

CAPITAL INVESTMENT PROGRAMME 2022/23

Quarter 1 - June 2022

1 Background

- 1.1 The original capital programme for 2022/23 reflected the priorities outlined in the capital strategy as approved at Cabinet on 14 February 2022 and confirmed at the Council meeting on 2 March 2022.
- 1.2 The position as at 30 June 2022 is highlighted in this report but as the year progresses the outturn projections will reflect the evolving position.
- 1.3 For the remainder of the financial year, the programme will continue to be monitored and revised to take account of any new developments and changes in the profile of planned expenditure.

2 Current Position

- 2.1 Table 1 below shows the capital programme for 2022/23 to 2026/27 and reflects the priorities outlined in the capital strategy as approved at Cabinet on 14 February 2022 and confirmed at the Council meeting on the 2 March 2022.

- 2.3 Following the 2021/22 Month 9 report which was approved at Cabinet on 21 March 2022, the 2022/23 Capital Programme was revised to reflect anticipated reprofiling. Forecast expenditure for 2022/23 was increased to £113.065m. Taking into account the 2021/22 outturn adjustment of £5.461m and months 10 to 12 approved movements of £3.505m, this produced a revised budget of £111.109m, as presented in table 3. Following a detailed review of the capital programme in June 2022, it is suggested that a further £32.414m of planned expenditure is reprofiled into future financial years. Further detail of the proposed movements is contained in Appendix F. Assuming all the movements are approved it would leave a revised budget of £78.695m.

2.4 Given that this is the position as at Quarter 1 and in view of the current challenges being faced including recovery from COVID-19 and the economic position, there must remain an element of uncertainty about the forecast position: that said the forecasts are based on the latest and most up to date information. A further breakdown of the 2022/23 Capital Programme (Table 3) on a service by service area basis is shown at Appendices A to H and the detailed breakdown of proposed virement/rephasing, both expenditure and financing, is shown in Appendix I.

2.5 Actual expenditure to 30 June 2022 was £6.787m (8.62% of the proposed forecast outturn). This spending profile is lower than in previous years. The position will be kept under review and budgets will be managed in accordance with forecasts.

Re-profiling of the Capital Programme

2.6 The revised capital programme for 2022/23 to 2026/27, taking into account all the above amendments in arriving at the revised forecast position, is shown in Table 4 together with the projected financing profile.

- 2.7 Following the approval of the Capital Strategy in March 2022, a number of year end adjustment and new approvals have taken place. This leaves the revised 2022-2027 capital programme at £357.225m, an increase of £9.838m, which is broken down in the table below.

- 2.8 The revised Provision for Emerging Priorities for 2022/23 to 2026/27, taking into account all the above amendments is shown in the table below:

Table 6 - Provision for Emerging Priorities

Provision for Emerging Priorities	-	2,680	2,050	836	1,885	7,451

Capital Receipts

- 2.9 The capital programme requires the availability of £2.840m of capital receipts in 2022/23 for financing purposes. This includes £2.500m to support transformational activity in the General Fund using the flexibility allowed by Government (section 9 in Annex 1). The current usable capital receipts forecast in year is £5.625m, a projected surplus of £2.785m. The total net usable capital receipts currently received in year is £1.364m, the first call being the £2.500m outlined above.
- 2.10 The capital receipts position as at 30 June 2022 is as follows:

Table 7 – Capital Receipts 2022/23

	£000	£000
Capital Receipts Financing Requirement		2,840
Usable Capital Receipt b/fwd.	-	
Actual received to date	(1,364)	
Further Required in 2022/23		1,476

(subject to rounding – tolerance +/- £1k)

- 2.11 Given the significant value of receipts needed to finance the capital programme in this and future years it is imperative that the capital receipts/disposal schedule is adhered to. This is monitored at the monthly Capital Receipts meeting and will be subject to on-going review throughout the year. It is of course recognised that the pandemic has had an impact of business/economic activities making capital disposals more challenging.
- 2.12 The Capital Strategy and Capital Programme 2022/27 introduced an expectation of the level of receipts that is anticipated in each of the respective years and therefore an estimate as to the resultant level of over or under programming in order to present a balanced budget. The position as at 30 June 2022 is illustrated in the table below:

Table 8 – Capital Receipts 2022/23 to 2026/27

Capital Receipts	2022/23 £000	2023/24 £000	2024/25 £000	2025/26 £000	2026/27 £000
Capital Receipts Carried Forward	-	(2,785)	(1,188)	1,014	2,014
Estimated Capital Receipts	(4,261)	(1,325)	-	-	-
Received in year	(1,364)				
Total Receipts	(5,625)	(4,110)	(1,188)	1,014	2,014
Capital Receipts Financing Requirement	2,840	2,922	2,202	1,000	1,000
Over/(Under) programming	(2,785)	(1,188)	1,014	2,014	3,014

(subject to rounding – tolerance +/- £1k)

- 2.13 The most recent projection, as per the table above shows a reducing balance of surplus receipts and indicates a potential shortfall in the last three years of the programme. However, it is prudent to retain the current programme and review this during the course of the current year.

Annual Review of the Capital Programme

- 2.14 In accordance with previous practice, there will once again be a review of the capital programme over the summer months (the Summer Review). This will examine any further opportunities to reallocate, decommission or reprofile resources. It will also include an in-depth analysis of capital receipts which may lead to opportunities to increase resource levels to support new projects or provide an alternative to prudential borrowing.

3 Conclusion

- 3.1 Whilst the current projected position is showing the outturn to match the budget, a detailed review of the capital programme (the Annual Review) is being undertaken to establish if there are any surplus resources that can be realigned or any further re-profiling required. It is therefore likely that there will be some further rephrasing across all years to reflect the current developments relating to individual projects/schemes.
- 3.2 The capital programme is being continually monitored and is reported to Members on a regular basis.
