4. Details of association of the above premises with serious crime.

On Sunday 6th April 2025 at 2345hrs, there were 4 separate reports from residents of up to 40 males fighting outside the Anglers Arms, within them calls there was mention of knives being shown/used.

As the calls progressed, the residents were reporting that the males fighting had come out of the Anglers Arms and that 3 persons had been stabbed. Police arrived at 2351hrs and confirmed that one male had been stabbed to the side of his abdomen, The Anglers Arms had to be secured as a scene.

Further enquiries revealed that two other males were at North Manchester General Hospital A&E having been stabbed outside the Anglers Arms.

Four crimes have been recorded (Three section 18 assaults and one possession with intent to supply class A drug) with the location being at the Anglers Arms.

All victims are aged 28yrs, 24yrs, and 23yrs and the perpetrator is in custody awaiting interview.

The one incident took several police patrols on a Sunday evening from 2345hrs to deal with the victims at two different hospitals, scene preservation and house to house enquiries, which meant Oldham did not have sufficient police patrols to service the public for the rest of the evening and into Monday morning.

Three of the four licensing objectives have been undermined; 4 section 18 assault crimes and males fighting causing disorder, residents being woken by the noise and anti-social behaviour from the incident and 3 members of the public being victims of grievous bodily harm.
