This Council Notes:

- Local councils across England face unprecedented financial pressures after more than a decade of real-terms funding cuts from central government.
- Demand for key services such as adult social care, children's services, and housing support has risen sharply during this period.
- ~~The Liberal Democrats have~~ **This Council has** consistently campaigned for fair funding for local government, recognising that councils are best placed to understand and respond to the needs of their communities-, **including in July 2025 when this council responded to the Fair Funding Review 2.0 in July, after a motion from the administration calling for:**
 1. **The proposed changes to improve funding for councils like Oldham who have a lower tax base, a lower Business Rates base and a higher level of demand for their services.**
 2. **A three-year funding settlement that will support long term planning**
 3. **A level of funding that will ensure Oldham Council can provide the level of essential services needed by Oldham residents.**
- ~~The government's ongoing failure to deliver a fair and transparent local government finance system has led to significant inequalities between different areas, undermining local accountability and the ability of councils to plan for the long term.~~
- **The previous Government failed to deliver a fair and transparent local government finance system. However, the current Labour Government has now committed to delivering a new Fair Funding Formula that reflects deprivation, low council tax base and local need, ensuring greater stability and fairness for councils like Oldham.**

This Council Believes:

- Local government is essential to delivering strong, healthy, and prosperous communities.
- Councils should be properly funded to meet the needs of their residents, and funding should reflect need, deprivation, and local circumstances, not political favouritism or outdated formulas.
- ~~Local authorities should have greater financial autonomy, including the ability to raise and retain more of their own revenue.~~
- **Local authorities benefit from stability, certainty and fair distribution of resources, supported by the Labour Government's move towards multi-year settlements and a funding system rooted firmly in need and deprivation.**
- Investment in prevention and local services saves money in the long term, reduces demand on the NHS and emergency services, and supports local economic growth.

This Council Resolves to:

1. ~~Call on~~ **Write to the Secretary of State for Housing, Communities and Local Government to welcome action taken by** the Government to urgently reform local government funding **by including:**

- a. ~~Introducing a fair funding formula that reflects actual local need and deprivation levels.~~ **The introduction of a Fair Funding Formula that recognises deprivation, need and areas with low council tax bases.**
 - b. ~~Restoring revenue support grant and other core funding streams to sustainable levels.~~ **A commitment to rebuilding a sustainable funding foundation for local government after years of cuts.**
 - c. ~~Providing multi-year settlements to allow councils to plan ahead with confidence.~~ **The move towards multi-year settlements, giving councils the certainty and stability required for long-term planning.**
 - d. ~~Giving local authorities greater freedom to raise and retain local revenue, including through reform of council tax and business rates.~~ **A review of local government fiscal arrangements, ensuring fairness and long-term stability.**
2. Write to the Secretary of State for Levelling Up, Housing and Communities and to local MPs, outlining this council's support for a fair funding system for local government. **and thanking them for their work in resolving this, especially the work of the MP for Oldham West, Chadderton and Royton, who spearheaded this approach as a shadow minister and as the Minister for Local Government.**
 3. **Continue to** work with the Local Government Association (LGA) and other partners to lobby collectively for fair and sustainable funding.
 4. ~~Publicise this motion to residents and local media to raise awareness of the impact of government underfunding on local services.~~
