agreement is created upon the acceptance of a bid by the auctioneer.
3. **Informal Tender** - a sale of land after a public advertisement that requests informal offers or bids that meet a given specification or set of objectives.

A binding legal agreement is not created until the exchange of contracts between the authority and the chosen bidder.

4. **Formal Tender** - a sale of land by a process of public advertisement and tenders submitted by a given date in accordance with a strict procedure. A binding legal agreement is created upon the acceptance of a tender by the Council.
5. **Exchange of Land** - a transaction involving the exchange of Council owned land with another land owner.

The land acquired by the Council will meet at least one of its corporate objectives and will be 'equal' in value to the land exchanged or there can be an equality payment made by either party.

6. **Development Partner / Agreement** – a private sector partner who has been established through appropriate means, to jointly deliver and benefit from redevelopment / regeneration schemes.

**c) Further Guidance**

**1. Disposal by Private Treaty**

The main characteristics of a sale by private treaty are:

- 1) The timescales for completion of the transaction are not fixed until exchange of contracts.
- 2) Offers are made Subject to Contract.
- 3) Offers are, or may, not all be received at the same.
- 4) It is usual for the asking price to be quoted.

The steps involved in a private treaty sale will usually include the following:

- i) Openly advertising the property for sale through an agency or direct advertising media.
- ii) Taking offers from interested parties.
- iii) Identifying preferred offers
- iv) Negotiation of bids to ensure best value.

The Council will normally consider the highest bid as representing the best consideration that can be reasonably obtained, subject to ensuring any conditions attached to bids are reflected in the final evaluation.

The process for disposal by private treaty can still include a closing date and be by way of sealed bids if considerable interest is anticipated.

If land is to be sold by private treaty without being marketed, then reasons justifying a private treaty sale must be recorded in writing. In some circumstances, the Council may seek an independent valuation to verify that 'best consideration' is being obtained. An example may include a sale to a special purchaser.

A private treaty sale without the asset being openly marketed may be justified where:

- a) land to be disposed of is relatively small in area and an adjoining

or closely located landowner(s) is (are) the only potential or likely purchaser(s).

- b) The nature of the Council's land ownership and that of the surrounding land ownership is such that the land must be sold to adjoining or surrounding landowners if best consideration is to be obtained.
- c) The Council's corporate objectives and best consideration can best be achieved by a sale to a particular purchaser.
- d) The sale is to a non-profit making organisation and the role of that organisation is conducive to the improvement of public services and facilities available within the borough.
- e) The purchaser has a particular interest in purchasing the premises or a particular association with the premises and where open marketing of the premises may lead that particular purchaser to reduce the value of their offer for the premises or withdraw their interest in the premises altogether.
- f) The purchaser has a particular interest in purchasing the site or a particular association with the site and where in the opinion of the Corporate Property Board / Portfolio Member (Economy and Enterprise) open marketing of the site may cause undue hardship or unrest for that particular purchaser or where the sale of the premises to a party other than that particular individual would substantially and detrimentally affect the normal operation of the business associated with the premises.
- g) The disposal is as a result of the Right to Buy scheme.
- h) The Crichel Down Rules, which are commended but not binding on a local authority, apply and the Council has decided to sell the land to the person from whom it acquired the land. Specific procedures relate to the disposal of property where Crichel Down Rules apply. It is therefore recommended that legal advice is sought in such circumstances.

A legally binding agreement will not be reached until either contracts for the lease or sale of land are exchanged or a development agreement is signed.

**a) Private Treaty – with open marketing**

After a reasonable period of exposure to the market, negotiations are carried out with interested parties and a clear highest bidder might emerge.

In the event that two or more interested buyers are identified at similar prices, it is possible to consider moving on to the Informal Tender method below.

**b) Private Treaty – sole party without marketing**

This is to be considered where there is unlikely to be more than one party interested in the property at an open-market price or there is a special interest purchaser likely to pay above the market price.

This generally arises when an application is received from an adjacent or neighbouring owner(s) to purchase the freehold or leasehold interest of a small or inconsequential area of land in the Council's ownership. If the land is deemed to be surplus to requirements and has no development value or potential demand as an open market opportunity, then negotiations with the adjacent or neighbouring owner should be opened in order to achieve the most advantageous financial or economic outcome, for example if the land is 'landlocked' or is difficult or expensive to maintain.

Special circumstances may arise where an adjacent owner can gain advantage by combining land to give rise to a ransom, betterment or overage position. In such cases, it is necessary to establish both the market value and the value advantage to the proposed purchaser.

**2. Disposal by Public Auction**

Sale by public auction may be appropriate where there is no obvious potential purchaser and where speed and best price can be publicly demonstrated.

An auction reserve is used to ensure that a property is not sold below an agreed level of value and is usually within 10% of the auctioneer's guide price. The reserve may be adjusted upwards or downwards (but within the 10% threshold) depending on the level of interest following a period of marketing. The auctioneer usually advises on the level of the reserve.

