Wrigley Head Area, Failsworth – Experimental Traffic Management Scheme

Exempt/Confidential Report		No
Key Decision ¹		No

Decision (s) ²

It is recommended that the Traffic management scheme detailed in the schedules at the end of this report be introduced on an experimental basis for a period of 18 months.

Reasons for the decision(s)³

The purpose of this report is to seek approval for the introduction of a traffic management scheme in the Wrigley Head area of Failsworth, under experimental powers, to allow the effect of the measures to be monitored before a decision is made on the scheme remaining in place permanently.

This report supersedes a previous scheme which received Mod Gov approval on 2 January 2023, decision number D4571

¹ If the decision is Key Please use Key Decision Template.

² Brief details of the decision should be inserted. This note must set out the substance of the decision, options considered and the reason for deciding on the chosen option, although care must be taken not to disclose any confidential or exempt information. Please include proposed timescales for commencement and / or completion of implementation as appropriate.

³ Reasons for the decision must be given.

Options/Alternatives considered ⁴

If the traffic management measures described above are not introduced, the alternative option is to leave access along Wickentree Lane and Wrigley Head as it is now, but this will allow the continued use of Wickentree Lane by HGV drivers wishing to access the businesses at Wrigley Head. It is therefore recommended that the experimental traffic management scheme is introduced.

Conflict of Interest declared⁵
