

# Health Improvement Highlight Report

September 2022

Update for:	Health and Wellbeing Board	Period Covered	April – September 2022
-------------	----------------------------	----------------	------------------------

Work area	Priority objectives	Progress this period	Planned activities for next period
Sexual Health and Teenage Pregnancy	Maintain our delivery of high-quality sexual health service including long-acting contraception  Reduce teenage conceptions	A teenage pregnancy needs assessment has been completed and a self-assessment started against the national standards. Pathways have been improved between Family Nurse Partnership and our sexual health services to ensure good contraceptive care to teenage parents.	Complete self-assessment and develop plan to address priorities identified
Healthy Weight and Physical Activity	Establish a Healthy Weight and Physical Activity group to coordinate actions including oral health	Draft terms of reference have been developed Draft Action Plan has been developed for oral health	Hold the first meeting, and agree combined priorities and action plan
Tobacco Alliance	Collaboratively support the strategic vision of making Greater Manchester Smoke Free by 2030. This will include facilitating the local delivery of evidence-based tobacco control work across Oldham to reduce smoking rates, minimise tobacco-related harm and contribute to reductions in health inequalities.	The Alliance is meeting regularly on a quarterly basis  Oldham Tobacco Control Action Plan drafted (which is based on evidence and has strong links to GM and National guidance and priorities). 5 workstreams (sub-groups) identified based on local priorities – <ul style="list-style-type: none"> <li>• Illicit tobacco and enforcement</li> <li>• Alternative forms of tobacco</li> <li>• Communications</li> <li>• Smoke Free homes</li> <li>• Children and Young People.</li> </ul> Oldham has the highest numbers of illicit cigarettes seized across GM, thanks to the hard work of colleagues in Trading Standards  Oldham Smoking Cessation Transfer of Care (CURE/Secondary Care to Community Pharmacy) pilot used as basis for national roll out of NHSE commissioned Advanced Service. Finalist for ‘Provider Collaboration of the Year’ award in HSJ Awards 2022.	To carry out a successful Stoptober campaign  Undertake review of ‘smoke free’ places, including review of all partner organisations policies. Aim to create an Oldham approach, including finalising the Oldham’s position statement on vaping.  To roll out a survey to residents across Oldham to pull together data and insight on prevalence (in particular of alternative forms of tobacco and nicotine) to inform the work going forward.

Healthy Start	Develop and deliver an Infant Mortality Action Plan	An updated intelligence report on infant mortality has been agreed. An evidence review has been carried out to establish priorities. An update has been delivered to the Oldham Safeguarding Children's Partnership and agreement from the partnership to contribute to the work	Hold the first meeting and develop the action plan
Overall Governance	Establish a Health Improvement Group that reports to the Health and Wellbeing Board	Draft terms of reference have been developed,	Hold the first meeting, and develop a reporting structure