Prior to the sale it will therefore be necessary for the appropriate Officer within the Council's Scheme of Delegation to confirm the auction reserve to be applied. It is recommended that an Officer attends the auction to act on behalf of the Council.

Legal Services are to ensure that an appropriate legal pack including a contract for sale or lease is ready in good time prior to the auction.

The binding contract will be made on the acceptance of the highest bid providing it has reached the reserve price. Contracts for the sale or lease will immediately be signed and exchanged. The contract usually specifies that legal completion is to occur within 20 working days, however the Council may choose to specify a longer period within the contract if necessary, provided that the contract also states that the parties may agree to complete on an earlier date.

### **3. Disposal by Informal Tender**

A disposal by informal tender differs from a formal tender in that neither the Council nor the successful bidder is legally obliged to enter into a contract for the disposal of the land.

The informal process allows the Council to identify a preferred bidder with whom it may then negotiate further detailed terms or proposals for the development of the land concerned.

The Council may, as a part of the disposal process, still request best and final offers for a sale, or informal development proposals for land. This process is particularly useful for large or complex development or regeneration sites requiring development and where proposals need to be developed in co-operation with a specific or identified bidder in order to meet the Council's corporate objectives and achieve the best consideration that can be reasonably obtained.

Although not a formal tender, after the closing date, all bids should be recorded by the relevant case officer.

A binding legal agreement is not created until the exchange of contracts for sale or lease or the signing of a development agreement.

This method is suited to sales where there are uncertainties, particularly around Planning, and allows for use of conditional contracts, including clauses which can allow for further sums to become payable upon grant of planning permission at different points in the future.

It is therefore essential that officers considering disposal of property by informal or formal tender consult with Planning and Highways to ensure that if the disposal is dependent upon receipt of planning consent then there is reasonable prospect of that consent being approved.

### **4. Disposal by Formal Tender**

A sale of land by formal tender may be appropriate where:

- a) The land ownership is not complex.

- b) The final form of legal documentation for contracts / transfer are in place together with statutory searches and replies to standard enquiries.
- c) There are no uncertainties as to grant of a planning consent.
- d) The Council is seeking obligations to be placed on the successful tenderer which are clear and capable of specification in advance.

This method can provide a well organised, transparent way of achieving completion when a timeframe is essential. However, it is often more costly and a much longer lead-in period is required.

Formal tenders will not be appropriate where the land ownership position is complex or the development proposals for the land are insufficiently identified or otherwise incapable of being drawn up into a detailed specification at the pre-tender stage. This is particularly so where a detailed planning permission is required, such as a listed property or property in a Conservation Area. Therefore prior to the commencement of a formal tender process the advice of Planning and Highways should be sought.

With a formal tender process, a legally binding relationship is formed when the Council accepts a tender in writing. It is essential therefore, that every aspect of the disposal is specified within the tender documents. The tender documents should include a contract for sale or lease (which will have a form of transfer or lease annexed to it) which should be completed with the tenderer's details, the tender price, include a deposit cheque to preclude withdrawal of the tender prior to acceptance and be signed by the tenderer. It will be released unconditionally to the Council on submission of the tender.

Sale of land by formal tender will require a detailed specification to be drawn up. This needs to specify the land to be sold, any requirements to be met by the tenderer and any obligations that must be met.

## **5. Disposal by Exchange of Land**

Disposal by exchange of land will be appropriate when it will achieve best consideration for the Council and is advantageous to the Council and other parties to exchange land in their respective ownerships.

The exchange will usually be equal in value. However, an inequality in land value may be compensated for by an equality payment or by other means where appropriate. In such circumstances the Council may seek an independent valuation to verify that 'best consideration' will be obtained.

This method could be advantageous where there is a requirement to deliver corporate or regeneration objectives via the use of Wellbeing powers.

## 6. Development Partner / Agreement

This is a complex transaction which may be subject to a procurement process that will not usually be appropriate unless circumstances such as those listed below apply:

- The Council wishes to retain a degree of control and influence over the type and pace of development that could not otherwise be achieved through exercise of its statutory powers (such as Planning).
- There is a reasonable expectation of improved future profits that the Council wishes to secure through overage or equity share arrangements.
- It is appropriate for the Council to make land or buildings available to a partner agency (such as a Registered Social Landlord) for the provision of core services at below market value.
- To allow a third party to bring forward a site for development by such as the securing of planning consent without the financial exposure of speculative site acquisition.

Such arrangements are highly complex and expert advice will be obtained to support the Council. Care will be taken to ensure compliance with procurement and / or State Aid Rules. Legal advice should be sought at the outset.

Other than settlement of principal terms covering such as purchase price, site area and the like, additional factors that need to be considered for development partnerships will normally include:

- (i) The provision of detailed information and plans of the proposed development.
- (ii) The timescale for completion of the development.
- (iii) Detailed funding arrangements and confirmation that these are in place.
- (iv) Evidence of end user commitment and the opportunity for Council to discuss that commitment directly with the end users in question.
- (v) Details of the developer's financial offer for the property.
- (vi) Developer's track record with similar developments.

