Hi Karen,

Just a note to say Ian and Kwabena have been absolutely brilliant in helping us out with the ASC Survey this year. Considering it's not one of their scheduled/expected tasks, I've been incredibly impressed by their attitude and reliability, so just wanted to say well done and thanks to them, and also thanks to you for making them available – it's been much appreciated and we couldn't have done it without them.

Thanks,

Vin
