In brief, the majority of work remains paused, with the exception of immunisations and a report on this topic can be brought to the October meeting. 	Over the Counter Medicines Review	Task and Finish Group.		Issue identified by Committee, March 2019. An initial scoping meeting convened but cancelled. The issue and possible scheduling would need to be further discussed with the CCG before seeking confirmation of progression from the Committee.

Current priorities are at an operational level, working through the relocation of staff as they have been supporting other nursing priorities and then catching up with those who may have been Continuing Health Care eligible through this period, once the pausing of activity (via a national directive) is lifted. An updated timescale will be provided in due course.
	Infant Mortality and Child Death	Task and Finish Group		Raised as an issue of concern from the Oldham in Profile, Business Intelligence Report April 2019 - Children and