- (vii) Any partnership record with other local authorities.
- (viii) Full details of any proposed joint venture opportunity.
- (ix) Details of any conditions precedent to which the proposal is subject.
- (x) Any wider / longer term regeneration benefits from the proposal. For example, employment or training opportunities during construction or from the proposed end user.
- (xi) Provision of any other off-site benefits or facilities.
- (xii) Potential for attraction of shoppers, visitors, users to the borough's facilities.
- (xiii) Capacity of the proposal for bringing other sites forward or opening up other development potential.
- (xiv) Potential for leverage of private or other public funds and grants.
- (xv) Capacity of the proposal to remove or reduce other Council financial liabilities.
- (xvi) Satisfaction of the Council's approved regeneration objectives.

**d) Exceptions**

Other methods of disposal may be used where circumstances warrant. A notable exception to the standard methods of disposal is the Council supporting Government policy in the transfer of maintained schools to Academies who self-determine on conversion.

The Council typically transfer the Council's land under a 125 year lease at a peppercorn rent in accordance with the Academies Act 2010. Whilst a long lease is preferable, the Department for Education (DfE) recognises that at times parties will seek to enter into local agreements.

The expectation is still however that all land and facilities used wholly or mainly for the purpose of the converting school will transfer and be made available for Academy use.

## e) Tender Procedure

Officers are to adhere to the following when marketing land or property for sale by tender (whether via Informal Tender or Formal Tender):

- a) No tenders shall be invited unless Public Notice has been given in at least one local newspaper giving details of the property and the proposed transaction. It should also invite interested persons to apply to tender within a period of not less than 28 days.
- b) Where an agent has been appointed to act on the Council's behalf, their name and address will also be given, and they will be required to acknowledge and comply with this Protocol.
- c) Interested parties will be provided with property particulars and full details of the tender process.
- d) All tenders must be delivered in the envelope provided or in a sealed envelope addressed to the Borough Solicitor, bearing the words "Tender for....." the address of the land or property for sale, along with the closing date for submission of offers, but without any name or mark indicating the identity of the sender.
- e) All tenders delivered by hand ie to the Civic Centre Main Reception, will be issued with a receipt indicating the land or property in question and the time and date and time of its' delivery. A record is to be maintained.
- f) Applicants who wish to make an offer by post must do so by Recorded Delivery.
- g) All tenders received are to be passed to Legal Services.
- h) Tender envelopes will remain unopened and in the custody of the Legal Services until the appointed time for opening.
- i) All tenders will be opened together after the closing date has expired by an Officer nominated by the Borough Solicitor as well as the Case Officer for the sale land / property.
- j) The Borough Solicitor will maintain a record of all tenders received including any late bids.
- k) Tenders will not be accepted where they are not specific, or they are made in reference to another bid, for example "£100 over the highest bid".

- l) The Council will make it clear that it does not bind itself to accept the highest tender or indeed, any tender.
- m) Any tenders received after the tender closing date or where they contravene any provision of the tendering conditions or instructions will only be opened with the authority of the Borough Solicitor.

**f) Late Bids**

Where land is being disposed of by way of formal tender, bids received after the deadline for tenders, will be recorded as late, together with the time and date of receipt. The Borough Solicitor should decide whether to consider late bids in consultation with the Director of Economy in exceptional circumstances.

**g) Online tendering**

In consultation with Legal Services tenders can be run online through the Council's e-procurement portal.

Council, however, may at any time revoke the appointment of a substitute member and appoint another Member. Council may at any time vary the number of substitutes to be appointed.
- 1.2 If a substitute Member is present at a meeting and the Member whom he/she is replacing turns up during the course of the proceedings the original Member will take no part in the proceedings other than that permitted to any other Elected Member.
- 1.3 Substitutes will speak and vote in their own capacity at meetings and will declare any interests in the matters to be discussed as though they were a Member of that Committee.
- 1.4 Substitutes for co-opted members of any Committee will not be permitted.

### 2 Regulatory Committees

- 2.1 Substitutes will be permitted on Regulatory Committees as follows:

- (i) Licensing Committee

No substitutes are permitted on the Licensing Committee. The Licensing Committee will determine a scheme of substitution for the Licensing Panels from within its own membership only.

- (ii) Planning Committee

Up to sixteen Members will be appointed as named substitutes in accordance with the political balance of the Committee. Any substitute may be called upon to substitute for a Member of the same political group. The political groups will grade substitutes to be called upon in priority order.

- (iii) Commons Registration, Employment, Audit, Appointments, Investigation and Disciplinary Committee and Appeals Committees

substitutes will be permitted.

