To whom it may concern,

I am writing in support of Shaw Cricket Club's application to extend their licensing hours.

Both our two sons play for the Club's cricket team and they have done so since they have been 11 and 12 years old. (they are both now 18 and 19 years of age)
They spend a great deal of time at the club both playing cricket, training and also as a safe social club enabling them to relax and enjoy time with like-minded friends young and old.

We have seen very recently as the club has extended the size of the premises the popularity of this venue has increased. Alongside this it has gained very good reputation as a safe and special place to hold celebrations such as christenings, small weddings, Pilates and special birthdays to name just a few. As you will appreciate this brings in valuable and vital income for the club. This of course is needed as running costs have spiralled and the additional income

1

is used to reinvest in the club to secure its future survival and also invest in improving the facilities for the ever-growing junior section.

Therefore, we would really appreciate if you could extend the hours that the licence covers at the current time. as the past two years, have been very challenging financially due to covid and lock-down.

The community of Shaw would also support and welcome the continuation of a safe, friendly and family orientated local venue to hold celebrations but we need to ensure we can compete with other venues who have additional licensing hours.

Thank you for taking the time to read our supporting letter.

Maureen and Leonard Russell
