

Cllr Graham Shuttleworth – Chadderton South Ward

My Ward priorities

To work with residents and groups to achieve the best possible outcome where possible.
Continue to tackle fly tipping which blights our area
To work with our partners who do so much to support others.
To provide a service level that I would expect to receive.

Work in the community

- I ended my Mayoral Consort year in May and it was a great pleasure to have met so many residents, young and old, in many parts Oldham and having seen the wonderful work so many undertake*
- I believe that I have maintained my commitment to work with, support and advise, residents, groups and partners*
- In my report as Chair of the Traffic Regulation Order Panel I made reference to the junior youth club. Well, those juniors have out-grown and I'm delighted to say that there is now a senior club within our ward*
- The cost of living continues to bite and any resident who needs help from myself or my ward colleagues are encouraged to make contact with us. We are there to support you.*
- In addition to my role as a ward councilor, I also undertake duties as follows: District Lead Member for the West District (Chadderton & Werneth); I chair the Traffic Regulation Order Panel; I am a member of the Health & Wellbeing Board, Children & Young People Scrutiny Board; a member of the Home to School Transport and Employment Appeals Panel; Licensing Committee and I am the Council nominee to the Great Manchester Combined Authority Air Pollution Scrutiny Board*
- Some of my allocated budget spend within the ward during 2022/23 is shown below.*

Ward Budget Spend

Project	Amount £
Pooled Projects	2368.36
Bulb Planting in the Thompson Lane area	300.00