### **3. Overview and Scrutiny Bodies**

- 3.1 Substitutes are permitted from amongst the named substitutes appointed for each Body. Political Groups may nominate substitutes for each Body up to a maximum of the number of Members that Group has serving on the Body. - 4.2 A substitute must be appointed prior to the commencement of any meeting. Once a meeting has commenced then a substitute will not be permitted unless a meeting is adjourned. If an adjourned meeting, except in the case of Appeals, Employment, Appointments and Investigation and Disciplinary Committees, is held on a different day to the original meeting then a substitute may be appointed provided that the business before the Body is not prejudiced by a substitute being present.
- 4.3 On receipt of notification that a substitute is required the Chief Executive will arrange for a substitute for that Member on the basis outlined above and ensure that the substitute Member has access to all necessary papers for the meeting.
- 4.4 In the event of the notice being received after 12 noon on the day of, but prior to the commencement of, the meeting the Chief Executive will make every effort to arrange for a substitute Member to be present and notify the Chair if it is not possible to arrange for a substitute at such short notice.
- 4.5 Members may if they wish arrange their own substitute and notify the Chief Executive accordingly. The Chief Executive has delegated notification requirements, in Section 4, to the Head of Democratic Services

### 4. **The Local Government and Social Care Ombudsman**

The "Ombudsman" will consider complaints against a local authority where the complainant alleges that he/she has suffered maladministration or injustice. A complaint can be lodged by a Councillor on the Complainant's behalf or, alternatively, directly by the complainant.

The Ombudsman will normally consider whether the local authority has had an opportunity to consider the complaint under its own in-house complaints procedure. If not, then the Ombudsman will usually ask for the local authority to endeavour to settle the complaint locally in the first instance. If the

complainant is dissatisfied with the outcome, the Ombudsman will then decide whether or not to investigate the complaint.

## **5. Council Meetings – Public Question Time**

At each Council, Cabinet or Committee meeting, a period is set aside to facilitate questions from members of the public in relation to those matters which fall within the purview of the Council. For the Council meeting this is 15 minutes, for all other meetings it is 30 minutes. There are a limited number of exceptions in terms of the nature of questions which can be asked (detailed in Council Procedure 10.2 at Part 4 of the Council’s Constitution) such as requiring confidential information or not being a matter affecting the Borough.

A question to the Council meeting must be relevant to the functions of the Council and the questions to relevant Committees of the Council must be relevant to the Terms of Reference of those Committees.

If a verbal answer is not given at the meeting, a written copy of the reply will be sent to the person asking the question within five working days of the meeting.

Individuals who wish to ask a question at a Council meeting **MUST** give notice, in writing/via email/via social media in accordance with the deadlines specified in the Constitution –

- Council Meeting – by 12 noon on the day prior to the meeting;
- all other meetings – 12 noon two working days before the date of the meeting.

## **6. Access to Agenda Papers and Rights to Attend Meetings**

An individual’s rights to access Agenda papers, reports open to public inspection, and to attend meetings of the Council are enshrined in statute.

The Access to Information Procedure Rules at Part 4B of the Council’s Constitution spell out clearly the principles and legislation underpinning public access rights.

Copies of the Agenda open for public inspection are available at the Civic Centre, Oldham and on the Council's website from five working days preceding the meeting (Access to Information Procedure Rule 4.2 applies).

Contact Officers: Constitutional Services – 0161 770 5151

## **7. Planning Committee – Planning Applications – Public Access**

The Planning Committee, in considering and determining planning applications which fall within their purview, provide an opportunity to members of the public to speak in support of, or in opposition to, a particular planning application.

Similar to the Public Question Time forum, individuals are allowed a maximum of three minutes to speak. Only one person is allowed to speak in support of, or in opposition to, each application.

Requests are dealt with on a “first-come first-served basis”. A formal protocol has been drawn up which clearly illustrates the Council's procedure in this regard (and is contained at Part 8 Appendix 2 of this Constitution).

Contact Officer: Constitutional Services – 0161 770 5151

## **8. Standards**

An individual has a right to complain, in the first instance, to the Council's Monitoring Officer concerning the conduct of elected Councillors.

