**Subject: Woodhouses cricket club**

To whom it may concern,

I am a resident living local to woodhouses cricket club and I am writing this email in support of them at this difficult time.

In the 30 years I have lived close to the cricket club I have never experienced anything negative from them, and have always had a positive experience when attending the venue.

Over the years we have attended numerous celebrations for family and friends hosted by the cricket club, and we have always found it a very safe and friendly environment.

The cricket club host many community and charity events and is a real hub for local people. They have encouraged anyone alone or lonely to attend events and enabled many to forge new friendships which has been life saving, especially for the older generations throughout Failsworth and surrounding areas.

The cricket matches and training that are on offer for the younger generation is also fantastic, and again a really safe environment for children to have lots of outdoor fun, exercise and social interaction.

At a time where the country is in a cost of living crisis, pubs, clubs and community hubs are all closing down. It surely has to be a time where we try to protect these special places that serve and support the community and beyond.

With being a not for profit organisation it will rely on the income that a licence brings to continue the amazing work and community commitment that they have shown over the years.

It would be a tragedy and devastating loss to so many to lose such an integral part of the local area.

Kind regards  
Marsha Street
