

Representation received from Cllr A Cosgrove in regard to 105 Vulcan Street

I am concerned about the times that the shop would be selling alcohol in a residential area and near a local school.

Other shops in the area are open to 9 pm and this works in this community. Derker is currently being supported by the Operation Vulcan policing team after years of increased crime and ASB, we do not want to be adding to the situation by opening a shop till late selling alcohol.

The shop would attract footfall and people gathering in an area of family housing 11pm and midnight this is not acceptable.

Regards Cllr Cosgrove