## APPENDIX 2

### Protocol for Planning Committee meetings

#### 1. Referral procedure for planning applications by Ward Councillors

- 1.1 This procedure relates to planning applications only and not any other planning matters which are delegated to the Deputy Chief Executive (Place).
- 1.2 All Members will receive a dated weekly list of planning applications registered. The list will categorise applications by Ward, and an initial assessment of the level at which the decision will be taken – Officer or Planning Committee.
- 1.3 Applications and development proposals vary in their complexity, and some are particularly contentious and generate considerable local interest. A Ward Member can request that a planning application be considered by the Planning Committee. In order to satisfy the requirements for a fair and transparent Development Management service and to ensure that performance targets are not compromised, any request by a Member for an application to be referred to Committee should be made in accordance with the following procedure:
- 1.4 A Member for the Ward within which the application site is located, or an adjoining ward upon which the application has a significant impact (meaning valid planning reasons or significant local interest), may request that such an application be determined by the Planning Committee. Any requirement so made shall be called “a referral”. In order to make a referral, a Member must make a written submission (which shall be by email) to the Assistant Director for Planning, Transport & Housing Delivery within 21 days of the date shown on the relevant weekly list.
- 1.5 Referral requests must state the reasons why there is need for a committee decision, making reference to valid planning reasons and the significant concerns or potential significant impact of the development. Valid planning reasons must be given; stating which of the requirements (a-d) set out below are being met.
  - a) issues relating to highways, including access/visibility problems,
  - b) the design, scale, character and/or relationship of existing buildings and proposed buildings,
  - c) the effect of the proposal upon the character or amenity of adjoining land and buildings and/or the impact on the surrounding area, and/or
  - d) there are significant policy or precedent implications.

- 1.6 The Assistant Director for Planning, Transport & Housing Delivery will, in consultation with the Chair or Vice Chair of the Planning Committee confirm or reject the 'referral' based on the significance of the development and validity of the planning reasons.
- 1.7 In accordance with good practice, Members requesting a call-in should attend the Committee meeting. However, if not available, a nominated substitute Ward Member is permitted to attend and should notify the Constitutional Services Officer accordingly as soon as possible after the Committee agenda is published, and prior to the meeting.
- 1.8 Where a member of the Planning Committee has referred an application to Planning Committee, they should step-down from Committee for the meeting in which that application is considered, with a substitute nominated to take their place on Committee. The member is then able to speak as a ward councillor on the application.

## **2. Procedure for considering planning applications at Planning Committee**

- 2.1 The Committee Agenda will include a report on each application which sets out all material considerations and the Officer's recommendation. Members of the Committee are, therefore, already aware of the relevant issues for any application at a Committee meeting.
- 2.2 The Planning Officer will introduce the report and a Supplementary Late Information List will report any matters that have arisen since the publication of the report, for example, the receipt of further letters or proposed new / amended conditions.
- 2.3 The Chair will invite the objector or a representative of the objectors (if any) to speak. Members may ask questions of the objector or representative of the objectors to clarify any points that have been made.
- 2.4 The Chair will invite the applicant or a representative of the applicant to speak in support of the application and on issues raised by objectors. Members may ask the applicant or a representative of the applicant to clarify the proposals or their response to the objections.
- 2.5 Ward Councillors not on the Committee may speak on applications affecting their Ward at a meeting of the Planning Committee. Members may ask questions of the Ward Councillors to clarify any comments they have made.
- 2.6 The Planning or other Officers (as appropriate) will be invited to comment on issues raised by the speakers.

- 2.7 The Committee will then debate the issues and may ask questions of the Planning and other Officers and make a decision on the application (see below).
- 2.8 On occasions, an application may be deferred by Committee without debate of the issues, for example because further information is awaited. In such cases, speakers will not be permitted to address the Committee until the application is debated at a future meeting. Speakers will be notified of the date of the meeting which will determine the application. If the Committee defers an application after hearing from a speaker or speakers, for example to carry out a site visit, no speaker, apart from Ward Members, will be allowed to address the Committee at a subsequent meeting considering the application unless the application has been materially altered. Speakers will be notified in writing of the determination of the application.
- 2.9 Members of the public are not allowed to take part in the debate and may not question Members, Officers or applicants whilst the Committee is determining the application. No documents, photos or other material may be circulated by the applicant, objector or Ward Member (as appropriate) at the Committee meeting.
- 2.10 Anyone registered to speak on an application arriving after the application has been dealt with will not be allowed to speak on that application.

### **3. Decisions by Planning Committee**

- 3.1 Having regard to the fact that decisions on planning applications are made in the public arena, Members of Planning Committee should conduct their business in a fair and sensitive manner. The debate on a planning application should be confined to the planning merits, or otherwise, of a development proposal.
- 3.2 The following principles should be observed when planning applications are determined.
- i) a party whip should not be applied on a planning application ;
  - ii) it is for Members as individuals to balance the proper planning considerations in order to reach their own judgement on a planning proposal on the basis of information before them;
  - iii) it is wrong for a Member to vote on a planning application without coming to a properly balanced judgement on the basis of proper planning considerations.
- 3.3 The Council has a duty to process applications without undue delay. Applications should not be deferred as a delaying tactic or to put off making a decision because of the number of objectors at a meeting or because of uncertainty in the face of opposing parties being present at the meeting.

3.4 Decisions taken by Committee should be open and transparent in the sense that any fact or document which Committee takes into account in coming to a decision should be a matter of public record.

#### **4. Consultation with Chair, Vice-Chair and Opposition Spokesperson of Planning Committee**

4.1 There will be occasions when the Planning Committee has considered an application but is not able to issue a final decision because all statutory obligations have not been fulfilled. It is anticipated that referrals of this kind will be used infrequently.

