Dear Carolyn

Re: Funding of community pharmacies

Thank you for recently contacting about the above motion which I am fully in support of.

I know how important local pharmacies are for the community and I am completely against the Government's proposals.

I have been contacted by several constituents regarding this issue have already written to the health Minister on the matter. I also spoke in the Opposition Day Debate about the proposals.

I am fully committed to maintaining a fully funded community pharmacy service and will continue to speak out against any changes.

Yours sincerely
