## BUSINESS TO BE PROGRAMMED

Reporting arrangements in respect on integrated commissioning under Section 75 Agreements, to include periodic updates and budget performance, from the Chief Operating Officer/Strategic Director and the Director of Finance respectively, remain to be programmed.

An update from the Chief Operating Officer/Strategic Director on the Urgent Care Review, last reported to the Committee in September 2020 at which the intentions for further developments and the involvement of the public were advised, remains to be programmed.

### **Integrated sexual health service – January 22**

The Committee resolved to consider, early in the 2022/23 Municipal Year, the establishment of a 'task and finish group', comprising Committee members and relevant partners and stakeholders from across the Reproductive and Sexual Health system to carry out an in-depth study around the adoption of a collaborative approach to improving sexual health outcomes across the Oldham Borough. The Director of Public Health has clarified the intent as being for Committee to consider inviting the providers of sexual health services in the Borough to a future Committee to discuss their current offer

and the work they are doing – this might be one of the big providers such as the hospital, or possibly from some of the other service providers that are commissioned.

**RECOMMENDATION** – That the Committee determine whether to receive presentations from individual provider(s) of sexual health services in the Borough, in addition to the programmed progress report.