4.2 In these cases, and at the Committee's discretion, the decision may be delegated to the Assistant Director for Planning, Transport & Housing Delivery in consultation with the Planning Committee Chair, Vice-Chair and main opposition spokesperson.

#### **5. Planning Committee decision contrary to officer recommendation**

5.1 In determining planning applications, Planning Committee is entitled to decide the weight to be attached to the various planning considerations relevant to the application. This could lead to a decision being taken contrary to the recommendation of the officers. In these circumstances, it is essential that the reasons for the decision are clear in the minds of the Committee members, and that they are valid and reasonable planning reasons.

5.2 Where the Committee is considering a motion to make a decision contrary to officer's recommendation (whether for approval or refusal), the reasons for the recommendation shall be made clear at the meeting prior to the Committee voting on the motion and a detailed minute will be made. The officer shall also be given the opportunity to explain any implications of the contrary decision before the vote is taken.

5.3 As part of any motion for refusal of a planning application against officer recommendation, a member of the Committee must be put forward to represent the Council at any subsequent appeal of the decision should the motion be carried and planning permission refused.

#### **6. Public Question Time and Public Participation at Planning Committee**

- 6.1 This paragraph explains how the public may ask questions of the Planning Committee and how applicants for planning permission and other persons who may be affected by a proposed development may speak to the Committee.
- 6.2 The agenda for each meeting is open for public inspection at the Civic Centre Entrance (Rochdale Road) and at Access Oldham (Cheapside Entrance) (when accessible) and on the Council's website from five working days preceding the meeting.

### **Public question time**

- a) The Committee will consider questions relating to general planning issues and procedures but NOT about individual planning applications or enforcement matters.
- b) Questions must be submitted in writing to Constitutional Services no later than 12.00 noon, two days preceding the meeting (excluding Saturdays, Sundays and Bank Holidays).
- c) The Chair, or some other person at the request of the Chair, shall read out the question.
- d) A Member of the Committee may speak to any question, then the Chair of the Committee will give a verbal response to the question(s) at the meeting. The Chair's response will be confirmed in writing within five working days of the meeting.
- e) Questions regarding individual matters should be addressed to the Council's Planning Officers in the first instance.

### **Consideration of planning applications by the Planning Committee – public participation**

- 6.3 The definitive lists of applications for consideration by the Committee will be completed five working days before the meeting. Please contact Constitutional Services to find out if your applications is on the list of applications to be considered. If it is listed, please advise the Constitutional Services Officer if you wish to speak stating whether you support or object to the proposal. Requests to speak must be received no later than 12:00 noon on the day of the meeting.
- 6.4 Procedure Notes to all Speakers:
- a) The number of speakers will be limited to two, namely an objector or a representative of the objectors, and the applicant or a representative of the applicant. A Ward Councillor may also speak on an application in their ward.

- b) It is important to inform Constitutional Services as soon as possible if you wish to speak to the Committee since only the first person to do so will normally be invited to speak.
- c) Speakers will be allowed to speak for up to 3 minutes to state their case. This time period will be strictly enforced. Speakers should make comments only, and not ask questions of officers or Committee Members.
- d) Where there are a number of objectors, a representative should be nominated to speak, failing which the first person to have informed Constitutional Services of a wish to speak, will be invited to speak to the Committee.
- e) The public speaking procedure does not allow electronic video presentations or distribution of letters/statements/photographs, etc. to Members of the Planning Committee immediately before or during the meeting.
- f) Ward Members will be allowed to speak for up to 5 minutes and should make comments only and not ask questions of officers or Committee Members.

## **7. Training for Planning Committee Members**

7.1 All Members of the Planning Committee shall undertake training on the following matters before serving on the Committee:

- An Overview of the English Planning system
- The Determination of Planning Applications
- The role of Planning Committee and its members in determining planning applications
- Matters of Predisposition and Predetermination
- Planning Committee procedures

7.2 Other voluntary training sessions may from time to time be arranged by Officers to ensure Members are fully briefed and trained on any changes to legislation or procedures, or on particular planning-related matters that officers consider would be beneficial for Committee members.

## **8. Lobbying, Predetermination and Bias**

8.1 It is important that Members deciding planning applications should not put themselves in a position where they could be seen to have made their minds up on a particular planning issue before the Committee (predetermination). Lobbying is a normal and perfectly proper part of the political process, but how members of the Planning Committee respond to such lobbying in relation to a development proposal that is, or is likely to be, subject to a planning application must be considered carefully to avoid predetermination.

8.2 Section 25 of the Localism Act 2011 states that prior indications of a view of a matter does not amount to predetermination in the following situations: “(2) A decision-maker is not to be taken to have had, or to have appeared to have had, a closed mind when making the decision just because- (a) the decision-maker had previously done anything that directly or indirectly indicated what view the decision-maker took, or would or might take, in relation to a matter and (b) the matter was relevant to the decision.” This is the present position in law, so whilst Members are entitled to express a view in relation to an application, they should indicate they still have an open mind in relation to an application until they have had the opportunity to consider a Planning Committee report and heard all of the views on an application at Planning Committee, and that the final decision in relation to the application can only be made by Planning Committee.

