2 APOLOGIES FOR ABSENCE

Apologies for absence were received from Councillors Akhtar, Iqbal, Jackson and Woodvine.

3 URGENT BUSINESS

The Committee were advised of one item of urgent business.

The Committee was informed that on Monday 17 August 2026 the government published its revised National Planning Policy Framework (NPPF) which superseded, with immediate effect, the version of the document referenced in reports contained within the planning committee agenda papers.

Planning law required that applications for planning permission be determined in accordance with the development plan, unless material considerations indicate otherwise. The national decision-making policies in the revised NPPF were a material consideration in making those decisions and should be read alongside the policies in the development plan.

Each planning application that features on the agenda had been reviewed having regard to the newly published NPPF, and a Late List entry for each application was provided in the Late List.

4 DECLARATIONS OF INTEREST

There were no declarations of interest received.

5 PUBLIC QUESTION TIME

A public question had been received from Matthew Broadbent:

“At the full council meeting in December, I submitted a question regarding the Planning Inspectorate's decision to award costs against Oldham Council for "unreasonable behaviour", for failing to meet the various deadlines to submit paperwork to them, regarding the planning committee's decision to refuse permission to a Battery Energy Storage System at Medlock Road in Failsworth. The Mayor requested an update at the next council meeting, but it was not forthcoming. Will the council explain why it didn't request a routine extension to the deadline in order to submit the necessary paperwork, and how much was awarded against Oldham Council?”

The following response was provided:

“The planning application was considered under reference FUL/353405/24 and proposed the installation and operation of a 30 Megawatt Battery Energy Storage System (BESS), together with access arrangements and associated infrastructure, on land to the south-east of Medlock Road, Failsworth.

The application was recommended for approval by officers but refused by the planning committee in April 2025 on the basis that the benefits of the proposal had not been demonstrated to clearly outweigh the identified impacts.

During the subsequent appeal process, the Local Planning Authority submitted the appeal questionnaire, committee report, and copies of the representations received in relation to the application. Officers did subsequently request to extend the deadline for submitting the Statement of Case, but the Planning Inspectorate declined that request.

Notwithstanding this, the Statement of Case could only have addressed the committee's reason for refusal and sought to explain that position to the Inspector. The reason for refusal was already a matter of public record and, in allowing the appeal, the Inspector concluded that the reason for refusal was unreasonable.

Furthermore, the Inspector made clear in their costs decision that the principal reason for the award of costs against the council was the unreasonable nature of the reason for refusal itself. The agreed costs award amounted to £12,826.95.”

6 **MINUTES OF PREVIOUS MEETING**

RESOLVED that the minutes of the meeting held on 8th July 2026 be approved as a correct record.

7 **FUL/355703/26 - 45 - 49 RIPPONDEN ROAD, OLDHAM, OL1 4EW**

APPLICATION NUMBER: FUL/355703/26
