Procuring the Installation of a MUGA and related infrastructure works for Arundel Street Park

Exempt/Confidential Report Please delete as appropriate		No
Key Decision ¹		No

Decision (s) ²

To request approval to procure and award a contract for the installation of a Multi-Use Games Area (MUGA) at Arundel Street Park in accordance with the Council's Contract Procedure Rules.

Reasons for the decision(s)³

The reason for this report is to request approval to procure and award a contract for the installation of a Multi-Use Games Area (MUGA) at Arundel Street Park in accordance with the Council's Contract Procedure Rules.

The MUGA which needs to be installed has already been purchased and supplied by IAE.

As a result of the topography of the site, there are extensive levelling works that need to take place prior to the installation, the levels on site need to be lifted significantly to make this a usable MUGA space. This will be done by introducing a flag on edge curb.

² Brief details of the decision should be inserted. This note must set out the substance of the decision, options considered and the reason for deciding on the chosen option, although care must be taken not to disclose any confidential or exempt information. Please include proposed timescales for commencement and / or completion of implementation as appropriate.

³ Reasons for the decision must be given.

Arundel street park currently has a Striker Goal end with football goal and basketball hoop. By installing sides and a mirrored end this will enable matches to take place and improve the current play offer in the area.

There is a need for a MUGA in the part of the Waterhead ward in which Arundel Street Park is located. This is a heavily built-up area comprised of mostly terrace housing, meaning that a MUGA will be of significant value to this area.

The required installation work will be funded by the Big Local and a LIF bid from Oldham Council.

Options/Alternatives considered ⁴

To not procure the installation of a MUGA with associated groundworks at Arundel Street Park. The MUGA goal and sides have already been purchased, and this would mean that the MUGA would go to waste if not installed at the site. This could mean the loss of the rest of the Funding from the Big Local.