8.3 Lobbying of Members for their support in relation to development applications is likely to come from applicants or their agents, or other interested third parties (e.g. landowners) looking for support for a proposed development and / or local residents or other third parties objecting to a proposed development

8.4 To avoid the appearance of bias and predetermination the following is recommended for Planning Committee members:

- a) Members should avoid expressing an opinion which may be taken as indicating that they have already made up their minds on an issue before they have the benefit of all the evidence and arguments. This may include comments made during debates in any other Council meetings or committees where future projects are being discussed.
- b) Members should never indicate the likely decision on an application by Committee or otherwise committing the Council .
- c) Members should restrict themselves to giving procedural advice, including the Council's public consultation arrangements and how representations can be made.
- d) Members should refer any approaches to Planning Officers and/or where considered appropriate, and possible, direct the lobbyist to another Member of Council not on Planning Committee.
- e) Where a Member receives written representations, documents or other information directly in relation to a planning application under consideration, or a prospective application, a copy of the correspondence, documents or information should be passed to the Planning Service in order that they can be included in the Committee Report. When this is not possible due to timescales, the Member should present the representations, documents and information at the Committee meeting.

- f) Members should make it clear that they will only be in a position to make a final decision after having heard all the relevant evidence and arguments at the Committee meeting. The Committee report may well contain issues previously unknown to the Councillors. Also, further aspects affecting the decision can arise during the discussion or through public speaking rights at the meeting, which were not previously evident.
- g) Members of the Planning Committee or other decision-making Committee should not organise support for, or opposition to, a planning application, adoption of a policy or any other planning related issue, or seek to lobby other Members or act as advocate.

8.5 Members should report instances of significant or persistent or inappropriate lobbying, particularly from an applicant or their agent, to the Monitoring Officer.

8.6 No Member of Council should state, or give the impression, that he/she is able to secure a particular outcome on a planning application.

8.7 A Member sitting on the Planning Committee who represents a ward affected by a planning proposal may be in a difficult position, particularly if it is a controversial application. If a Ward Member responds to lobbying by going public in support of a particular outcome it will be difficult for that Member to argue convincingly when Committee makes a decision that he/she has carefully weighed up all the evidence and arguments presented.

8.8 Whilst not amounting to an interest, that Member would have prejudiced their position in the decision-making process on that application.

8.9 Any Member of the Planning Committee who responds to lobbying by going public in support of a particular outcome on a planning application prior to a Committee meeting should make an open declaration at the meeting at which the application is considered and not vote on the issue. The Member may seek to address the meeting on the same basis as a non-committee member.

8.10 This could be seen as a restriction on the Councillor's wish, and duty, to represent the views of the electorate. The situation therefore underlines the advice earlier in this section, that Members should await the presentation of all the evidence at a Committee meeting before making a final decision.

## **9. Discussions/meetings between applicants, the Council and local communities**

9.1 Discussions and meetings between potential applicants or their agents and the Council prior to the submission of an application, are encouraged and can be of

considerable benefit to both parties. Typically, this is done through the pre-application advice service which the Council's Planning Service offers. Unless the applicant waives their right to confidentiality, these pre-application discussions with officers are held in confidence. This is because part of the purpose of such a service is to enable a prospective purchaser or developer to air ideas and possible proposals in a "safe space", before they settle on a preferred development option to include in a planning application. Keeping such discussions in confidence can be helpful, for example, where a developer has an option on acquiring land, or is in competition to acquire it and disclosure of proposals could prejudice a negotiating position. The role of the Planning Service in these discussions is, without prejudice to any decision of the Council, to explain and interpret the relevant policies which will apply to a proposal.

- 9.2 Through the pre-application advice process, officers may give an indication of the recommendation which is likely to be made on any subsequent application if the proposals are taken forward, particularly in the light of the provisions of the adopted Development Plan. It will always be made clear to the applicant that this does not bind the Council to making a particular decision, whether the decision on any subsequent planning application is to be made by Planning Committee or will be a delegated officer decision.
- 9.3 In many cases, and particularly major or complex proposals, developers will seek to share their proposals with the public and the Council before making a planning application. This allows developers to inform the public at the earliest opportunity and undertake meaningful community engagement and to inform and shape development to meet community aspirations and address policy requirements.
- 9.4 Early discussions with officers and, in appropriate circumstances, with relevant Members about significant future development proposals are therefore encouraged, provided that they do not become, or are seen to be part of the lobbying process. Guidance on these issues has been published by central government and the Local Government Association.
- 9.5 In order to avoid such problems, any meetings and discussions with potential applicants, or their agents, should take place within the guidelines set out below:
  - a) It should always be made clear at the outset that the discussions will not bind the Council to making a particular decision and that any opinions expressed are provisions and are not those of the Council. Officers and Members should clearly explain at the outset their role.
  - b) By the very nature of such discussions, not all relevant information will be to hand, and in the case of pre-application discussions, no formal consultations with interested parties will have taken place.

