Subject: Licensing review

To whom it may concern;

My name is Adrian McLoughlin and my address is 194 Medlock Road Woodhouses.

My house backs on to Woodhouses cricket club and I have lived here for thirty years..

In all this time despite my early reservations I have never experienced any problems or trouble from anyone using the cricket club..

As someone who doesn't (and never has) played cricket I use the club house for a quiet drink on occasion.. The ambience in the club is always friendly with families frequenting the club house.. My daughter graduated last year with a PHD but in her early teens struggled with shyness.. I got her a voluntary job collecting glasses and helping out at the club and it brought her out of her shell.. She now has a high flying job at Rochdale council. I see the sons and daughters of local people also helping out as my daughter did and it gives me a quiet satisfaction knowing these kids are off the street and connecting with people of all ages in a respectful manner.. A few weeks ago my daughter attended the pop concert which where she thoroughly enjoyed seeing local bands performing.. There was no problems from the youngsters who attended and I know I speak for all my neighbours when I say it finished at 10 pm prompt with no issues from anyone. A big pat on the back for the organisers.. We have had many good nights out in the club and also organised a few family parties over the years and would hate to think the licence issue would deprive other families of the use of the club.. I know a lot of parents bring their young children down to play cricket in the summer months and believe it would be a detrimental move to deprive a parent of a quiet drink whilst their kids play..

Yours faithfully

Adrian McLoughlin
