HSG-11-21 New!	Strategic Housing Land Availability Assessment (SHLAA) - 2021 update	Director of Economy	December 2021	Cabinet Member - Housing (Councillor Hannah Roberts)
<p>Description: The SHLAA is a technical document identifying land that might have potential for housing at some stage in the future, as required by the National Planning Policy Framework (NPPF). NPPF states that a housing assessment should be used to establish realistic assumptions about the suitability, availability and the likely achievability (economic viability) of land to meet the identified housing need. This then determines whether a site could form part of the housing land supply and, if so, when it is expected to be developed.</p> <p>As well as providing evidence for the housing land position, it will inform the Local Plan review and provide data for the Brownfield Land Register update.</p> <p>The base date of this SHLAA is the 1 April 2021. This SHLAA provides the annual update to the previously published SHLAA (as at 1 April 2020), published in January 2020.</p> <p>Finally, the SHLAA discusses the latest housing requirements and whether we can demonstrate that there is enough land in the five-year deliverable housing land supply to meet requirements.</p> <p>Document(s) to be considered in public or private: Strategic Housing Land Availability Assessment (as at 1 April 2021) and associated appendices. The SHLAA will also be accompanied by an online map.</p> <p>All documents will be made publicly available on the council's website.</p>