- c) Any advice made by officers should be impartial and based upon the Development Plan and material planning considerations.
- d) A written note should be made of any discussion/meeting and placed on the appropriate file. Where a developer prepares a note of the meeting, this should be checked for accuracy and retained on file, and the developer informed in writing of any material inaccuracies.
- e) A follow up note or letter should be sent following any potentially contentious meeting or a meeting involving a number of issues or where documentary material has been left with the Council.
- f) Care should be taken to ensure that advice is impartial, and seen to be, otherwise a subsequent report could appear to be promoting a particular view. No indication should be given at the pre application stage as to what recommendation will be made when the application is submitted.
- g) Under no circumstances should Members arrange to meet applicants/agents or third parties for the purposes of a site inspection.

9.6 Where councillors are involved in meetings with developers the following additional requirements will apply:

- h) Community engagement about a specific development proposal is often best undertaken by the prospective developer at the pre-application stage. This will generally be considered when a developer is certain of making an application and wishes to inform the community and canvass opinion about the proposals, so these may be taken into account in the submitted scheme. It is not normally the role of the Council or any councillor to organise this engagement. However, if a councillor did decide to organise such a pre application meeting, the developer should be invited as well as the public and the purpose should be clear that it is to obtain information and views from both sides. In certain cases, it would also be advisable to invite relevant consultees.
- i) Members who wish to engage in such preliminary discussions should notify the Planning Service in writing so that their involvement can be recorded on the relevant planning file.
- j) It is however important as community representatives, that Members should be able to participate and meaningfully contribute at this stage of the process, when developments are being formulated. Care will however need to be taken so that a participating councillor is not seen to have prejudged the proposal if they are intending to sit on the Planning Committee when the resulting application is submitted for determination. Any consultation process should be transparent and maintain the probity of the process. The role of a councillor who wishes to take part in any future Committee debate on the application is

different from that of a community leader, in that it must be more passive and independent, due to the constraints of the planning process, and the need to maintain probity. This role is one of facilitation, of bringing the two sides together to exchange information and views. The councillor could even articulate the views of the community, without being prejudiced, providing it was made clear they did not necessarily hold those views and would only make a judgement as and when the application presented to Committee for consideration, along with all the accompanying Officer advice and information. If, however, the councillor takes a more active role in promoting or opposing a development, an interest must be declared.

- k) When councillors take an active role in preliminary discussions/community engagement exercises, it is recommended they provide a written note of this to the Planning Service, in order this is retained on the planning file. This should also be reported to Committee.
- l) Where a councillor sitting on the Planning Committee, which would determine any proposal once it is submitted, decides to participate in a community engagement exercise, and has expressed a particular viewpoint, which could be seen as prejudicial or having formed a view on the application, the councillor must declare the interest and leave the room whilst the application is determined, unless they decide to make representations to the Committee under the normal public speaking arrangements. This involvement should also be minuted.

9.7 The same rules apply to meetings and discussions once a planning application has been made.

## **OVERVIEW AND SCRUTINY COMMITTEES**

### **PUBLIC QUESTION TIME AND PUBLIC PARTICIPATION**

The Agenda for each Overview and Scrutiny Committee is open for public inspection at the Civic Centre, Oldham and on the Council's website from five working days preceding the meeting (Access to Information Procedure Rule 4.2 applies).

The public may ask questions of an Overview and Scrutiny Committee provided that Notice of the question and/or comment must be delivered to Constitutional Services no later than two days preceding the meeting (excluding Saturdays, Sundays and Bank Holidays). Delivery includes the submission of questions via electronic media. The notice of the public question/comment must include the questioner's name and full postal address.

Questions must relate to the Committee's remit and the Council's Constitution also allows the Monitoring Officer to refuse certain questions. You will be advised if this is the case and the reason for refusal in writing. (Council Procedure Rule 10.2)

Questions which are relevant to the remit of the Committee generally will be considered under the Public Question Time item. The Chair of the Committee will give a verbal response on behalf of the Council to the questions at the meeting, either immediately following the question being put or at some other time during consideration of the item. The Chair's response will be confirmed in writing within five working days of the meeting.

The Chair may, at his/her discretion, make prior arrangement for a questioner to participate in further discussions on the item.

#### **Consideration of multiple questions**

If more than one question is submitted by the same questioner, the second question shall be taken following questions submitted singly, which shall then be followed by second questions and so on until all questions have been dealt with or the time allowed has expired. Subject to the above, all questions will be taken in order of receipt unless the questioner consents otherwise.

**Public Question Time**

Public question time, considered in total across both the Public Question Time item and across specific agenda items, will be limited to 15 minutes. The time allowed for responses is limited to a maximum of two minutes each.
